IN MEMORIAM

In sad but loving thoughts of our only son and brother, Adam C. Fowler, who passed away Aug. 17, 1925.
You suffered hours, yes hours of pain
To wait for cure, but all in vain,
Till God alone knew what was best,
He called you home to give you rest.
No one knows the silent heartache,
Only those who have lost can tell;
For the grief that is born in silence
For the one we loved so well.

Galena Wins From St. Georges

The play-off game to settle the championship of the Chesapeake Bay League for the first half of the season was won by Galena, 4 to 2, with St. George's on the losing end on Saturday.

The tilt, played before one of the season's largest crowds of Delmarva Peninsula fans, was a pitching battle between E. Coleman for the locals and J. McCarthy.

The former struck out seven and the latter two and each received sterling support in the field.

In the third inning W. Johnson doubled and Clendaniel was safe on an infield error. Hadley singled safely as Johnson was tagged out at the plate. The two runners scored on Peacock's single to right field. In the sixth Woodall was safe on a sinled to center, scored on F. Coleman's double and Coleman came home on Hadley's single. St. George's scores were made in the third frame when Stickel walked and scored on J. McCarthy's triple.

P. McCarthy's single to right brought in the second tally.

Forfeits Tilt In Fifth

The St. George's Club, in its second game of the day forfeited the tilt to Kennedyville when a close decision by Umpire Hanson Horsey offended the visiting club and they walked off the field with the score standing 6 to 1 in favor of Kennedyville in the 5th inning.

The local club, which is leading St. George's by a close margin in the race for championship honors for the second half, was placed in a commanding position.

Newark, 3; Cecilton, 2

In a close pitching fracas between Bristow, hurling for Cecilton, and Whiteman, Newark nosed out the local outfit by a 3 to 2 score, retaining its position in third place in the Chesapeake Bay League.

Whiteman, Buckingham and Malone aided the victory by well-timed hits.

CHANCE FOR LOCAL SINGERS

Mrs. Cleveland S. Smith, familiar to residents of this city for her interest in music and constructive promotion of the community's musical interests, is now conducting a search for the best young man and best young woman singer in the city between the ages of 18 and 25 years, as possible representatives of Chestertown in the Fourth National Radio Audition. Mrs. Smith has been appointed local chairman of the 1930 Audition by the Atwater Kent Foundation of Philadelphia and is anxious that some local singer shall participate in the division of the aggregate awards of $25,000 in cash and ten scholarships that will go to the national finalists.

Contests will be held in the individual cities and towns throughout this State for the selection of local winners, one boy and one girl. From among the local winners the State's contenders for territorial and national honors (one young man and one young woman) will be selected.

From this point all expenses of participants in the contest will be borne by the Atwater Kent Foundation. The two State winners will be taken to a district contest and be placed in competition with the winners from the other States in this district. From among them two district champions will be chosen. Similar eliminations will be held in four other districts, leaving ten contestants for the final Audition. These boys and girls will be taken, by way of Washington, D. C., to New York, where the National Finals will be broadcast through a coast-to-coast network for final rating by a board of distinguished musicians.

Practically all of the winners of the 1927, 1928 and 1929 Radio Auditions, are now well along the road to success, by virtue of concert engagements, professional broadcasting and, more recently, the sound movies, for which young singers who screen well are in demand. The local committee is Mrs. W. F. Jarrell, Mrs. D. B. Ford, Mrs. Cora McWhorter Green, Mrs. Leo King, Mrs. A. L. Mitchell, Wilbur Ross Hubbard.
