Lavinia — What made you quarrel with youpg Kissel?

Katrina—He proposed to me again last night.

Lavinia—What harm was there in that?

Katrina—Well, you see I had accepted him the night before.

Father—What are you reading, Adelaide

Daughter—A novel, Father, entitled "The Lovelorn Lovers."

Father—'Umph! The usual rubbish, I suppose

Daughter—Yes, Father. It's a book you presented to father years ago.

Thermometer's Qualities

There is no difference between an outside and an inside thermometer in the registration of the temperature. The same instrument may be used for both purposes.

Advantages of Latin

Language students have found that anyone who understands Latin reasonably well can master the romance languages in about one-third the time that a Latin-less person can.

Abandoned Poor to Fate

London's great epidemic of plague in the seventeenth century took off the poor; the wealthy and influential left the city, leaving the poor people unemployed and uncared for.

CRABBE SAYS NO CHOICE

The Baltimore News contained the following story regarding the attitude of the Anti-Saloon League toward Governor Ritchie and Mayor Broening as candidates for Governor:

"The Anti-Saloon League will not participate in a fight between two of our enemies, nor will we grow enthusiastic over the lesser of two evils."

That statement has been made upon several occasions by George W. Crabbe, superintendent of the Maryland branch of the anti-salaan League, and will hold good during the coming campaign unless Mayor Broening, Republican gubernatorial candidate, comes out as a dry, he said Tuesday.

It is understood that the league, which is watching developments in the approaching campaign, has not been approached by any of the Mayor's backers and that no word of his intention to declare himself on the prohibition question has been received.

It was said the dry group will hold a meeting of its executive committee, probably September 2, to discuss the aridity of candidates for the State Senate and House of Delegates from all parts of the State and to decide who is entitled to the support of the dry element.

With the primaries scheduled six days later, leaders of the Anti-Saloon League here will seek to determine by the record of the candidates whether certain ones measure up to the dry standard, while those who have never held office before will be requested to state their position.

Use Of Telephone Increases Steadily

President Wilson Sees No Marked Depression in Industry in Chesapeake and Potomac Companies' Area

The growth of the system of the four Chesapeake and Potomac Telephone Companies operating in the States of Maryland, Virginia, West Virginia and the District of Columbia, for the first four months of this year shows a steady increase in the use of the telephone, Lloyd B. Wilson, president, states.

"This," Mr. Wilson says, "is reflected in the number of telephones, originating calls and the gross telephone revenues. While this increase, in general, is below the normal rate of growth, it shows no marked depression as affecting the telephone industry in this area."

Lloyd B. Wilson

In the area operated by the four Chesapeake and Potomac Companies the number of telephones on April 30, 1930, was 631,630, an increase of 12,920 since the first of the year. On April 30, 1929, the number of telephones was 596,409, which was an increase of 12,149 telephones for the first four months of 1929.

Originating telephone calls, according to Mr. Wilson, increased about 7,180,000 for the first four months of 1930 as compared with the same period in 1929.

Gross revenues for the first four months of this year increased 4.6 per cent over a similar period last year.

The construction program for the first four months of 1930 involved expenditures of approximately $6,562,000 as compared with $4,021,000 for the same period in 1929. These expenditures were not entirely due to the growth as a considerable part of them was for plant replacements. Further additions and replacements to telephone plant now contemplated will involve additional expenditures during the remainder of the year of about $11,000,000.

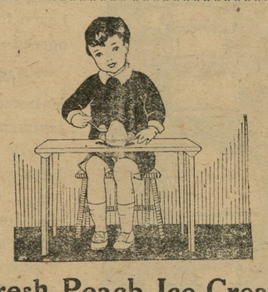

"By continued use of well-directed sales effort," Mr. Wilson says, "we expect to realize a moderate rate of growth for the remainder of the year."

Country towns as a whole are gaining population. The gain for 3,395 of the 5,003 towns is2,145,076, while the loss of the other 1,608 towns is only 283,955. The net gain for the 5,0003 towns is 1,861,121.

This analysis includes country towns ranging from less than 1,000 to 5,000 population, inclusive.

HORSE SHOW ON FRENCH FARM

At a meeting of the committee held on Monday it was finally decided to hold the Sixth Annual Kent County Horse Show on the farm where Wm. French lives, on Wednesday, August 20th.

Last year's show was held on this farm but the field used then is now in corn. The field selected for this year is somewhat smaller than the committee would like to have, but it seems that it is the best that can be obtained. All of the other fields which have been offered or looked at by the members of the committee on the Show Grounds have been found to be [illegible] full of ravines or too too rough, and [illegible] far from the places where most of the horses are stabled, or not on a State road.

The officers of the Horse Show Association are the same as those last year, they are as follows: Wilbur R. Hubbard, president; C. M. Newcomb, secretary; Stephen R. Collins, treasurer.

Show Ring Committee: Harry Nicols. William J. French, William Touslon, Grover Coleman, and Frank Coleman.

Marshall: Edmund Hurtt.

Announcer: H. Stockton Startt.

The Kent County Horse Show has always aroused a great deal of interest throughout the county and has drawn horses and spectators from the neighboring counties and some people from Baltimore, Wilmington and Philadelphia.
