CHRISTMAS

By Alice Mathews.

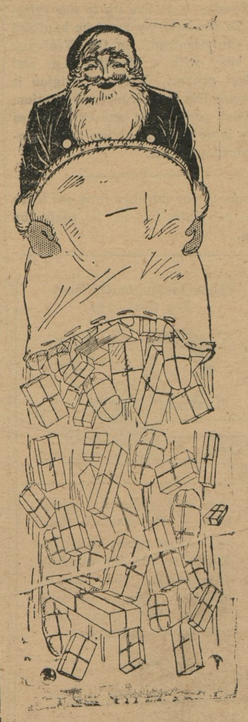

When near your door old Santa Claus
At Christmas-time doth kindly pause,
I trust he'll bring you lots of things,
A book, some jade, a bird that sings,
And leave them for you, so you'll sight
Just what you yearn for, with delight!
Candy and fruit, and jollity—
Surely O dearest friend you'll see,
And merry Christmas thus be shown
The very happiest you've known.
Such is my earnest wish for you—
May Heaven extend a blessing too,
And may the coming year all through
Sweet love continually renew,
'Till it would seem, spurred on by rhyme,
That every day, were Christmas-time.

How we do appreciate good health —when we're sick.

The New Case Hammer Feed Mil[illegible]

CAREFUL study of all the requirements of present day feed grinding went into the development of the New Case Hammer Feed Mill. As a result, it has many valuable features not found in other machines. These new advantages contribute much to its profitable performance.

It is unusually simple in design, being of the semi-rigid hammer type. It has a feeder equipped with both a volume and a speed governor. An efficient speed jack is regular equipment.

FILLS MODERN NEEDS

The Case mill will grind all kinds of grain and roughages to any fineness desired. It will grind grain alone, roughage alone or both together.

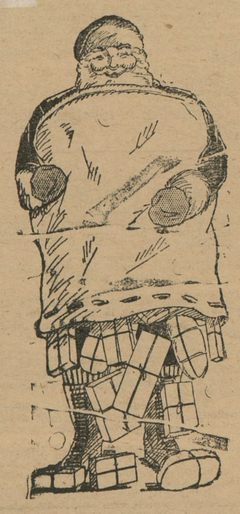

It is the most popular size among dairymen and livestock feeders. Any ordinary 2, 3 or 4 plow tractor can be used or power.

Sturdy, compact construction permits easily moving and setting this mill anywhere—outdoors, inside or on a truck.
