R. D. GOZMAN WINS CONTEST

Raymond D. Gosman, of Still Pond, Monday afternoon won the county horsemanship contest and the honor of representing Kent county at the State-wide meet to be held in Baltimore September 13 and 14. The county championship was decided on the Court House yard courts.

Eight trossers competed for county honors, as follows: Raymond Gosman, Still Pond; Ralph Stoops, Broad Neck; Thomas Rowan, Massey; J. Walter Biggers, Worton; Frank Puppe, Rock Hall; John Scott, Fairlee; Richard H. Collins, Jr., Chestertown; and Linden Archibald, Kennedyville.

The contest was under the direction of Pete Boggs, of the Catonsville High School, a representative of the Play-ground Athletic League. In the preliminary contests Rowan defeated Stoops, Gosman defeated Puppe, Biggers defeated Scott and Collins defeated Archibald. After spirited contests in the semi-finals, in which some really professional horse shoe pitching was done, the finals were narrowed down to Gosman and Biggers, the State champions of 1926 and 1927. By a fine display of pitching the final contests Gosman defeated his former teammate in the State championship, 25 to 2.

In one of the semi-final contests Gosman is believed to have set a record by making seven double ringers and defeating his opponent by a score of 30 to 0.

Officials of the courts were William G. Smyth, Chestertown; Frank Shahan, Massey, and Charles Harris, Sr., Chestertown, official scorer.

GOSNELL GETS PAROLE

Among the fifteen paroles from Maryland penal institutions granted this week by Governor Ritchie was one to H. J. Gosnell, better known in this vicinity as "Scotty."

The Governor's statement in granting the parole was as follows: "H. J. Gosnell, sentenced by the Circuit Court of Talbot county to one year in the House of Correction for selling liquor. One month more of his term remains. I am advised that this man was a disturbing element in Talbot county, but he is not going back there. Since his imprisonment his wife has died and an uncle who cared for his three-year-old child is now also dead. I am granting this clemency of one month in order that he may be in a position to provide for his child."

Gosnell's wife, before her marriage was Miss Elsie Porter, was accidentally shot and killed about a year ago here when a pistol handed her by her brother exploded.

The Gosnell's lived in Chestertown for some time prior to moving to Talbot county from which place Gosnell was sentenced.

Swimming is just a sport to Miss Mary Ridgely Poe, sixteen-year-old sub-deb and scion of an old Maryland family, who unhearing and uncheered, swam the Chesapeake Bay Saturday from Tolchester Beach to Bay Shore and kept her feat a secret until Sunday. Her time for the grueling swim was 8 hours and 10 minutes.

Miss Poe, the daughter of Mrs. William Poe, is resting at the home of her aunt, Mrs. Henry White, 39 Warrington Road, Baltimore, before returning to her mother's summer home at Otter Point, Bush river. Miss Poe's time for the swim did not approach the record of 5 hours 23 minutes made August 10, 1928, by Mrs. Edwin M. Day, the former Lillian Cannon.

GOLF IS NOW THE GAME

In addition to the second annual regatta to be staged at the Chester River Yacht and Country Club on Labor Day the week end will see the deciding of the championships in tennis and golf for the present year. The tennis tourney, with matches in the men's singles, men's doubles, mixed doubles and ladies singles will start on Saturday and continue until Monday when the finals will be played.

On Sunday W. J. Stenger and H. S. Russell will meet in a 36-hole match to decide the championship of the club with the medal offered by Senator S. Scott Beck as the prize. Mr. Stenger advanced to the finals by defeating Claude Truslow 5 up and 4 to play. Mr. Russell won over E. H. Strong 1 up to enter the final match.

The championship round will start at 9 a. m., on Sunday. Eighteen holes will be played in the morning and eighteen in the afternoon.

Lady golfers of the Chester River Yacht and Country Club scored their first victory in the first inter club match with Salisbury ladies on the local course Thursday. The final total showed Chestertown with 9 1/2 and Salisbury with 8 1/2. The teams were composed of six players each.

Scoring on the Chestertown team was as follows: Miss Elizabeth Brown 2 1/2; Mrs. Maurice Morris 2; Mrs. Donald F. Stam 3; Mrs. Howard Strong 2; Mrs. Eben Perkins 0; Miss Virginia Jones 0.

The Salisbury ladies scored as follows: Mrs. Walter 1/2; Mrs. Taylor 1; Miss Tyler 0; Mrs. Self 1; Mrs. Wright 3; Mrs. Comas 3.

The ladies will meet in a return contest at Salisbury on Thursday, September 5.

Frank Lucas, professional at the Rehoboth Beach Country Club, scored a hole-in-one on the home course on Monday while playing a special match with Tom Craig, Chestertown pro. The ace was attested by Josh Cahall and was made on the 177-yard, par three third. This is the first ace recorded on this hole. The green is trapped in front and both sides.

Playing a down wind and using a spade masher, Lucas' ball hit the green about ten feet from the pin and rolled in. It was the first hole-in-one made by Lucas in his ten years as a professional golfer.

On Saturday the Rehoboth golf team defeated the team from the Chester River Yacht and Country Club by the point score of 18-6. Nassau system, thus winning the Peninsula Golf League championship. These two teams were tied with 3 wins and 2 losses until Saturday's game. This competition was inaugurated this Spring and will be played annually. The league consists of teams representing the Mapledele C. C., Dover, Del.; Salisbury C. C., Salisbury, Md.; Chester River Yacht and C. C., Chestertown, Md., and Rehoboth Beach C. C.

Rehoboth—Bud Walters, 2; J. A. Finlay, 3; John Marshall, Jr., 2; William Sipple, Jr., 2 1/2; John Marshall, Sr., 3; Ben Vinton, 2 1/2; Toby Thompson, 0; A. G. Ogden, 3; total, 18.

Chestertown—Claude Truslow, 1 1/2; Gilpin Brown, 0; Harry Russell, 1; Jack Stenger, 1/2; Richard Collins 0; Jas. Metcalfe, 1/2; Horace Beck, 3; Roland Corey, 0; total, 6.

The D'Esta Rhoades entertainers are on their second week at Millington. Large crowds attend the show nightly, the average attendance being from 500 to 600. The residents of the town speak in the highest terms of this company as to deportment and neatness and cleanliness of their shows. They will commence a series of entertainments at Rock Hall starting very shortly. Attention is called to their advertisement in this issue.

Its business having been adversely affected since the State made the Havre de Grace-Perryville bridge toll-free, the Tolchester Co. has asked the Public Service Commission for permission to reduce its rates for the transportation of autos across the Chesapeake.

The amended schedules call for a flat rate on passenger autos of \$2.50 each (including drivers), as compared with the existing rates running from \$2.40 to \$3.25 according to the size of the car.

Reduced schedules for the transportation of trucks also were filed, giving unloaded trucks a differential rate. No doubt the request will be granted.

J. ELL. MORRIS STRIKES ENGINE

James E. Morris, former Register of Wills, was injured Monday morning when a truck on which he was riding from Chestertown to his country home at Worton was struck by a freight train on the Pennsylvania Railroad.

Mr. Morris noticed the train approaching toward the High street crossing from the old strawboard mill siding, but thought the flagman beckoned him to proceed over the tracks. The truck was damaged.

Mr. Morris was taken to the office of Dr. H. B. Simmons here, where he received treatment for cuts and bruises on his face and arms. Later he was taken to his home. The doctor was compelled to take five stitches in Mr. Morris' forehead. He made a fortunate escape.

WILL INVEST \$2,500

With gross receipts of \$10,190.89 from the Community Festival the Chestertown Volunteer Fire Company expects to clear approximately \$4,300 from the fete.

Of the net proceeds about \$300 will go toward paying the remainder due on the share pledged by the firemen in purchasing the county ambulance. It is estimated that about \$800 will be turned over to the Kent County Hospital Fund.

Of the remaining proceeds \$2,500 will be invited by a special committee from the fire company in bonds. When this net amount is invested the local firemen will have \$10,000 in first rate securities. The committee that will invest the money is composed of W. B. Copper, Thomas G. Wroth, Fred G. Usilton, L. Bates Russell, S. Scott Beck and H. C. Hughes, Wm. G. Smyth.

At the regular meeting of the fire company on Monday evening the firemen took further steps to carry out their pledge of planting grass seed in the public square which recently served as the site for the community fete. It is unlikely that future fetes of the public square will be held in the public square. A committee consisting of E. Scott Thompson, George W. French and A. L. Sparks was named by the firemen to attend to the seeding of the park.

FIRE DESTROYS YACHT

Judge C. Gus Grasson, of the Baltimore County Circuit Court, his brother and three friends jumped to safety Tuesday night in the bay off Tolchester from a burning motor launch and swam eight feet to shore.

Reaching the Tolchester pier they watched the launch, a thirty-foot craft in which they were making a fishing cruise, burn to the water's edge.

The others in the party besides Judge Grasson were D. C. Duncan, John Grason and Israel and Joseph Gerlin.

The fire started when Mr. Duncan attempted to light a gasoline stove to prepare a meal and got a larger flame than he expected. The flare ignited woodwork of the vessel and within a few seconds the entire superstructure was ablaze.

All five abandoned the boat. Each lost some clothing and fishing tackle. The fire was seen at Tolchester and alarm given in Chestertown but the company was notified in time to save a run to the resort.

In a head-on collision Wednesday afternoon on West Dover on the State Highway near Fox Hall Woods between a sedan driven by William Bell, Jr., and a coupe driven by C. H. B. Massey, of Massey, Md., both cars were damaged to the extent of \$500 and Bell received severe cuts and bruises while Emerson Daly, of Hartley, an occupant of one of the cars, suffered cuts on the face and had three teeth knocked out.

Minister Wins In Cecil

The Rev. E. L. Dawson, pastor of Leeds M. P. Church at Childs, Md., formerly of Wesley Chapel, Rock Hall, won the Cecil county horsemanship pitching championship and will represent the county in the State-wide tournament.

The Rev. Dawson shot fifteen ringers in three games while disposing of J. McMullen, of Rising Sun, by scores of 27-5, 25-2 and 26-6. Later he clinched the title by beating J. Beal in straight games, 27-6, 26-3 and 27-16. He scored fourteen ringers in these matches.

Harry Hill's sale of personality, near Kennedyville, Thursday, was well attended and fine prices realized. The cows averaged \$160, the highest selling for \$243.

TOMATOES GALORE

The open market for tomatoes has been well patronized this week and prices have ruled from 40 to 50 cents. Several buyers declined to buy after 11 a. m. Thursday and the market dropped to 35 cents. There is every indication of a fine crop in many sections of Kent. The local canneries are getting the contract tomatoes for which they are paying 25 cents.

KENT ISLAND FERRY

An important meeting of prominent Eastern Shore business men was held on Kent Island during the week-end, when Col. J. B. Cook, a prominent landowner of the island, entertained citizens from Queen Anne's, Caroline, Talbot and Dorchester counties at a crab feast.

Former Governor Emerson C. Harrington, president of the Claiborne-Annapolis Ferry Company, which started the project to construct a canal, reported that this project may be abandoned for a more pretentious scheme to establish a ferry line between Annapolis and Kent Island, the terminus of which will be Stevensville, and finally a continuation of the project to include ferry service between Lewes, Del., and Cape May, which will furnish through traffic from the West to Atlantic City.

The project includes an obligation on the part of Queen Anne's county authorities to construct good roads to the canal in the event it is built and to the Stevensville ferry slip in the event the canal project is abandoned for the ferry.

MILK PRICES INCREASED 25 CENTS PER 100 POUNDS

A flat increase of 25 cents per 100 pounds of milk has been announced by the Inter-State Milk Producers' Association of Philadelphia. The increase is effective September 1, 1929. The price to the consumer is to be increased 1c per quart (pints and cream not affected). The increase all goes to the producer—none to the distributor.

The increase to the producer is based on the increased cost of production due to the drought having curtailed the growth of pasture grass and second cutting of hay; short corn crop—advancing feed costs and also increases in price paid in other large cities. This increased price is most welcome news since it means more than \$200 daily to Kent county farmers alone. This amount will increase as more cows freshen and farmers feed better to increase production during October, November and December, during which months the average production is used in determining the basic quantity of milk for next year.

CATTLE JUDGING TEAM

The 4-H Club boys who will take part in the State Dairy Cattle Judging Contest at Timonium Fair next week are: Albert Sutton, Albert Nicholson and Norman Sutton. The alternates are Edwin McCrea and William Carroll.

Six purebred heifers will be exhibited at the Timonium Fair by Kent Club Boys. Those sending exhibits are Billy Nicholson, Albert Nicholson, Ringgold Willson, Robert Fogwell, exhibiting Holstein heifer calf; Albert Sutton, exhibiting Guernsey yearling heifer; William Carroll, exhibiting Guernsey heifer calf.

The Judging Team will leave for Timonium Saturday morning. The banks of Chestertown are paying the expenses of the truck which will take the club calves to Timonium.

FEDERAL MEN VISIT KENT

Federal prohibition agents are keeping up their good work in Kent. Last week the News noted the arrest of John T. Lockwood, of near Millington, who was released on \$2,000 bail. On Friday James Whittington, a well-known character of Perkins Hill section, was arrested on the charge of manufacturing intoxicating liquor and given a hearing before Commissioner Carter in Denton and held under heavy bail. Sheriff Hadaway and Deputy Lee accompanied the officers. The "strill" was located underneath a hog pen where there were several hogs. It is thought that Whittington's brand would have a peculiar "perfume" with such surroundings.

SECOND ANNUAL REGATTA

Officials of the Chester River Yacht and Country Club have completed the program for the second annual regatta which is to be held on Chester river here on Labor Day, September 2nd. Commodore Erword W. Emory, Eben F. Perkins, Paul Phillips, Medford Brooks and R. H. Rogers, the committee in charge of the arrangements, have announced the following events: zz
9 A. M.—Troyout for cruiser handicaps.
10 A. M.—Chesapeake Bay log canoe race.
11 A. M.—First heat, two-and-one-half miles, for outboard motor boats.
12 M.—Cruiser handicap race.
1 P. M.—Second heat, two and one-half miles, for outboard motor boats.
2 P. M.—Third heat, two and one-half miles, for outboard motor boats.
3 P. M.—Stock model runabouts. Commodore William Green, of St. Michaels, owner of the Miles Rider, which won the Governor's cup at the Miles river regatta, will be among the Chestertown entrants, together with other canoes which took part in that race. The Chester River Yacht Club entry will be the Island Blossom which finished second in the free-for-all race at St. Michaels last week.

Paul Phillips, who is managing the motor-boat races, stated today that between fifteen and twenty of the fastest speedboats in this section, several of which will be entered from Delaware waters, will be in the motor boat classes, while John J. Raskob, Jr., of Pioneer Point Farms in Queen Anne's county, will have one or more entries in the speedboat and sailing classes.

Visiting yachtsmen and special guests will be given the privilege of the clubhouse on Sunday and Monday, as well as the use of the golf course, and on Sunday evening a special entertainment is being arranged. The closing feature of the regatta will be a dance to be held in the clubhouse on Monday evening, September 2. Thomas W. Perkins is in charge of the entertainment features.

ELKTON CARNIVAL CLOSURE

Between five and six thousand people attended the closing of the firemen's carnival in Elkton Saturday night, and long before the closing time, the stands had sold out, indicating the affair a huge success. Ticket holders were awarded the following prizes: Automobile, Register of Wills Robert J. McCauley, of Elkton; radio, to Frederick H. Leffer, a local newspaper man; ton of coal, to Harry H. Purnell, of Elkton; suit of furniture, Frank R. Eastburn, Newark; rug, Mrs. William Luthringer, of Cecilton; mirror and table, to Anna Gray, Kennett Square, Pa.; electric range, J. C. Williams, of Philadelphia.
