SATURDAY, APRIL 12, 1930

State Senator David G. McIntosh, Jr., Friday withdrew his candidacy for the Democratic Gubernatorial nomination, announcing that the organized support on which he had relied was not forthcoming.

It is believed that Chestertown stands a good chance of securing an appropriation for the erection of a new postoffice building because of the passage of a bill in Congress providing for the expenditure of $345,000,000 for public building operations throughout the country during the year.

Congressman T. Alan Goldsborough has Chestertown included in the list of towns for which appropriations were provided in the bill, and it is practically certain that the appropriation will be made.

T. Alan Goldsborough, Democrat, of Denton, has represented the district for five terms and it is generally conceded that he will again seek the nomination. In this there has been no indication to date that he will be opposed.

The Republican candidate in the last election was O. Stengle Marine, of Cambridge, who failed to defeat the Democratic nominee even in the face of a huge Republican landslide throughout the State.

Filing his certificate as a candidate for the Republican nomination to the House of Representatives from the first Congressional district, Jermone D. Jefferson, of Federalsburg, has entered the race for election to this office. Mr. Jefferson, who has the support of a number of the business, banking and professional men of the district, is a son of the late Thomas O. Jefferson, for 16 years postmaster there and an active Republican party leader of Caroline County. He is a grandson of the late Dr. Charles W. Jefferson, a leading physician and surgeon of that section, and a nephew of the late Dr. R. Kemp Jefferson, well known physician.

PROPOSAL FOR NEW SHORE TRUCK ROUTES

The application filed with the Public Service Commission by the Baltimore Transfer Company and the Peninsula Auto Express Company for permission to establish a system of freight truck operation on the Eastern hore should be carefully considered by the commission before considering granting them a franchise.

It is up to these applicants to show that the towns they desire to serve are not now getting satisfactory service at the hands of independent operators and if they cannot show this then the franchise should not be granted.

It is reported that the Pennsylvania Railroad or its affiliated companies are back of or sponsoring the move. This paper is not concerned as to who or what company is back of the movement, but the people of the Eastern Shore should and we believe are vitally concerned, that the independent truck operators on the Shore are not frozen out. We believe they are giving the Shore better and quicker service and at much lower rates than the people of the Shore enjoyed before the truck service came into existence.

A branch office of the Maryland, Delaware and District of Columbia prohibition area was opened at Salbury, Md., with Prohibition Agent Irvin W. Windsor in charge.

ALLIS-CHALMERS TRACTORS FOR SALE

C. S. CHURCH, GALENA, MD.
Come in and look them over.

The Improved Fordson Agricultural Tractor develops more power, and starts easily . . . .

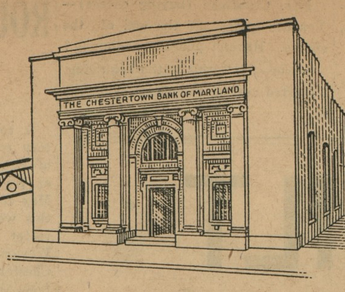

A 30-HORSE-POWER engine makes sure of ample power for the field work, for the belt, for every farm job that requires pulling, pushing or stationary power.

A high-tension magneto with enclosed starter coupling insures easy starting. It makes no difference how snappy the morning, the starting system on the new Fordson will operate easily.

Come in and see the Fordson Agricultural Tractor. We want to show you its new features. There are 16 altogether. We want to show you how easy it starts and how the motor sounds. We want to give you a booklet that describes in detail this farm tractor. Ask for a demonstration.
