EMULSIFICATION

JUST as emulsification of the butter-fat in milk makes milk one of our most easily digested foods, so emulsification improves the taste and digestibility of the pure cod-liver oil in

SCOTT'S EMULSION

It's the reason that millions of children and grownups prefer it to all other forms of cod-liver oil.

Be sure the cod-liver oil you use is emulsified—that it's Scott's Emulsion.

EXTREMES

Manager F. N. Shepherd or the American Bankers' association was talking at a dinner in New York about a shorn lamb of the stock market.

"Oh, well, he took his shearing in good part," Mr. Shepherd said. "His last words as he left the street for good and all were:

"'Extremes meet, gentlemen. I have burnt my fingers and it's given me cold feet.'"

Full Service Required

The life saving crew had just pulled the man's wife out of the water. She was unconscious, rescued while going down for the third time, and the husband was almost distracted.

"Shall we apply artificial resuscitation?" asked one of the rescuers.

"No!" bellowed the man. "She's all I have, and I want the real thing!"

Convicts Himself

"I despise hypocrites. Take Smithson, for example; he's the biggest hypocrite on earth."

"But you appear to be his best friend."

"Oh, yes; I try to appear friendly toward him. It pays better in the end."

Coerced

"Oh, so Mainwaring is going to be married?"

"Yes, a film actress!"

"Indeed? Couldn't live without her, I suppose?"

"No—well, not without a breach of promise action, anyhow!"

Readily Explained

"Is your wife literary?"

"I dunno as she is."

"I see she has a fine set of Shakespeare."

"She got that with a reducing machine."

Tough Duck

"Excuse me, madam, but—er—you haven't paid for that duck you 'ad some time back."

"No; my husband sprained his wrist so badly carving it that he has been unable to write out your check."

SILVER-LINED CLOUD

"In money matters he's under a cloud they say."

"Well, he's lined it with silver, so nobody cares."

We Wonder

When Gabriel toots his horn
I wonder if we'll hear
Its note above the noise
Of auto horns down here?

Order of Scruples, Please

Woman in Butcher Shop (indignantly)—Have you no scruples whatsoever?

Butcher (amiably)—No, ma'am, but I can order you some for tomorrow.

Cheap Meal

"How were the eats?" asked hubby of his better half just back from a dinner party at the new neighbors.

"Well, it was the sort of meal you look for a paper napkin with."

Job Must Be Done

Would-Be-Suicide—Don't rescue me. I want to die.

Swimmer—Well, you'll have to postpone it. I want a life-saving medal.

A Bit Early

Father—Isn't it time you were entertaining the prospect of matrimony?

Daughter—Not quite. He's not coming until eight o'clock

THE CULPRIT

"I had my pockets picked last night."

"Why, I didn't know you were living with your wife again."

Brotherhood

I value his successes new
Which Fame is happy to discuss.
And his mistakes I value, too—
They prove he's human, just like us.

Stern Reproof

Lady of the House—I've called you in about a damp patch in the kitchen.

Plumber—'Ere! Steady, lady! Strong language never 'elped!

Restless

"Jim, I hear you've retired."

"Yeh."

"Well, how are you, old hoss?"

"Well, I miss the harness."

Florida Well Named

The name Florida is from the Spanish "Pascua Florida," meaning feast of the flowers, the Spanish name for Easter. The tradition is that the state received its name at Easter, 1513.

But What a Value!

A business of $200,000,000 a year has been built up out of materials dumped into wastebaskets. There's a value in those poems people send to newspapers, after all.—Altoona Mirror.

An Explanation

Electricity travels at the rate of 11,600,000 miles a minute. Which may explain the frequency of our light bills.—Arkansas Gazette.

Mending Faults

How few there are who have courage enough to own their faults, or resolution enough to mend them!—Franklin.

From the Greek

The alphabet takes its name from a combination of alpha and beta, the first letters in the Greek alphabet.

Joy for Reckless Drivers

A million new telephone poles are set up each year. This assures raw material for the most popular sport among young motorists.—Washington Post.

One Does

Are boyish girls more attractive than girlish boys; or does one prefer girls to be girls and boys to be boys?—Terre Haute Tribune.

Tolerance Test

The acid test of a people's tolerance is its reaction to an old-fashioned umbrella in a crowded street on a wet and gusty day.—Detroit Free Press.

Kept Busy Dusting Books

Forty men spend all their time dusting and keeping the books in the British museum library clean.

Chinese Dwellers on Water

More than 2,000,000 of the Chinese population of 425,000,000 live on water.

for Economical Transportation

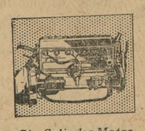

CHEVROLET

It's wise to choose a SIX!

After all, it is a perfectly simple matter to decide which automobile to buy. Only two questions must be answered to your satisfaction—

***First:* Which car gives the most for my money?**

***Second:* Which car represents the soundest investment in satisfaction and pride of ownership?**

Six-Cylinder Motor

In buying a low-priced car consider the following facts:

It is wise to choose a six-cylinder motor—for six cylinders are necessary to take out vibration and roughness. Six-cylinder smoothness will save the motor, the whole chassis, the body, the passengers, *and the driver.*

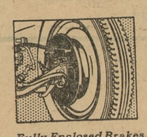

The Chevrolet is a six. And yet it sells at a price that anyone can afford to pay.

This very low-priced car lasts longer, not only because of fine materials and oversize parts, but also because it is a six. Its big, smooth, 50-horsepower six-cylinder engine is always "taking it easy." There is no feeling of strain at any speed.

With all its six-cylinder smoothness and power the New Chevrolet Six uses no extra gasoline or oil. Efficient design makes this possible—overhead valves—high compression power from any fuel—very latest high-acceleration carburetor—close-fitting, long-wearing pistons—crankcase ventilation—air cleaner. You can really have extreme economy and still satisfy your ideal of truly modern transportation.

Chevrolet economy is also the mark of Chevrolet sincerity in manufacture. To illustrate:

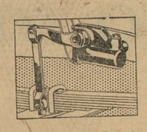

Chevrolet valves are readily accessible and adjustable. This saves replacing valves, and also makes it possible to *preserve* efficiency.

Fully Enclosed Brakes

A similar example is found in Chevrolet's molded brake lining—reducing the necessity of frequent replacement, and consequent expense.

Furthermore, there is a rear axle inspection plate on the new Chevrolet Six. This makes it unnecessary to take the axle apart to examine it or clean it.

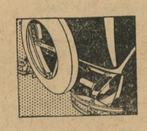

Delco-Lovejoy Shock Absorbers

The Chevrolet Six is full of such evidence that true motor car economy comes from advancement and refinement.

Like the finest cars, the Chevrolet Six provides the comfort and protection of four springs controlled by hydraulic shock absorbers. They are mounted lengthwise, in the direction of car travel, and self-adjusting spring shackles maintain quiet.

Safety Gasoline Tank

With modern low suspension and extra wheelbase, the Chevrolet Six has excellent proportions.

Its impressive front view is distinguished by the genuine honeycomb radiator, another mark of modern cars.

The gasoline tank is in the rear, for safety and finer appearance.

Chevrolet beauty instantly says "Body by Fisher"—costly car style, with the permanent quiet of Fisher composite steel-and-wood construction.

Body by Fisher also gives you a genuine non-glare windshield, adjustable driver's seat, more space, deeper cushions, clearer vision, finer fabrics and fitments.

There is just as much extra value everywhere in the car. BY ANY STANDARD the Chevrolet Six is the greatest value in the low-price field.

It is wise to choose the Chevrolet Six with its six-cylinder valve-in-head motor . . . with full scientific equipment . . . with its Body by Fisher . . . with four long semi-elliptic springs, long wheelbase, low suspension, rear-mounted gasoline tank, honeycomb radiator and all the many other features of this day and age.

See your nearest Chevrolet dealer today and drive a Chevrolet Six. Ten minutes at the wheel will show you what a remarkable difference six cylinders make.
