Kent News

SATURDAY, NOVEMBER 15, 1930

The NEWS reiterates the suggestion made frequently for the preservation and indentification of historic places in Kent and elsewhere. Dr. Paul E. Titsworth, Swepson Earle and others join in the suggestion. We might cite the settling of Kent Island under Claiborue in 1631 and its subsequent domination by Calverts. The first church at Grey's Inn, the Indian camps near Still Pond, the old silk loom near Chestertown, and other points of interest.

These and other places attracted tourists and represented a substantial financial gain to the State if motorists could be attracted. Last year 7,000,000 tourists visited Virginia and left $50,000,000 in the State, Swepson Earle asserted.

FOR PRESIDENT OF SENATE

State Senator Walter J. Mitchell, Charles county, was mentioned by Democratic leaders as one of the strongest contenders for the presidency of the next State Senate.

His name was advanced with those of Senator Lansdale G. Sasser, of Prince George's county; Senator-elect Emory L. Coblentz, Frederick county; Senator Dudley G. Roe, of Queen Anne's county, and Senator S. Scott Beck, of Kent county, as the candidates from whom the presiding officer of the Senate most probably will be chosen in the Democratic organization caucas to take place in Annapolis prior to the organization of the Legislature.

Mitchell and Sasscer have served three terms in the State Senate and were returned by their counties for the fourth consecutive term in last Tuesday's election. Senator Roe was elected for his third consecutive term and Senator Beck for his second. Mr. Coblentz served as Senator from Frederick county in the first administration of Governor Ritchie.

Both Senators Beck and Roe were returned to the Senate by votes which carried their respective counties for the Democratic State ticket.

The Democratic leaders in both the city and the State attach considerable imporance to the selection of the Senate president because of the discussion of the Presidential possibilities of Governor Ritchie in 1932.

Senator Beck's friends in Kent would be very much pleased to see him selected for the position as they are confident he would not only fill the position with credit to himself, but with great benefit to the Democratic party and the State of Maryland.

President Hoover this week called upon the people of the United States to observe Thanksgiving Day, Nov. 29th, by extending aid to those who are in need and suffering from causes beyond their contral. In his annual Thanksgiving Day proclamation the Chief Executive said the country has many causes for Thanksgiving. He added that as a nation "we have suffered far less than other peoples from the present world difficulties."

KENT NEWS $1.50 PER YEAR

A SPLENDID BRIDGE

The people of Kent and Queen Anne's, as well as the traveling public, are pleased beyond words to express for the construction by the State of the magnificent concrete bridge across the Chester at this point. All contention over location is forgotten for the moment and everyone join in praising architect and builder. The total cost including approaches and extras will amount to $400,000. Strange to note, this is $100,000 less than the sum appropriated for the improvement.

The old bridge carries with it fond memories and sweet experiences for many a couple while the devotees of Isaac Walton will recall with pleasure the good times enjoyed with rod and line. With apologies to the Bentztown Bard:

A bridge that is wider than men may rear,
However they strive with concrete and steel,
Is the bridge that has held us year by year
To the tender ties that we know and feel—
The bridge of our love for the old, sweet place
The sunlit glory of old Kent's stream.

A GOOD WOMAN

In another column of this issue is noted the death of Mrs. Emma Shafer, wife of the late Tilghman Shafer, of Kennedyville. Kent county has lost one of its best citizens, because the departure of such a loving, humble and kindly spirit as Mrs. Shafer, is always a loss to a community. Her life touched all angles of our community welfare, and her gracious charm and infinite tenderness will always be remembered with pleasure by those who enjoyed her esteem. To many she was perhaps a name, but the splendid influence made of her a live, vital enduring personage.

Mrs. Shafer has been recognized for many years as a strong influence in church and social circies and especially in the work of the Woman's Christian Temperance Union. She was mentally accomplished, learned and cultured and in woman's work was a leader of extended influence. She was a woman of beautiful character her one desire being to help and serve. She was a most unusual woman, combining as she did all the qualities of head and heart that installs such an one deeply in the affectionate regard and esteem of her contemporaries.

Judge Wickes, in his recent charge to the Grand Jury, spoke of the fact that in Caroline County, the Grand Jury, without any suggestion from the Court had recommended than an effort be made to change the law so that all Petit Larceny cases would not have to originate before the Grand Jury. He said that he thought this would be a very good thing and would save a lot of money and time and that no one would lose any of their rights as in every case where it was tried before a Police Justice the party would have the right to appeal and the case then tried before a Jury. The Court said in this County particularly, in view of the fact of the excellent Police Justices that we had, he felt that no one would have any of their rights disturbed.

NEW CHESTERTOWN CHARTER

A committee from the Kent County Chamber of Commerce which is sponsoring a movement for securing a new or revised charter for Chestertown composed of A. Sydney Turner, Jr., J. Samuel Kreeger and Harry F. Jefferson, held a conference with the Board of Town Commissioners at its monthly meeting. An outline of the charters of several of the larger towns in the State was substituted by the commitee, which the Board of Commissioners will take under consideration preparatory to drafting a bill for passage at the next session of the legislature providing for such a charter for the town as will be in keeping with present day needs. The Chamber of Commerce is working with the town authoritie sin its efforts to secure an up to date charter, but will probably call a public meeting of the taxpayers in the near future when the provisions of the proposed charter will be thoroughly discussed and acted upon.

Dr. Paul E. Titsworth, president of Washington College, addressed the Wicomico Woman's Club on "A Picture of Modern Education at the regular meeting of the club Tuesday at Salisbury.

IN MEMORIAM

In sad and loving remembrance of my dear father, William F. Adkinson, who departed this life November 13, 1920.

Gone, dear father, gone forever,
How we miss your smiling face;
But you left us to remember
None on earth can take your place.

A happy home we once enjoyed,
How sweet the memory still;
But death has left a loneliness
The world can never fill.

Sweet memories linger forever,
Time cannot change them 'tis true;
Years that may come cannot sever
My loving remembrance of you.

Some day we hope to meet him,
Some day, we know not when,
To clasp his hand in the better land.
Never to part again.

By his loving daughter,
Beatrice A. Jones
