BAY BRIDGE SURVEY BEGUN

Engineers have begun their studies to determine the best method of connecting the Eastern and Western Shores, B. Howell Griswold, Jr., chairman of Governor Ritchie's Chesapeake Bay Bridge Commission, announced Saturday night.

He said he had sent out letters to all members of the commission, informing them that the engineering survey has been begun by the State because of the delay in the plans of private interests to construct a bridge between Millers Island and Tolchester. Present financial conditions, he said, are the cause of the delay.

Group Lacks Funds

The commission, having no appropriation with which to carry on its work, requested the Engineers' Club of Baltimore to appoint a committee to undertake the survey, Mr. Griswold explained. The committee comprises Bancroft Hill (chairman), Gustav J. Requardt, W. W. Pagon and Steuart Purcell.

Their work has not as yet advanced beyond the compilation of data, and there will be no results to announce for some time, Mr. Griswold said. As soon as a preliminary report has been prepared, it will be taken up by the commission, he added.

Not To Block Private Move

Stressing the commission's determination not to block private initiative in the linking of the Eastern and Western Shores, Mr. Griswold said hope that the project will be carried through by private capital has not been abandoned. He emphasized that the commission is not committed to any definite location for or means of linking the two shores, but was formed to study the entire situation.

If financial conditions improve so that the Chesapeake Bay Bridge Company's executives are able to carry through their plan for a toll bridge between Millers Island and Tolchester, the commission will withold its findings, Mr. Griswold said.

To Postpone Report

He added that, if State action seems inevitable, the commission will not make its report until the next Legislature convenes and then the report will be made to the Governor for him to pass on the General Assembly.

State construction of a span such as the one proposed by the Chesapeake Bay Bridge Company would cost between $10,000,000 and $12,000,000 and increase the State debt approximately 50 per cent. Mr. Griswold recently pointed out.

CONGRESSMEN NOMINATED

Maryland's primary election produced few upsets and caused some excitement.

Four of the six Congressmen were unopposed and the two with primary foes, Vincent L. Palmisano in the Third district and Stephen W. Gambrill in the Fifth, both Democrats, were easy winners.

Palmisano, elected in 1928 to represent a district sometimes referred to as "the wettest in the United States," defeated four opponents. In 1928 he won on the face of returns from John Phillip Hill, and Hill was without opposition for the Republican nomination.

William P. Cole, Jr., won the Democratic nomination in the second and the right to meet Representative Linwood L. Clark.

Reprsentative J. Charles Linthicum, Democrat, was unopposed in the fourth and the Republican candidate, without opposition, is W. O Atwood.

David J. Lewis, former congressman and former member of the Tariff Commission, apparently was the winner over Fuller Barnard, Jr., for the Democratic nomination in the Sixth district. Representative Frederick N. Zihlman, Republican, was unopposed.

RIDGELY HOTEL IN NEW HANDS

The Ridgely Hotel, conducted for the past four years by Mr. and Mrs. Joseph Greenwood, was sold this week to Mr. Charles T. Spry, of near Chestertown, Kent County. Mr. Spry with his wife wll move there within a short time to assume management of the property. Mr. and Mrs. Greenwood will move next week to New Jersey.

Mr. Spry wants it understood that the hotel will be operated first-class.

Fewer Maryland Farms On List

The Director of the Census has announced the number of farms in Maryland and the District of Columbia.

A farm, for census purposes, included by one person, either by his own labor alone or with the assistance of members of his household, or hired employes. When a landowner has one or more tenants, renters, croppers or managers, the land operated is considered a "farm." Any tract of land of less than three acres used for agricultural purposes, which produced products to the value of $250 in the preceding calendar year, is classed as a "farm."

NEW

POWER
SPEED
USEFULNESS

WE have seen many tractors in our experience, but never before anything that comes even close to approaching the new Case Model "C" Tractor.

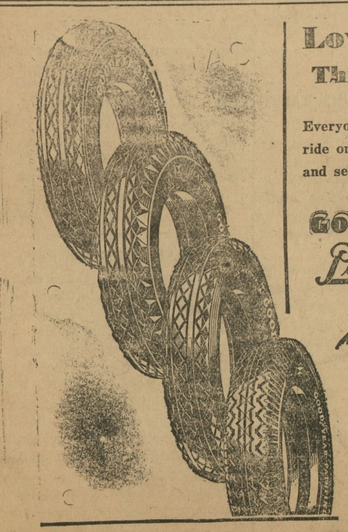

Here you have every advantage to make tractor farming still more profitable. You have power to pull 2-3 plow bottoms, a small to medium size thresher with all attachments, or other machines of like capacity. You have compactness and light weight. The tractor stands only 48 inches high, weighs but a trifle more than two draft horses. You have three forward speeds, 2⅓, 3⅓ and 4½ miles an hour.

Because of these advantages, there is practically no limit to the versatility of the Model "C". You can use it for more different kinds of work—more days in the year. You can take it into the field when a heavier machine would be useless. You can speed up every farm operation. Not least in importance, you can get into corners and tight places, because the tractor turns short and with far more ease than is customary.

Est. 1842

Never before have you been able to get a tractor with this combination of power, light weight, size, speed and ease of handling. By all means, come in and look it over.

Plows, Harrows and many other tillage tools.

Ninety Shopping Days Till Christmas

Maybe you think we are early but you won't continue to think so if you look over our wide assortment of givable gifts, carried the year around.

September shoppers will avoid crowds, find wide assortments and do our store a tremendous favor.

Of course there are some Christmas items we would advise you waiting on. Candies for instance. They won't be good in December if you buy them now and anyhow they wouldn't last until December. You'd eat them up and buy more, which, after all, would suit us nicely.

What we really want to get across is that it is never too early to begin your Christmas shopping and that there is no better place to do it than at our store.
