AUTO ACCIDENT

William Grace, track supervisor of the Delaware Division of the Pennsylvania railroad, and U. V. Cross, his assistant, while returning to Clayton late Friday afternoon on a "dinky" were struck by a south-bound berry train just north of Clayton, Del.

Grace was killed instantly, while Cross was so badly injured that he died within an hour after being admitted to the Kent General Hospital in Dover. He suffered internal injuries.

Just how the accident occurred is not known. It is thought the two men were either trying to get the "dinky" from the tracks or were struck as they rode in front of the train.

Grace's body was taken to Smyrna where he lives and the body of Cross was taken from the hospital to Smyrna where the coroner's inquest was held.

Cross' home is in Queenstown. He was a popular student at Washington College a few years ago and played on the ball team.

Becoming suspicious of the two colored men who were carrying a bag between them at Second and Orange streets, Millington Tuesday morning, Patrolman Nasse, took them into custody and found the bag to contain 17 chickens.

After being hooked at the police station as Asher Laws and James Stevenson, the men are alleged by the police to have confessed stealing the fowls at Millington, Md.

No charges were placed against the men. The detective bureau wired the Millington police.

These chickens belonged to Thos. A. Rowen, of Massey. Sheriff Hadaway have the men now in jail.

The Kent County Board of Education has submitted its annual budget to the Board of County Commissioners setting forth the financial requirement for the coming school year.

The total amount requested is \$113,755, which is \$6,000 more than was appropriated by the commissioners for the county schools last year. This sum does not include what is designated by the board as a debt service of \$5,000, for which the commissioners also are asked to provide in its next county levy.

According to the law, County Commissioners are required to appropriate annually for the schools sixty-seven per cent. of the total levy.

The affair will be a part of the yearly commencement week activities and will feature more than 100 women students in classic dances and a May pole revel.

MILLINGTON MAN KILLED IN CRASH

There were 3 killed and 2 seriously injured when two automobiles were struck by a fast freight train on the Baltimore and Ohio Railroad at Ogdon Station, four miles south-west of Chester, last Sunday afternoon. The cars headed in opposite direction were side by side in the middle of the track when the freight train crashed into them. In one car driven by Clifton Stafford, 22, 403 Sun Avenue, Linwood, near Chester, three occupants including Mr. Stafford were instantly killed. The others were Mrs. Mary McClellan, 21, a neighbor, and her three-year-old daughter, Emily; Miss Helen Congleton, 20, of Linwood, a sister of Mrs. McClellan, is in the Chester Hospital, suffering from a fractured skull and internal injuries and is not expected to live.

Nelson Poole, 21, of Booth's Corner, Pa., driver of the other car, is also in the Chester Hospital. He sustained internal injuries. Both drivers had stopped at the crossing to let an express train pass and were unaware of the approach of the freight from the opposite direction until their cars were in the middle of the crossing. Undertaker John H. Tobin, of the accident went to Mr. Stafford's body and brought it to his undertaking establishment Monday, where it was rested until Wednesday when the funeral took place at 2 p. m. from Asbury M.E. Church. Rev. Roy L. Taves officiated and interment was made in Crumpton Cemetery. Mr. Stafford's new Whipper car, in which he was riding, was completely demolished. He was the son of Mr. and Mrs. Raymond Stafford, near town, who survive him. He also leaves several brothers and sisters. His family have the sympathy.

BUY-IN-CHESTERTOWN CAMPAIGN INCREASES VOLUME

The regular meeting of the girl contestants in the Buy-In-Chestertown Popularity Campaign was held Tuesday evening at the Court House. Previous to the meeting a letter from the executive secretary of the chamber of Commerce and Chestertown Mercantile Section had been sent to each participant suggesting that at this meeting every girl should wear articles of clothing purchased in Chestertown. The young ladies responded 100 per cent to the request in a manner that added considerable interest to the meeting.

On Decoration Day, the Chevrolet Cabriolet, which is first prize to the contestants, will be on exhibition at Washington College during the game of the afternoon program.

The young ladies are proving themselves to be hustlers and votes are pouring in by the thousands. Every vote means a five-cent purchase from any one of the twenty-three progressive stores in Chestertown who have entered this intense drive for increased buying at home.

The leading contestants this week are Mrs. Frances Needles, Miss Kathryn Ahern Ford, Miss Helen Brown, Mrs. Hazel Greenwood, Miss Margaret Russell and Miss Rachel Willis.

The whole community has entered into the spirit of the campaign and are backing the girls in a whole-hearted manner.

Hubbard, Norman Sutton, Mr. D. Moore, Mrs. McMenamin, Mr. Babylon and Miss Alice Dole. The association starts on the new year with \$100 in the treasury and with high ambitions for training in music and rendition of fine selections.

WHEAT MAY SELL CHEAP

Kent farmers are much concerned in regard to their future wheat crop. From the present outlook, harvest will be on about June 20, and while the outlook a month ago for a good crop was very poor, the new wheat is now mostly in the period of blossoming and from appearances there will be a bountiful crop.

Local grain dealers are now offering 88 cents per bushel for new wheat delivered during the month of July. This, farmers say, will cause them to suffer a great loss.

It is rumored here that the spring wheat crop in the West will be considerably lighter this year due to the cold spring in that region and some farmers hope that the price of winter wheat will advance.

CHESTER BRIDGE HEARING JUNE 5

Mayor John W. Barnes has received a letter from the State Roads Commission in reference to location for Chester River Bridge as follows: "Surveys of the several locations for the proposed Chester River Bridge have been completed and plans have been prepared to a point where we are in a position to discuss the subject."

If convenient to you, the State Roads Commission will be in Chestertown on Wednesday, June 5th, at 4 p. m., for the purpose of holding a public hearing on the location of the Chester River Bridge. If this is satisfactory, we will ask you to arrange for the place in which to hold the hearing and to get the necessary notices out to all those who might be interested."

Mayor Barnes has arranged to hold the hearing in the Chestertown Court House. Public invited.

HOSPITAL DRIVE

All chairmen of local town organizations connected with the general Kent County Hospital committee will meet at the County Health Center here next Monday night to organize for the campaign now about to begin to raise \$25,000 for a hospital to serve Kent and Upper Queen Anne's county. Each chairman is now engaged in forming his own local committee which will work in the intensive drive for funds about to open, June 12th.

According to the Rev. John White, general campaign chairman, the following local heads have been appointed and will report at the meeting Monday night when a conference will be held looking to the consolidation of all local committees in the two counties:

Betterton, Mrs. Braham Crew, Fairlee, T. H. M. Bramble, Kennedyville, Robert R. Hill, Lynch, Mrs. A. N. Stavely, Massey, E. Thomas Massey, Millington, Clarence M. Melvin, Quaker Neck, Mrs. H. M. Baker, Rock Hall, E. Ellsworth, Leary, Still Pond, Mrs. John Boulden, Swan Creek, Mrs. J. A. Bigelow, Worton, Mrs. Harry Williams, Church Hill, William H. Good, McGinnis, T. Clayton Stevens, Pondtown, W. F. Wiggins, Suddlersville, Miss Elizabeth Merrick, Mrs. Austin Roberts and Mrs. John F. Stokes.

The announcement was made at the same time the Chesapeake Bay Transportation Company, 111 North Charles street, to operate buses from Baltimore to Chestertown. J. Walter Joiner was named as president of the Chesapeake Bay Transportation Company, which, it was said, is to be incorporated if the permit is granted.

They plan 89 trips a week, including Sunday, at a single fare for adults of \$1.25, with a round trip for \$2.25. Children under 5 years old will be carried free and those from 5 to 12 years at half fare.

The first of the five companies to apply for the trans-Chesapeake permit was the Baltimore Transfer Co., which proposed also to run a freight line to the Eastern Shore. The Red Star Motor Coach Company, of Salisbury, has filed a similar application, and was followed by the United Transportation Co. and then Matthew C. Kall Company.

BOND ISSUES DEFEATED HERE

At a special election held here on Monday, the taxpayers of Chestertown overwhelmingly defeated two issues, one for \$50,000 for street improvement, and one for \$25,000 for the erection of a modern sewage disposal plant. Out of the entire number of votes cast, 64 were for the bond issue for street improvement, and 194 against. Seventy votes were cast in favor of the issue for the new sewage plant, and 189 against.

Two years ago, the taxpayers approved a bond issue for \$100,000 for the same purpose by a substantial majority, but owing to a defect in the title of a bill passed by legislature, the Court of Appeal annulled the act. The total vote was 265 out of 600.

The indifference of the people in the two recent elections where a million dollars and \$75,000 were involved as well. The move which they have only about one-third of the votes cast a ballot and the same proportion prevailed in Chestertown Monday.

RECTOR GOES TO HILLSDALE

The Rev. Lewis B. Sheen, for the past three years rector of St. Paul's Church in Berlin, and formerly of St. Paul's in Kent, left Wednesday of last week for his new charge in Hillsdale, N. J.

Mr. Sheen and his family will be greatly missed in Berlin where they have many friends, not only in the church but in the entire community as well. The move which they have made, however, is one in which their friends can but rejoice as it is not only a larger field of usefulness but it promises to be better for Mrs. Sheen's health which has not been the best for several years and it will enable them to have all their children with them most of the time. The eldest, Miss Dora Ann, is a student in Brooklyn and will be able to spend week-ends, at least, at home in Hillsdale.

TALKING PICTURES SHOWN AT LYCEUM

After many weeks of investigation of all kinds and all prices of Talking Picture Machines, and after the installation and demonstration of the New Lyceum of a Movie-Tone machine, by a representative of the company, including the special private showing of pictures here, L. R. Russell, Proprietor of the Lyceum, has purchased a modern talking picture machine which will be able to enjoy this latest type of movie show at little extra cost.

In purchasing this new equipment and installing talking pictures Mr. Russell is but continuing his recognized policy of endeavoring to give to the people of this section the very best and latest in movies. For some time past the Lyceum has shown all the leading pictures of screenland, on many occasions presenting "First Run" pictures here simultaneously with their appearance in Baltimore and other nearby cities. His addition of the Movie-Tone is but another step in giving the public just what it wants.

Chestertown is to be congratulated upon its moving picture theatre and Mr. Russell for his foresight in anticipating the desires of the theatre going public.

ASK BUSINESSMEN FOR THE NEW BAY BRIDGE

Five transportation companies are competing for the privilege of operating bus lines over the proposed Chesapeake Bay bridge, which will not be built for several years, according to announcement by the Public Service Commission.

The announcement was made at the same time the Chesapeake Bay Transportation Company, 111 North Charles street, to operate buses from Baltimore to Chestertown. J. Walter Joiner was named as president of the Chesapeake Bay Transportation Company, which, it was said, is to be incorporated if the permit is granted.

They plan 89 trips a week, including Sunday, at a single fare for adults of \$1.25, with a round trip for \$2.25. Children under 5 years old will be carried free and those from 5 to 12 years at half fare.

The first of the five companies to apply for the trans-Chesapeake permit was the Baltimore Transfer Co., which proposed also to run a freight line to the Eastern Shore. The Red Star Motor Coach Company, of Salisbury, has filed a similar application, and was followed by the United Transportation Co. and then Matthew C. Kall Company.
