About Ourselves

Finite folks are we, with infinite possibilities.

Whale Deep Diver

The maximum dive of the whale is supposed to be about 300 feet.

Farmal Price REDUCED!

We have just received a big piece of power farming news—the McCormick-Deering FARMALL price has been cut $50, and we are at once passing the information on to our customers. The Harvester Company's announcement says:

"We are glad to be able to make a reduction in the FARMALL tractor price at this time because right now the farmer is seriously in need of anything that will help him to cut down his costs of crop production.

"Due to manufacturing economies and anticipated reductions in material costs, we were able to reduce prices on the McCormick-Deering implement lines, effective for the present season.

"Recently, by the same process, we lowered the price on the 10-20 McCormick-Deering tractor $40, and cut the 15-30 tractor price $75.

"Now, to complete our program of reductions, we announce a $50 cut in the price of the FARMALL.

"These price reductions, made during recent months, mean a saving to farmers of millions of dollars.

"As the original all-purpose tractor the McCormick-Deering FARMALL has won tremendous popularity. More than 100,000 FARMALLS have been built. Already this tractor has created a real revolution in farming. It is the best investment a farmer can make.

"The new price, $825 f. o. b. Chicago, is the lowest ever placed on the FARMALL."

You have probably seen the FARMALL Tractor at work. If not we will demonstrate it at any time, on any job. The FARMALL replaces 6 to 10 horses and 2 to 3 men. It plows 7 to 9 acres a day—doube disks 18 to 25 acres—drills up to 45 acres—plants 24 to 46 acres—cutivates 33 to 50 acres and, in later cultivatings, 50 to 65 acre. It handles every farm power job, including row-crop operations. Put the best tractor power to work now—at the new FARMALL price!

If it isn't a McCORMICK-DEERING, it isn't a FARMALL

HAUNTS OF WILD GOOSE

What has haappened is thus described by a Canadian authority:

"The geese and ducks from Canada go to the United States and spend the winter there. Years ago the people of the United States where the birds winter, used to shoot them for market. There was no bag limit and in many places there was no closed season Then, when the birds were on their northward flight, they were shotwher ever they stopped to feed.

OPEN SEASON SAME

"Now, since Canada and the United States have come to an understandngi because birds were getting so scarce, things have changed. There is an open season of the same length in all parts of Canada and the United States. In no part of these countries does it exceed three and a half months. In the whole of the United States there is no shooting of geese after the end of January and at no time may they be offered for sale. 'Fines amounting to thousands of dollars each year have been paid by persons who broke the law, and long jail sentences have beer given persons who shot ducks and geese for sale. As there is no shooting after the end of January, the birds are not bothered when they are mating before going north to Canada to breed. If Canada and the United States had not agreed by this treaty to give the birds more care, by now there would be very few ducks and geese going north in the spring, for both were being depleted rapidly."

Thus in a broad way we have the fundamental reasons why wild fowl are on the increase and why there are more Canada geese.

Charles Walls, Jr., Price, Md.; Carolyne Drage Walters, Chestertown, Md.; Marvin Van Dyke Williams, Worton, Md.

RITCHIE OPENS MD. CAMPAIGN

For the third time publicly challenging the candidates of the Republican party to make an honest statement of their views on the prohibition question, Governor Ritchie, with the aid of Howard W. Jackson, formally opened Tuesday night the Democratic State campaign.

Hitting again at the silence of the entire State-wide ticket, from Mayor Broening down, on the subject of prohibition, the Governor declared that the Eighteenth Amendment has been in force long enough for them to have formed an opinion and questioned their reason for waiting for the party's platform to speak for them.

Rather, he said, their opinions, if they have the public interest at heart, should be the formative basis for the ideals on which they will ask the votes to place them in office.

The Governor and Mr. Jackson were the principal speakers for the initial campaign dinner, which was held in the Masonic Temple here under auspices of the Democratic Club of Western Maryland. David J. Lewis, candidate for Congress in the Sixth district, attacked Galen L. Tait, chairman of the Republican State Committee, and Representative Frederick N. Zihlman, his Republican opponent for the Congressional seat.

The Governor was the last speaker By the time he rose the hall in which the dinner was held was corwded to capacity by about 700 persons. More than 500 others who were unable to get in heard him through amplifiers placed on the front of the building.

The Governor, referring further to the silence of the Republican candidates on major issues and to a reported statement by Mayor Broening that if he were to be elected he would make Maryland "a really free State," asked: "Would he have our State free not only to enact such laws as our people want but also to refuse to have such laws as they do not want."

"With Mayor Broening as Governor and David A. Robb as Attorney-General, how free would the people of Baltimore be from the injustices and the consequences of a State Volstead act supplemented by a State Jones act?"

11 AUTOISTS PENALIZED

Eleven residents of the peninsula have been penalized by the office of the Maryland Commissioner of Motor Vehicles during the week ending today, according to State Highway officer Carl G. Storm, stationed here. Five licenses have been revoked, three suspended and three have been refused licenses.

Those deprived of their licenses were Stanford L. Banks, Salisbury, for failure to stop after an accident; Roy J. Biggs, Cecilton, operating under the influence of liquor and reckless driving; Howard Isaacs, Rising Sun, operating under the influence of liquor and reckless driving; John Kennard, Chestertown, failure to stop after an accident; Herbert Shivery, Preston, operating under the influence of liquor and reckless driving.

Licenses suspended are: Robert Anderson, Princess Anne, using markers belonging to another car; James D. Cole, Worton, reckless driving, and Elberd Dennis, Snow Hill, operating on an instructor's license while unaccompanied by a licensed driver.

Licenses were refused the following: Ronald Gurlin, Port Deposit Raymond S. Chase, Wilmington operating under the influence of liquor without a license; James Sheppard, Chestertown, unauthorized use of a car and driving without a license

On a charge of having stolen a $6,000 motor boat owned by Henry B. Perry, from its moorings in Bohemia river, on June 1, Wm. J. Huhn and James Gossage at a hearing before Justice Scotten, of Elkton, were held under $1,000 bail each for action of the Cecil county grand jury, which convenes in Elkton Monday.

Mrs. Bilgewater—Where have you been until this hour?

Mr. Bilgewater — Working at the office, my dear.

Mrs. Bilgewater — Then you must be made of asbestos. The building where your office is burned down at 10 o'clock.

Announcing the Annual Opening

DISPLAY and SALE of the New 1931 Line of the Wonderful

INSTANT LIGHT

Aladdin

KEROSENE

Mantle Lamp

WE extend a most cordial invitation to everyone to visit our store and inspect this new 1931 line of Aladdin lamps. Never before has such a beautiful and completely modernized line of kerosene lamps been available to the home owner.

The Aladdin kerosene mantle lamp is not only modern in design and finish but it supplies a modern white light which is the nearest approach to sunlight of all. Its light is brilliant yet soft and mellow—just the right intensity for use in the home. Economical too, actually pays for itself in the oil it saves in a few months. Burns for full fifty hours on a single gallon.

Come in at your earliest opportunity and see this new light demonstrated. See how extremely simple it is; how noiseless, smokeless and odorless; how plentiful and pleasing its light. Absolutely safe — no danger. Note its ten outstanding features in an adjoining column. Priced well within the range of every purse.

10 Outstanding Features

Burns Kerosene (coal oil) — Absolutely Safe — No Smoke
Lights Instantly — Equals 10 Ordinary Lamps — No Trouble
Economical — No Odor — No Noise
No Generating — No Waiting

All Popular Styles with Beautiful Decorated Shades in Glass and Parchment

This wonderful Aladdin available in table, vase, hanging, bracket and floor lamp styles with handsomely decorated shades in parchment and glass. The light will glorify and the shades beautify any home.

A full and complete line of Aladdin supplies for all models always on hand
