free wheeling makes THE PRESIDENT EIGHT more than ever champion of the world

OVERNIGHT, the marvel of Free Wheeling *with positive gear control* has captured motoring America. Studebaker's initiative in developing and perfecting this exclusive feature, manufactured under Studebaker patents, is the subject of world-wide compliment.

Yet, the limelight of motordom's approval is no new experience for Studebaker.

Look back to July 21—August 9, 1928. You find the President Eight traveling 30,000 miles in 26,326 minutes—a feat that established 5 world and 18 international records; that made The President undisputed champion of the world.

That accomplishment still stands unmatched and unchallenged. Yet, today's brilliant new President Eight, offering you Free Wheeling *with positive gear control,* is a larger, more powerful, more beautiful edition of this World Champion car. Now it gives you world championship stamina and speed—plus Free Wheeling! Arrange to drive it today!

The benefits of Free Wheeling are manifold:

You shift from high to second, back and forth, at 40—50 miles an hour, and never touch the clutch. You need use the clutch only to start or back up.

The braking power of your engine is available as readily as in conventional cars.

For the first time in a motor car you get the full benefit of momentum automatically. *When your car has gone 10,000 miles your engine has "worked" only 8,000 miles.*

You save 12 per cent on gasoline, 20 per cent on oil—even more in heavy traffic.

Strains on engine, transmission and axle are lessened. Tires wear longer.

There is nothing new to learn—Free Wheeling with positive gear control is simplicity itself. You drive just as you do in a conventional car.

World Champion PRESIDENT EIGHT—122 h. p., 130-inch & 136-inch wheelbases—$1850 to $2600
