You are sure to want the Spreader with the Automatic Feed Safety

If you ever drove a spreader and forgot to shut off the feed after stopping the cylinders, you will certainly appreciate this new invention. No more digging out of jammed cylinders or breakage of conveyor parts through forgetfulness, when you own this latest model.

NEW IDEA

The Automatic Safety Feed is a New Idea invention. It automatically stops the feed whenever you stop the beaters—unless you purposely want to keep it running as when clearing out the last of the load. Here is just another example of the many exclusive advantages offered by the New Idea Spreader—the best value your money can buy. Lightest in draft, easiest to handle and strongest of all spreaders. Come in and see it.
