

### CHURCH NOTES AROUND KENT

**CHRIST FOR ALL—ALL FOR CHRIST**  
*The Word of God*

**CHRIST TEACHES HUMILITY.** Matthew 18: 1-6. At the same time came the disciples unto Jesus, saying, Who is the greatest in the kingdom of heaven? 2. And Jesus called a little child unto him, and set him in the midst of them. 3. And said verily I say unto you, Except ye be converted, and become as little children, ye shall not enter into the kingdom of heaven. 4. Whosoever therefore shall humble himself as this little child, the same is greatest in the kingdom of heaven. 5. And whoso shall receive one such little child in my name receiveth me. 6. But whoso shall offend one of these little ones which believe in me, it were better for him that a millstone were hanged about his neck, and that he were drowned in the depth of the sea.

Prayer: Lord, put Thy Spirit within us and cause us to walk in Thy Statutes.

Mr. Hildebrand delighted the congregation at Christ M. P. Church on Sunday morning with a baritone solo "Hold Thou My Hand." He and his wife, of Baltimore, were guests over Sunday at the home of Mr. and Mrs. Wm. R. Maul. Carl M. Russell and wife were also visitors at the Maul home.

The Triangle Club of Christ M. P. Church made its annual shipment last week of contributions of old clothing and other useful articles to the Pine Ridge, Ky., Orphanage. The shipment was one of the largest since the club has observed the annual custom, consisting of 15 boxes which left here by parcel post. The orphanage is supported by the churches throughout the denomination and materials sent comprise the contents of a large store which is conducted by orphanage officials, the net proceeds being used for the support of the orphanage.

**Furfural Is Now Cheap**  
Once a chemical curiosity, selling for \$30 a pound, furfural, widely used as an insecticide, now sells for 10 cents a pound as a result of recent discoveries by chemists who have succeeded in producing it from oat hulls and other waste farm products.

A discovery by Prof. Orland R. Sweeney, chemist at the Iowa State college, has opened up an entirely new source for furfural in sugar beets. After the sugar has been extracted from the beets, the pulp is put through an additional process which extracts the chemical.

Besides serving as an insecticide, furfural is used in making synthetic resins.—Popular Science Monthly.

**Affected Great Actor**  
Lucy Cable Dickie, in her biography of her father, George W. Cable, includes a letter in which the novelist described his meeting with John Drew, the actor:

"Margaret and I" reads the letter, "went last night to hear John Drew in 'The Second Command'."

"We went behind the stage after the play and saw him and his daughter. He said, 'This is the first time I've had a chance to tell you how I cried over 'The Cavalier'—over the captain's death.' I said, 'You make me proud. Did you cry?' He said, 'Cry? I bawled!'"—Detroit News.

**Tit for Tat**  
Down dropped the policeman's arm and immediately the traffic stream was in motion, one car shooting out in front of the other vehicles.

At that moment a pretty girl made an indiscreet dash for an island in the center of the roadway.

She would have been knocked down by the swiftly moving car had not the driver jammed on his brakes.

"Women and donkeys are always in the way!" he shrieked furiously at the girl.

"Glad to see you've the manners to put yourself last!" retorted the girl coolly.

### Battlefield Gives Up Secrets of the Past

There are certain kinds of armor which we read about but have never seen because up till now no examples were to be found in museums. Recently, however, many specimens have been found in two great pits outside the old city of Visby in the island of Gotland.

In 1381 Gotland was invaded by King Valdemar at the head of a powerful Danish army, and a desperate battle was fought before Visby. The valiant defence of the Gotlanders was all in vain, and Valdemar marched to the capital leaving nearly two thousand friends and foes dead on the field. They were buried hurriedly, with weapons still in the wounds, in two great graves which have not been disturbed for five and a half centuries.

Recently a Swedish archeologist has been excavating the pits, with their treasure of medieval armor and their poor bones marked by axes and arrows. The Swedish and Danish governments will erect a monument where so many men died gallantly because Valdemar wanted to plunder Gotland.

### Pleasures of Table Dear to German Heart

With the possible exception of Chile, Argentina and Brazil, individual food consumption is greater in Germany than in any other country.

The Teuton is not content with one breakfast but must have a second one, usually about eleven o'clock. This is indulged in by everybody from street cleaner to banker. I have had conversations with outstanding financial and industrial figures interrupted at the sacred hour of the second breakfast by the arrival of a waiter with a tray of sandwiches or fruit.

Apparently the Germans never stop eating, which explains, perhaps, why there are so many German waiters. When they are not hard at food they are drinking coffee in the innumerable cafes.

If you look inside the leather brief case that nearly every German of high or low degree carries you will find that its principal content is a bundle of sausage sandwiches.—Isaac F. Marzoccos in the Saturday Evening Post.

### Chicago's Liberty Bell

The Columbian Liberty bell was cast at the foundry of the Menely Bell company, Troy, N. Y., in 1893, and weighed 15,000 pounds, the diameter at its mouth being 88 inches and its height 75 inches. It was a duplicate of the new Liberty bell that was placed in the tower of Independence Hall, Philadelphia, in 1876, and was cast from the same molts. Each thousand pounds represented one of the thirteen original states. The exact cost of the bell is unknown, the records no longer being available. The bell was bought by a committee representing patriotic societies of which the late W. O. McDowell of Newark, N. J., was chairman. At the conclusion of the Chicago World's fair the bell was exhibited in various cities throughout the United States.

### Fire's Human Toll

It is estimated that about 15,000 human lives are lost annually in the United States as the result of fires.

### More Work for Undertaker

There is no sight in America so depressing as the dying churches, open on Sundays to a dwindling few, closed throughout the week.—Woman's Home Companion.

### Foxes in the Alps

Quite a number of silver foxes have been sent from Canada to ranches in the Italian Alps, where it is stated that ranching conditions are ideal, and where the fox farming industry is having quite a steady growth.

### Happiness

Those who have the most of happiness think the least about it. But in thinking about and in doing their duty happiness comes—because the heart and mind are occupied with earnest thought and touch at a thousand points the beautiful and sublime realities of the universe.—William Makepeace Thackeray.

### That's Why It's Utopia

In Utopia pedestrians don't have to jump a distance of more than two feet. If any.—Toledo Blade.

## CASE POWER DRIVE Corn Planters

Now Manufactured by Massey Harris Co.

The planter with almost 100% dropping accuracy. The value of a corn planter depends upon the accuracy of the drop, that is, the ability to plant uniformly under varying conditions. The type of drop supplied on this corn planter is as near perfect as it is possible to obtain.

The operator can change the drop on this planter to 2, 3 or 4 kernels in a hill by merely shifting a lever to any of the 3 positions or can alternate the drop 1 and 2, 2 and 3 or 3 and 4 kernels to the hill.

This planter can be equipped with plain, automatic spring lift or Barry automatic markers.

### Some Useful Planter Attachments

**FERTILIZER ATTACHMENTS** which are increasing in popularity and will bring about larger yields. Fertilizer can be checked with the corn or drilled as you wish.

**COW PEA ATTACHMENTS** allow planting cow peas or soy beans and corn at the same time in check rowing or drilling.

Increase your profits in corn by owning a corn planter that is known and can be depended on for its accuracy and uniformity.

### 5c MAKES YOU A SMOKE KING

—if you know the cigar to buy  
Don't ever let anybody tell you there's no enjoyment in a 5c cigar. Here's one that's been knocking that idea sky-high for years; Bayuk's Havana Ribbon. Any challenger? Nickel cigar brands come and go. But Bayuk's Havana Ribbon keeps right on winning smokers by the thousands. Unquestionably the greatest five-cent cigar value the world has ever known! But, let Bayuk's Havana Ribbon tell you its own story. One nickel brings it to you. One puff starts it. And the first thing it says is that here is a five-cent cigar that contains something you usually find only in higher-priced cigars: *Ripe, long-filler tobacco.* No bitter, under-ripe top leaves of the plant. No flat-tasting, over-ripe bottom leaves. No loose ends to fray or crumble. Full-flavored, mellow-mild *ripe* leaves only. Smoke so smooth you like to hold on to every mouthful! At cigar counters everywhere. Also sold in *Practical Pocket Packages* of five cigars.

## AVERY CHAMPION MOWER

### Four scientific advantages make it a better mower

- No matter how tough or heavy the grass, your Avery-Champion Mower cuts cleanly and runs smoothly. Not just when new, but year after year to ripe old age. The reason is that it is extra strong where strength is needed. Its four vital points are doubly protected against wear and breakage. These points are:
    - (1) One-piece, drop-forged steel pitman. No wood to break; no rivets through wood to wear loose.
    - (2) Extra long, drop-forged, heat-treated steel knife-head; extra hard at wearing point. Length avoids breaking; hardness resists wear.
    - (3) Closed end, non-heating pitman crank bearing; retains constant supply of oil; runs in oil and doesn't wear out.
    - (4) Independent, angular cutter bar adjustment and knife registration; clean cutting at any angle of cutter bar.
- Avery-Champion good work, absence of trouble and satisfaction come from sturdy, simple, modern design; best materials and careful workmanship. Avery-Champion Mower is backed by two famous names and a century of implement building experience.
- Call at our store any day for details regarding this mower. We will also tell you about Avery-Champion Binders, Hay Rakes, Tedders, Side Delivery Rakes and other haying and harvesting machinery. No obligation to you, of course.
- There is a full line of famous Avery walking, riding and tractor plows, tillage implements and Champion harvesting and haying machines
