SUNOCO 2ND ANNIVERSARY

This week signals the second anniversary of the birth of Blue Sunoco, says Mr. Rollison Baxter, local branch manager of the Sun Oil Company. While birthday celebrations are applied mostly to people, Blue Sunoco has become such an important item to motorists that the sales in these short two years have been almost phenomenal.

"It goes without saying," continues Mr. Baxter, "that nothing short of actual proof of its ability to perform satisfactorily in all kinds of motor conditions would make it the big seller it is. Blue Sunoco, while a premium fuel, is a pure petroleum product, non-poisonous and harmless, and it is our hope," continues Mr. Rollison Baxter, "that we may always continue to sell it at regular gasoline prices."
