SATURDAY, OCTOBER 11, 1930

The bill was introduced in the House and passed by a vote of 80 to 20. At that time it provided for an increase of from $5 to $15 daily for members, and an additional $10 a day for the presiding officers of both branches.

Then the measure was sent to the Senate, where it was adopted after being amended to make the new rate of pay to $10. At the final vote it was passed, 26 to 1.

Then the bill went back to the House, where a motion was made that the members refuse to concur in the Senate amendment, and send it to a conference committee. The committee recommended that the Senate afterward be withdrawn.

The Senate voted 17 to 12 in favor of the conference report, but the Attorney-General points out this vote was less than three-fifths of the membership required under the Constitution.

The proposed Constitutional amendment to increase pay of the general assembly will not go on the November ballots.

Thomas H. Robinson, Attorney-General, has ruled that the amendment authorizing an increase of from $5 to $15 a day for members of the Legislature was not passed by the Senate in accord with Constitutional requirements and he so notified David C. Winnebrenner, 3rd., Secretary of State.

The ruling was forwarded to Mr. Winebrenner in reply to his inquiry as to whether he should certify the amendment to the various boards of election supervisors for submission to the voters at the approaching elections.

Mr. Robinson based his decision on the fact that during the legislative maze through which the amendment and its amendment found its way at the last session, the required three-fifths majority in favor of the plan failed to materialize in the Senate.

OYSTERS CAN'T STAND IT

Some waterfront towns, villages and industries of Maryland are still dumping their sewage and other waste into open water courses. It is an easy means of disposal. It costs the people of the towns and the owners of the industries little or nothing

Residents to the east of Baltimore have long protested against the ill effects upon them of the city's incinerator and the sewage disposal plant. Far down the New Jersey coast people still complain that the garbage from New York City, though dumped in the ocean, is washed up on their beaches.

It will take genius of the first degree to solve the problem, but it offers that genius a prime opportunity to prove that it is genius.—Baltimore News.

ROTARY CLUB NEWS ITEM

The Smyrna Rotary Club last Thursday, October 2nd, were hosts to the Smyrna Board of Education and Faculty of the Public Schools.

W. W. Hynson, President of the Club and a member of the Board, presided, also W. W. Price, the clubs popular leader and member of the Board.

Miss Vogel, President of the Faculty Club introduced the members of the Faculty, who were well received by the club.

Dr. Paul E. Titsworth, President of Washington College, Chestertown, Md., delivered a very inspiring and educational address on the subject "My Duty To the Community." Dr. Titsworth presented a mental picture of the city of 300 years ago without streets, lights or sanitation of any character, without service organizations to promote new ideas regarding same to the present city, where every citizen is interested in the progress of his community. The speaker laid special emphasis on the application of citizenship from an educational viewpoint and urged the members of the faculty to instill into the minds of their pupils the value of citizenship, and clearly defined the individuals duty to his community.

Dr. Titsworth was voted a rising vote of thanks and appreciation.

Miss Mary Hynson, the clubs pianist entertained with a soprano solo with Miss Thelma Rogers as accompanist.

Dr. Lucius C. Clark, President of the American College at Washington, D. C., in addition to Dr. Titsworth was visiting Rotarian.

Other guests of the evening were the members of the school board, faculty, Mrs. Paul E. Titsworth, Mrs. W. W. Hynson and Edward T. Porter.

ORDER OF PUBLICATION

Margaret Schultz Carrick
vs.
John C. Lipsey and Elen C. Lipsey, his wife; William J. Carrick, Jr., and Mildred Moore Carrick, his wife; Evelyn L. Carrick and Charles Edwin Carrick.

In the Circuit Court for Kent County, In Equity, No. 2637.

The object of the Bill filed in the above entitled case is to procure a Degree declaring Margaret Schultz Carrick as the sole, absolute fee simple owner of the property mentioned in these proceedings to the exclusion of all other persons mentioned in these proceedings.

The Bill states:

1. That on or about the 11th day of July, 1918, your oratrix, Margaret Schultz Carrick, purchased from Martha A. Ashley and John E. Ashley a certain tract of land and the improvements thereon situate, lying and being at or near Piney Neck, Kent County, State of Maryland, at and for the sum of fifteen hundred dollars. Said tract of land is more particularly described as follows:

Beginning for the same at a stone set up at the northwest corner of the said tract and running from thence with the line of William Glenn's land, south sixty-nine and a half degrees east twenty-five perches to a stone, then south twenty-one degrees west to the waters of a creek or cove commonly called "Dockton's Cove," then running the several meanders of the said cove to the intersection of the line of Grant's land, thence with that line to the intersection of the line of Hubbard's land, then with that line to the beginning and containing nineteen acres, three roods and thirty-four perches of land, more or less.

2. That at the time of the purchase of said property your oratrix was a single woman having no one depending upon her, and being befriended with the family of William J. Carrick then residing in Baltimore City, Maryland, your oratrix decided to have the Deed to said property taken in the name of herself and William J. Carrick as joint tenants and not as tenants in common; and your oratrix not having sufficient experience in such matters left the details in perfecting the title to said property to said William J. Carrick, who employed at the expense of your Oratrix a conveyancer to prepare the necessary Deed for said property which was accordingly done and a Deed executed at the home of the said Martha A. Ashley and John E. Ashley, said Deed being dated the 11th day of July, 1918, and is recorded among the Land Records of Kent County in A. P. R., No. 3, folio 411, a copy of the original thereof will be produced in evidence at the hearing of this case. Whereupon your Oratrix took possession of said property and has made the same her home, where she has resided ever since conducting the same as a poultry farm.

3. That on or about April 26, 1919 your oratrix inter-married with one Henry Saurland, a brother-in-law of the said William J. Carrick, who also resided on the said property of your Oratrix and herein mentioned until your Oratrix was divorced from him sometime in the mongh of February, 1925, by virtue of a decree passed in the Circuit Court for Kent County.

4. That thereafter, to wit: on or about March 6, 1926, your Oratrix married the said William J. Carrick and after said marriage they resided as husband and wife upon the property herein mentioned until on or about the 26th day of April, 1926, when said William J. Carrick departed his life leaving surviving him your Oratrix and the defendants, Ellen C. Lipsey, William J. Carrick, Jr., Evelyn L. Carrick and Charles Edwin Carrick, children by a prior marriage.

5. That shortly before the death of William J. Carrick it was discovered that at the time of the purchase of the said land herein mentioned by your Oratrix by inadvertance, oversight and mistake that the said property was erroneously titled in the name of Margaret Schultz and William J. Carrick, as tenants in common and not a joint tenants, contrary to the wishes of your Oratrix and contrary to the instructions given to the conveyancer of your Oratrix's said land, and steps were taken immediately to correct this error, mistake and oversight but owing to the illness and the untimely death of said William J. Carrick this error could not be corrected.

6. That the defendants, Ellen C. Lipsey and John C. Lipsey, her husband; William J. Carrick, Jr., and Mildred Moore Carrick, his wife; Evelyn L. Carrick and Charles Edwin Carrick are all the parties in any wise interested in the property herein mentioned; that they are all of legal age and are non-residents of the State of Maryland and according to the information received by your Oratrix all are residing in New York City, State of New York with the exception of William J. Carrick, Jr., and Mildred Moore Carrick, his wife, who are residing in the City of Chicago, State of Illinois.

7. That the said defendants have heretofore instituted proceedings in this Honorable Court seeking the partition of an alleged interest of said William J. Carrick in the hereinbefore mentioned property belonging to your Oratrix among all the parties in any wise interested therein, entitled "John C. Lipsey, et al. vs. Margaret Schultz Carrick, et al," which said proceedings are hereby referred to and prayed to be taken as part hereof.

It is therupon, this 1st day of October, 1930, ordered by the Circuit Court for Kent County, in Equity, that the plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent County, once in each of four successive weeks before the 3rd day of November next, give notice to the said John C. Lipsey, Ellen C. Lipsey, William J. Carrick, Jr., Mildred Moore Carrick Evelyn L. Carrick and Charles Edwin Carrick, non-resident defendants, warning them to appear in this Court in person, or by Solicitor, on or before the 17th day of November next, to show cause, if any they have, why a Decree ought not to be passed as prayed.

Farmal Prices
REDUCED!

We have just received a big piece of power farming news—the McCormick-Deering FARMALL price has been cut $50, and we are at once passing the information on to our customers. The Harvester Company's announcement says:

"We are glad to be able to make a reduction in the FARMALL tractor price at this time because right now the farmer is seriously in need of anything that will help him to cut down his costs of crop production.

"Due to manufacturing economies and anticipated reductions in material costs, we were able to reduce prices on the McCormick-Deering implement lines, effective for the present season.

"Recently, by the same process, we lowered the price on the 10-20 McCormick-Deering tractor $40, and cut the 15-30 tractor price $75.

"Now, to complete our program of reductions, we announce a $50 cut in the price of the FARMALL.

"These price reductions, made during recent months, mean a saving to farmers of millions of dollars.

"As the original all purpose tractor the McCormick-Deering FARMALL has won tremendous popularity. More than 100,000 FARMALLS have been built. Already this tractor has created a real revolution in farming. It is the best investment a farmer can make.

"The new price, $825 f. o. b. Chicago, is the lowest ever placed on the FARMALL."

You have probably seen the FARMALL Tractor at work. If not we will demonstrate it at any time, on any job. The FARMALL replaces 6 to 10 horses and 2 to 3 men. It plows 7 to 9 acres a day—double disks 18 to 25 acres—drills up to 45 acres—plants 24 to 46 acres—cultivates 33 to 50 acres and, in later cultivatings, 50 to 65 acre. It handles every farm power job, including row-crop operations. Put the best tractor power to work now—at the new FARMALL price!

Farmer's Luck is COMMON SENSE

When a farmer tells you he has had a "lucky year," you'll find he used common sense. If his soil was acid he knew he couldn't grow good crops—so he used common sense and applied lime to make it sweet.

NEW POWER SPEED USEFULNESS

WE have seen many tractors in our experience, but never before anything that comes even close to approaching the new Case Model "C" Tractor.

Here you have every advantage to make tractor farming still more profitable. You have power to pull 2-3 plow bottoms, a small to medium size thresher with all attachments, or other machines of like capacity. You have compactness and light weight. The tractor stands only 48 inches high, weighs but a trifle more than two draft horses. You have three forward speeds, 2⅓, 3⅓ and 4½ miles an hour.

Because of these advantages, there is practically no limit to the versatility of the Model "C". You can use it for more different kinds of work—more days in the year. You can take it into the field when a heavier machine would be useless. You can speed up every farm operation. Not least in importance, you can get into corners and tight places, because the tractor turns short and with far more ease than is customary.

Est. 1842

Never before have you been able to get a tractor with this combination of power, light weight, size, speed and ease of handling. By all means, come in and look it over.
