Kent News

SATURDAY, JANUARY 11, 1930

A heat wave hit the East this week the mercury registering 67 degrees while in the West the temperature was 40 degrees below zero.

The work of Sheriff Hadaway, officer Cooper and others in arresting the thieves who robbed the railroad office Saturday night is worthy of commendation. Kent is proud of its officials who work night and day in ferreting out crime and we are lucky in having such experienced men. Several robberies of turkey houses are also reported and the thieves safe in jail. The Court will give commensuriate sentences we are sure.

THREE ELECTIONS TO BE HELD HERE

Chestertown will enjoy three elections this year, and this priviiege will be accorded other towns of the county.

The first will be in April when a Councilman will be elected, and before the smoke of battle in this contest blows away will come a primary election which will be early in the Fall.

The primary election will no doubt have to do with a choice of candidates from Governor down to the smallest office.

Just what contests there will be among the Republicans is not as yet brought out. It is not likely that there will be much of a primary except in the matter of gubernatorial candidate.

It is very likely that the town election will be especially spirited, as there will be several candidates for the office to be filled. As for the county offices so far there has been little discussion, but announcements are to be expected at any time now.

Wm. Mason Shehan, Counsel to the Easton Board of County Commissioners, has tendered his designation, and this has been reluctantly accepted by the Board. Inability to give the work proper attention, due to other and pressing matters caused Mr. Shehan to resign. No appointment has been made as the Board expects to refer its legal matters to the State's Attorney. This is the second political appointment Mr. Shehan has resigned, his first being that of State Insurance Commissioner. When that resignation was announced it created great excitement throughout the State as it was an important political post.

COOLIDGE, SMITH PICK RECIPIENTS OF $6,000,000

Former Presiden Coolidge, former Gov. Alfred E. Smith and Julius Rosenwald, of Chicago, the committee of three prominent citizens chosen by Executors under the will of Conrad Hubert, have announced the names of 33 institutions selected by them to receive approximately $6,000,000.

Mr. Hubert, inventor of the pocket flashlight and other electrical devices, died February 14, 1928, at Cannes, France. He directed in his will that three outstanding Americans—A Catholic, a Protestant, a Jew—be appointed to determine the institutions to which three quarters of his fortune should be distributed.

For this purpose the fund was divided into three classifications, Funds on hand, totaling $4,600,000, will go to 15 institutions. In the second group eight institutions will receive the first million dollars of the residuary estate and in the third group ten institutions will receive bequests from the remaining funds. Among the latter is the Institute of Law at Johns Hopkins University, the only Maryland beneficiary.

Mr. Smith said Mr. Hubert had made a unique provision in his will and that the committee, under the will, had been the judge of how much to give each institution, as well as what institutions should benefit.

"We have tried the best we know how to have this money make more money for charity." Mr. Smith said.

He explained that a number of circumstances had been taken in consideration in distrubuting the fund.

"We have tried very hard to have the service from the expenditure of this money spread over the largest number of people," he said, citing the bequest of $500,000 to the Provident Hospital of Chicago, to be used to train young negroes to be physicians.

The Daniel Guggenheim Fund for the promotion of aeronautics has given a certificate to the Standard Oil Co., in Chestertown, for completing the work of indentification for the service of aerial navagation thus contributing to the establishment of a nation-wide system of transportation by air. The name Chestertown with arrow pointing to the airport is located on their plant near the milk station.

Governor Ritchie distinctly indicated his intention of running for a fourth term and he paved the way for that announcement later in an address before more than 1,000 persons at the Concord Club's Jackson Day dinner at the Lord Baltimore Hotel Tuesday night.

"Every Democrat in Maryland has the clear right to be a candidate for Governor and nobody can critize any who chooses to exercise that right," the Governor asserted. "This admits everyone. It does not exclude anybody. And it does not exclude the man who happens to be Governor from submitting himself again to the free choice of a Democratic primary."

Gov. Ritchie also said that the man nominated at the Democratic primaries next September will be the next Governor of Maryland.

TOWN FATHERS MEET

The monthly meeting of the Chestertown Commissioners was held on Monday evening. Complaint against the use of air rifles in town by boys was heard and officers notified to enforce the ordinance published in this issue of the News.

The Raymond Concrete Company assumed all responsibility for the cave-in of the town wharf and will repair same at once. They expect to drive some piles and repair sewer in a more permanent manner than they found it.

The town's finances were discussed and all agreed that an effort should be made to pay off the indebtedness with a bond issue next year. Also to increase the tax rate to enable needed improvements. The charter is obsolute and should be revised.
