Kent News

SATURDAY, SEPTEMBER 20, 1930

The Democrats of Delaware in convention this week named the following State ticket:

United States Senator—long and short terms—Thomas F. Bayard, of Wilmington.

Representative in Congress — John P. LeFevre, Dover.

State Treasurer — H W. Hilyard, Kenton, Sussex county.

State Auditor — B. Guy Wheatley, Sussex county.

Insurance Commissioner — Samuel J. Furniss, Sussex county.

Democrats nominated for public office in the primary of last Monday in Queen Anne's can have no opposition in the approachiig November election. A new law passed at the last session of the Legislature prevents either Republicans or Independents from filing after the primary. Queen Anne's county, consequently, has the distinction of being the only political unit in Maryland in whic' the local Democratic ticket will be unopposed. Of course the State candidates will appear on the ticket, also candidates for Congress.

AMERICA'S CUP REMAINS IN U.S.

In a race that smashed all records for the America's Cup competition Enterprise on Thursday completed the rout of the last of Sir Thomas Lipton's Shamrocks on the high seas and the classic emblem of world yachting supremacy remains safely in the custody of Uncle Sam for the eightieth year since it was captured in British waters. The Enterprise won all four contests in a decided manner.

PLAN BILL TO AID MARYLAND FIREMEN

In an address before the Talbot County Firemen's Association meeting held in Trappe Wednesday night State Senator Earle W. Withgott declared that a bill would be introduced at the next session of the Legislature providing that a certain percentage of the gross receipts from fire insurance be turned over to the volunteer fire companies of the State.

"At the last session the bill calling for two per cent. of the receipts being paid to the firemen failed to become a law because you firemen could not agree," said Senator Withgott. "If you will come before the Legislature with some plan agreeable to all I believe you will get what you want."

The new bill, Senator Withgott stated, will not provide for a pension fund for the firemen, but will authorize that the money paid to the firemen be spent in up-to-date equipment, etc.

As a necessity for the measure Senator Withgott gave some figures on fires and fire losses in the twenty-three counties of the State. In 1929 the amount of fire insurance premiums paid was $9,110,582. Of this sum, $3,736,655 was returned for fire losses, he declared.

More than 3,000 fires occurred in the counties, averaging about 125 fires in each county in a year, he stated. Ninety-two of these were of incendiary origin, of which one or more persons in seventeen cases were found guilty.

The NEWS commends this action of Senator Withgott. This is the Bill favored by the Chestertown Volunteer Firemen and which was heartily recommended to them by the Kent Mutual Insurance Co. The plan is being used in Delaware and a nice sum turned over each year to help support these worthy organizations.

WHY GOVERNOR RITCHIE SHOULD BE RE-ELECTED

William Broening, Mayor of Baltimore, will be the Republican nominee for Governor. Mr. Broening is "wet" and is acceptable to the organization opposed to the Eighteenth Amendment. As Republicans usually vote their ticket, wet or dry, it is safe to say he will command the strength of his party.

Governor Ritchie will be the candidate of the Democratic party. Governor Ritchie is "wet" and is also acceptable to the opponents of the Eighteenth Amendment.

Now, what will Democrats do? Will they be as loyal to their party as the Reuublicans. Or, will they help to elect Bill Broening? We can ot conveive why any Democrat, who knows Mr. Broening, should select him in preference to Governor Ritchie.

Maryland must have a Governor and it would be hard to find a man better fitted for the office than Governor Ritchie. He is honest, he is able, he is efficient.

Governor Ritchie did not have a great corrupt political machine to elect him over the desires of the people, but the people kept him where he is because of his outstanding ability and honesty. He is not only a man of high intellectual attainments, but his rugged honesty is a by-word thruout the State. He will punish men of his own party if they do wrong, just as readily as he would those of the opposition. He is no trimmer- He is bold and fearless, and though the whispering vipers have attacked him again and again, he has crushed them beneath his heel and gone on to victory after victory.

Goveror Ritchie is a "big man." Unlike the Governor of many of the Republican States, he does his own thinking and acts according to his own judgment, rather than being the puppet of an ignorant, corrupt boss who depends upon vote buying, ballot stealing and bootlegging for success.

You must therefore face the facts If you are a Democrat and dry you will accomplish nothing by voting for Mr. Broening, over Governor Ritchie except you will be helping to place in the Executive mansion a man who stands for certain social and political equality that no Democrat will tolerate. It is needless for us to speak plainer of this; all intelligent Democrats know what we mean, and all know that what we say is the plain truth.

Again, we assert that Republicans will vote for the candidates of their party regardless of their stand on any question.

There are many strong reasons why Democratic men and women should not vote for Mr. William Broening for Governor, and there are many strong reasons why every Democrat should stand by his party and vote for Hon. Albert C. Ritchie for Governor. We will give other data later.

W. R. Kiddoo, of Goldey College, Wilmington, will be the principal speaker before the Chestertown Rotary Club at its regular weekly meeting next Monday evening. His subject will be "Objectives in Modern Accounting. The members of the Chestertown Mercantile Section of the Kent County Chamber of Commerce have been invited to attend the meeting by the Rotarians.

Since the State Roads Commission has started the three feet shoulder on either side of Washington avenue a group of citizens interested in the matter have raised a fund to widen the road from ditch to ditch. The curb and gutter are expected to follow, as well as return of the fund from the tax-payers of the town. The cost of the increased width is reported as $5,500 while the curb and gutter will be an additional $4,000.
