ANOTHER KENT BOY DOING WELL

The Wall Street Journal dated Monday, December 10, 1928, says:

Election of Henry Davis, of Wilmington, Del., to the board of directors of United States Rubber Co. is the first evidence that the duPont family has decided to take a more active interest in affairs of the company, in which it is believed to have holdings of approximately 250,000 shares of preferred.

In view of the fact Mr. Davis is closely associated with the duPonts in Wilmington, there is little doubt his election is for the purpose of representing them on the board. As long ago as the late fall of 1927 du Ponts were invited by U. S. Rubber officials to become represented on the directorate and ever since then one or two directorships have been in readiness, should the Wilmington family indicate its willingness to take more than a passive interest in the company.

Henry Rogers Winthrop, of Harris, Winthrop & Co., and William Wiseman, of Kuhn, Loeb & Co., were the other new directors elected to the board. Kuhn, Loeb & Co., it is understood, will underwrite the issue of common stock which U. S. Rubber plans to sell to stockholders.

Mr. Davis is the son of Harry Davis, of Still Pond, and president of the Kent County School Board.

OLD KRIS COMES IN HIS AIRPLANE

The reindeers have given place to the airplane. Santa Claus arrived at Chestertown Wednesday in an airship belonging to the Chesapeake Aircraft Company and delighted the hundreds who lined the High street boulevard.

The celebration was staged by the Mercantile Section of the Kent County Chamber of Commerce. Long before the hour set for the beginning of festivities crowds of grown-ups and children were on Chestertown's streets.

Shortly before 11.30 the airplane bearing Santa hoved into sight over High street and directed a course immediately over the main thoroughfare. He dropped envelopes as his plane circled back and forth over the center of the town. There was a wild scramble for these scraps of paper by men, women and children, as each contained the name of a Chestertown store, where if the slip were presented a prize would be given. Some of the boys climbed on top of houses to get these orders.

At noon the parade made its way through the streets of the town. Headed by the Chestertown Volunteer Fire Company band and brought to a close by the late models of automobiles on sale here the parade was a fine affair. Immediately behind the band was a float bearing Santa and one of his many assistants and following this were the floats entered.

Marching alongside of Santa's float was a detachment of Chestertown boy scouts who collected letters to the Christmas gentleman and these were turned over to Mr. Claus.

At the close of the parade Santa returned to the public square and distributed gifts to the thousands of children who had gathered to greet him.

At night a splendid display of fireworks took place in the Park.

The prize for float was awarded to the entry by the Kent County 4-H Calf Club. The winning float depicted the "Spirit of Christmas" and was in the form of a model of an airplane mounted upon a tractor. The first prize of $50 in gold. It was a beauty and characteristic of these hustling boys.

The second prize, $25 in gold, was won by the float of the Chestertown Rotary Club. The Washington College entry won the third prize of $15 in gold and fourth prize of $10 in gold went to thte American Legion.

The judges were Herbert Perkins, A. H. Covey and Robert Crew.

"Full House," a three act comedy, will be produced by the Washington College Dramatic Club, under direction of Prof. J. D. Makosky, shortly after Christmas. Miss Nellie Saunders, of Hurlock, Miss Margaret Jefferson, of Chestertown, and Miss Katherine LeKites, of Chincoteague, Va., will take leading roles. Others in the cast are Misses Hilda Willis, Denton; Geraldine Harwood, Chestertown, and Audrey Sard, Crisfield, and Eric Wood, John Alderson, William B. Usilton, 3rd, Joseph Glackin, William Duvall and James Clough.

W. C. WINS TWO GAMES

Washington College won the first game of their trip, playing Schuylkill College, by score of 49 to 37. Washington put up a fast passwork game and excellent shooting.

Following a decisive victory last Saturday over Philadelphia College of Osteopathy, Washington College tossers left here Thursday morning for the first of a series of three basketball games in Pennsylvania. Thursday the Maryland cage champions engaged Schuylkill College at Reading. The following day Juniata College will bt met at Huntington and Susquehanna dribblers will be played at Selinsgrove the day following.

Following the rapid recovery of Stanley Giraitis, stellar forward, from his recent illness, which threatened to keep him off the floor for several weeks, Coach Tom Kibler believes his output stands more than an even chance of bringing home three victories.

Captain Carrington, always a clever shot, has improved greatly this year and shows even greater form than he displayed last season. Jacobs and Dopson are maintaining their speed and aim at guard, while Usilton and Stevens, both centers, were taken on the trip after their showing in the initial game when both six-footers turned in a bangup game to their credit.

The athletic council awarded letters and white sweaters to the largest number of football men ever given that honor at one time here. Twenty-four veterans received the varsity "W." They are as follows: Captain Marth, Captain-elect Burke, Manager Mahoney, H. Dean, J. C. Mandrell, Usilton' Alexander, Norris, Purcell, Dubin, Stevens, Robinson, Plummer, Phillips, Sherky, Dickinson, Freeny, Griffin, Veach, Dopson, Clemente, Wilson, Badart and Lloyd.

The visiting Osteopathy College basket ball team, of Philadelphia, was defeated in a fast game here Saturday night by the Washington College squad by a score of 33 to 27.

Captain Carrington led the winner by playing a flashy game and leading in the scoring with 13 points.

Washington College got off in front in the opening period and managed to hold on to the lead despite a determined rally by the Quakers toward half time.

Sharp guarding by both Dobson and Jacobs killed off several threats by the invaders.

Both Culbert and Davis stood out for the Osteopathy squad and, in addition to fine defensive play. They managed to drop the ball into the webbing for a total of 16 points.

Miss Lillian Gale, of Rock Hall, was seriously injured in an automobile accident near that town, when a car which was being driven by her brother, Wilbur Gale, turned over, inflicting a number of gashes which required several stitches to close.

Julian G. Cleaver butchered two hogs last week, which were the largest of any killed in that locality this fall. One weighed 710 pounds and the other 570. The two hams from the largest hog weighed 57 pounds each, and he rendered six cans of lard from the two hogs.

George W. Baldwin, local dealer, has received a carload of Maytag washers. This is the largest shipment of its kind ever made on the Eastern Shore. A car contains 75 washers.

Directors of the Betterton Ice and Electric Company have declared a six per cent dividend, payable Saturday.

BIG DAY HERE TODAY IF FAIR

A spectacular triple attraction looms as a possibility in connection with the formal opening and dedication of the new Chestertown Airport this Saturday afternoon, according to Dr. Paul E. Titsworth, president of the Kent County Chamber of Commerce. Efforts are being made to have the giant dirigible, Los Angeles, make the trip from its Lakehurst hangar and fly over the upper Eastern Shore during the aerial circus to be a feature of the scheduled events. The commerce head is in touch with Navy officials to that end as are also Senator Millard E. Tydings of Maryland and Congressman T. Alan Goldsborough.

If weather permits the big dirigible will fly over Chestertown today at 2 p. m., leaving her hangar at Lakehurst and coming directly here.

Should the great ship appear at Chestertown she may have as escorts Colonel Lindbergh and Lady Jane Heath, noted British avitrix who is famed as the holder of altitude records made in England. Her moth plane is now being assembled in New York for a projected American tour and she has already accepted an invitation to appear at the Hebron airport in Wicomico county this month. Communications have gone forward to both famous fliers.

Meanwhile bombing planes from Washington and ships of the fleet operated by the Maryland National Guard, as well as many visiting planes from Eastern airports, are preparing to visit the landing field, one mile from Chestertown on the main Tolchester highway, and take part in the opening meet which will feature machines of all types and sizes.

Following the dedication, which will begin at two o'clock, a regular schedule of freight and passenger trips will be maintained between Chestertown and Logan Field, Baltimore, connecting with all the airlanes in the United States. It is the purpose of the Chesapeake Aircraft Company, Inc., of Baltimore, under direction of which the service will be offered the public, to conduct a flying school, sell airplanes, take aerial photographs and carry on a general aircraft business there. The transportation service already connects with a motor bus route from Tolchester and Chestertown to Eastern Shore points.

C. H. S. GIRLS SHORE WINNERS

The girls field ball team of Chestertown High School are champions of the Eastern Shore of Maryland.

Chestertown, representative of Kent county, earned the right to represent the Eastern Shore by winning the title in that sector in the final game with Stevensville, of Queen Anne's county, 10 to 2. The game was played at Centreville.

Miss Nickerson Stars

Miss Nickerson, center forward, was the leading scorer for Chestertown, with three goals to her credit. Field goals also were added by Miss Brice and Miss Walbert. Miss Tanner shot the only Stevensville goal.

CONGRATULATION

The News extends congratulations to the Chestertown merchants for their beautiful Christmas displays. At no time in recent years have the business establishments, show windows and display cases been more thoroughly and completely attractive. Our earnest wish is that their volume of Christmas business may far exceed even their most ardent expectations.

GOOD NEWS FOR COLLEGE

Last week, the Board of State Aid and Charities approved an annual maintainance appropriation for Washington College of $60,000 for the next two years. It will be remembered that the Board in 1926 recommended $50,000 to which sum Governor Ritchie later added $10,000 a year. Now, the Board of State Aid and Charities increases its grant of two years ago to $60,000.
