REFRIGERATORS
You can get the Best Refrigerator on the market (The Leonard) at cost. Come look them over. Chestertown Ice Plant. a13

STATEMENT OF ROAD BOND ISSUE

On May 11, 1929, a special election will be held at which every qualified voter is entitled to vote for or against pulling Kent County out of the mud this year.

The present allotment of concrete roads for Kent is 2.87 miles a year. Under this plan it will take many years to bring relief to those now living on dirt roads and to those others whose business takes them out over the secondary roads of this county.

There are now 70 miles of county roads under concrete, forming Kent's primary road system; 68 miles, comprising the secondary road system, are in need of a nine-foot concrete surface; 102 miles, or the tertiary system, should be slugged. Since there are 425 miles of road in Kent, some of which are cut-offs and unused roads, the above figures leaves about 127 miles of road for the county to take care of.

As a result of the slowness of the present road program and the increasing imperative need of better transportation facilities, the \$1,000,000 Bond Issue has been authorized during the past session of the Legislature.

Two bills are offered, each depending on the other: The first is the bonding of the county for \$900,000 to lay concrete on the secondary roads; second, is the bonding of the county for \$100,000 to lay slag on the tertiary system.

If the county approves both plans, it should be possible to possess, in not more than two years' time, the very best road system of any county in the State.

The \$900,000 for concrete roads will cost Kent County the interest, only, as the State pays the principle within ten years. The State will pay this amount by the application of the proceeds of the lateral road tax allotted to Kent county. The interest on these bonds will increase the tax rate 22 cents the first year, dropping 2 1/2 cents each year, with an average increase of 11 cents over the ten year period.

The \$100,000 Bond Issue will cost the county the \$100,000, plus interest for a period of twenty years at 5 per cent increase of the tax rate of 5 cents.

The current Legislature empowers our County Commissioners to apply 10 cents of the present county roads tax toward building additional slag roads and will enable the county to construct at least 7 miles a year to the end of ten years there would be, from that source, 70 more miles of slag.

A summary of the program, then, would be: 70 miles of primary roads which are already concrete; 50 miles of 9 ft. concrete on the secondary system and about 120 miles of slag on the tertiary roads, making a total of 240 miles of hard surface roads which will cover every section of the county.

The remaining roads, where the traffic is extremely light, will be kept in repair by the county from the present road fund. The small number of these roads will enable the county to render much better service and keep them in first-class repair, which cannot be done now because of a small amount of funds which have to be spread over a large area.

Washington College Auditorium will be packed on the evening of Thursday, April 15th, judging from recent inquiries concerning tickets for the performance of the Harvard Double Quartette of Harvard University. This musical organization is drawing record attendances at various musical centers throughout the country and is recognized as a highly professional ensemble. Douglas A. MacKinnon, director of the organization will add zest to the program with his group of baritone solos. His voice is well trained, of considerable range, and unusually sympathetic. The performance is being sponsored by the Glee Club and the Orchestra of the College under the leadership of Prof. Kilpatrick and Dr. Livingston.

The first Lacrosse game played by Washington College will take place at Homewood in Baltimore this Saturday.

NOTICE
The Kent County Orphans' Court will meet in extra session on Thursday, April 18, at 11 a. m. in Court Week. By order, Merritt Brice, Registrar of Wills. a13

FOR SALE
House and lot at 200 N. Mill St., 9 rooms and bath, hot and cold running water, gas, and electric lights; two-car garage. Property is in first class condition. Terms reasonable. E. A. Richardson, Chestertown, Md. a13-3t

KENT TRAINS ARE STOPPED

That both Centerville and Chestertown, as well as all other towns on the Centerville-Massey and Chestertown-Massey branches of the Pennsylvania Railroad are scheduled to lose exactly half of their present rail service, was confirmed on Saturday morning by Chief Clerk T. G. Metz, of the Pennsylvania Railroad Company in Wilmington.

The new schedule will become effective Sunday, April 28th, at which time the morning north bound trains from Centerville and Chestertown, and the evening south bound trains to Centerville and Chestertown both will be removed. The new schedule will leave one south bound train to Centerville and Chestertown in the morning and one northbound train out of Centerville and Chestertown in the afternoon.

The tentative schedules was as follows: Leave Townsend, 9.28 a. m.; arrive Centerville, 11.30 a. m.; leave Centerville, 1.57 p. m.; arrive Townsend, 3.53 p. m. On the Chestertown branch the tentative schedule is: Leave Massey, 10.05 a. m.; arrive Chestertown, 11.05; leave Massey, 3.20. The morning north bound trains leave Centerville and Chestertown at present at 7.30 a. m., and the evening south bound trains arrive at 6 p. m. Both are to be removed.

Under the new plan both Centerville and Chestertown will immediately cease to be headquarters for all passenger crews and various other employees engaged in handling trains. Engineers, firemen, conductors, baggage masters, brakemen, mail clerks, hostlers and others it is understood will immediately be removed to Clayton.

Chief Clerk Metz explained that the schedules for the exact hour of arrival and departure of trains are tentative at this time, but that the decision to cut the service in half had been definitely decided upon.

Asked what arrangements would be made for the transportation of mail, Chief Clerk Metz explained that the Post Office Department would be notified of the change in schedules. He could give no information as to how either Centerville, Chestertown, or any of the numerous other towns on the two branches would be served in sending out mail in the morning or receiving mail at night.

Postmaster Smyth stated he had received no official information from the Post Office Department of any contemplated change in mail service.

The new schedule will in no way affect the shipments of milk from cooling stations on either line and it is understood that freight schedules will be maintained about as present.

Officials of the company have no hesitancy in asserting that the situation has been brought about by the constant loss of revenue due to motor car and motor truck competition. Both lines, officials assert, are "heavy loss" operations. They are of the opinion that even with the curtailed service, the operations still will be unprofitable.

The loss of the morning north bound train and the evening south bound train presents a serious problem for Kent county folks, and it is probable that the various communities will join hands in a concerted effort to solve the situation.

WASHINGTON COLLEGE WINS
Washington College opened its baseball season here Saturday afternoon by getting the jump on Shepherd College, 8 to 2. It was also the initial setback for the West Virginians, and, though the visitors bunched their hits in the third frame, scoring Lowe and Rutter, the Eastern Shoremen began battering Main's offerings all over the lot in the next inning when Burke, Jacobs, Giratins and Plummer crossed the plate under a barrage of outfield hits.

Griffin, Purcell and Badart occupied the mound for the local outfit and held the visitors to a few scattered hits. Washington played a tight fielding game throughout.

Most of the M. E. Churches will have new pastors to occupy pulpits beginning Sunday. Let all attend and give hearty support. The preacher is effective in his work in proportion to the co-operation given by the people.

FOR SALE
House and lot at 200 N. Mill St., 9 rooms and bath, hot and cold running water, gas, and electric lights; two-car garage. Property is in first class condition. Terms reasonable. E. A. Richardson, Chestertown, Md. a13-3t

9 JAILED IN CHESTERTOWN

Three white persons, one woman and two men and six Negroes were rounded up here in a raid at four o'clock Saturday morning on charges of violating the local option laws.

The raid was a part of a campaign being conducted by State's Attorney Stephen R. Collins against illicit liquor traffic in Kent County and violations of the county local option law. No liquor was confiscated by Sheriff J. Thomas Hadaway who led the raiding party and Deputy Sheriff Robert E. Lee and Chief of Police Samuel E. Cooper. Those arrested were Andrew Perry, Mrs. Margaret Blackiston, George Blackiston, all white and the following Negroes: William Murray, Sarah Murray, Mary Pryor, Mildred Johnson, Ivory Johnson and Edward King.

One of the prisoners is alleged to have remarked, "I don't know why you didn't get the old woman, she has got a great deal more than we have." Another one said he was being imposed on as this made three times the officers had raided his place!

SCHOOL PLAY A BIG SUCCESS

"The Chimes of Normandy" was given on Tuesday and Wednesday evening last by the Chestertown High School in the Old Lyceum Theatre.

A good audience greeted the young players. The play was a comic opera in three acts and the scene was from a Norman village.

Miss Bryan is to be congratulated upon the success of the affair.

Arnold Willis has purchased of Judge Cochran the farm near Kennedyville known as the back part of the Shrewsbury farm. It contains about 180 acres. Mr. Willis purchased the front part of this tract some months ago from Mr. Johnson.

COL. H. S. BROWN AT THE COLLEGE

Colonel H. S. Brown, President of the Board of Visitors and Governors of Washington College, addressed the College Assembly on Thursday morning at 11 a. m. in William Smith Hall. Mr. Brown was born near Chestertown and graduated with the class of 1900 from Washington College at the age of eighteen. During the past five years, Mr. Brown held the presidency of the United States Leather Company from which office he resigned the first of this year to take up his duties as President of the Radio-Keith-Orpheum Corporation. He has been most active in the work of rehabilitating and reorganizing Washington College and his coming at this time was of great interest to those who are alive to the progress of the institution and realize what Washington means to this section of the country.

Mr. Brown used, as the main theme of his address the young generation, their chances in the business world of today, and what they must do to succeed.

A young man or woman must first of all be honest, with themselves as well as the world. They must be willing to work—always doing something. They must get the facts concerning what they are attempting, and not be satisfied until they have gotten all of the facts. They must live it—and be willing to spend twenty-four hours a day with it. And they must learn as time goes on. Life is really just beginning when one finishes college and each will bring new things to be learned and understood. It is these things, says Mr. Brown, that are necessary if a man or woman is going to be successful.

He also brought out very clearly the fundamental likeness of all the great businesses and demonstrated the principles that are employed to make them successful. Basically, according to Mr. Brown, all the great corporations and industries whether they be electricity, steel, coal, leather, or amusement have the same problems to face. They must be divided into the same respective departments and these departments must function as a whole for the industry to be successful.

In closing Mr. Brown thoroughly expressed his faith in the young people of today and said that as he sees them they are an improvement, in many ways, over the past generations.

COURT BEGINS HERE MONDAY

The April term of the Kent county Circuit Court is set to convene next Monday morning. From all reports the docket will be rather heavy this term.

The following jurors have been drawn by Hon. Lewin W. Wickes to serve:

First District
T. J. Dunn, James Alexander, J. W. Naylor, L. C. Wilson, S. H. Todd, W. T. Jones, E. T. Massey, S. H. McCauley.

Second District
W. S. Hill, G. W. Sutton, W. R. Crow, N. V. Walters, J. W. Atwell, H. J. Hill, E. T. Othosen, F. L. Meeks.

Third District
S. C. Loller, Harvey Brice, G. L. Bowers, Harry Sileo, T. P. Bradley, W. S. Tarbutton.

Fourth District
M. deK. Smith, M. E. Baker, Thos. Massey, H. S. Startt, R. H. Collins, Jr., L. P. Strung, J. G. Metcalf, S. W. Westcott.

Fifth District
J. A. Kelley, Albert Hudson, C. S. Kelley, G. S. Biddle, H. R. Rouse, C. G. Kerr, W. C. Francis, W. R. Strong.

Sixth District
J. P. Leaverton, Olin Dulin, W. T. J. Keyser, E. M. Wilkins, P. V. Hendrickson.

Seventh District
J. Kellogg Smith, J. B. Newnam, Jr., E. W. Emory, Edw. M. Wilkins, Percy V. Hendrickson.

Announcement has been made by President Paul E. Titsworth, of Washington College, that a campaign will shortly be launched to inaugurate a Washington Fund of two and a half million dollars, which will provide \$720,000 for buildings and equipment, and an endowment fund of \$1,800,000.
