IN MEMORIAM

In loving memory of Adam C. Fowler who departed this life six years ago August 17, 1925.
Remembrance is a golden chain,
Death tries to break, but all in vain,
To have, to love and then to part,
Is the greatest sorrow of one's heart.
The years may wipe out many things
But this they wipe out never—
The memory of those happy days
When we were all together.
By His Parents and Sister.

DISPOSAL PLANT HEARING HELD

Representatives of the State Board of Health, Kent County Chamber of Commerce, The Kent County Public Health Association, Rotary Club, Parent-Teacher Association and residents of the water-front section of the city conferred with the Mayor and City Council last Friday night concerning construction of a sewage disposal plant for Chestertown.

All town sewage at present is dumped into Chester river.

Dr. A. E. Goodrich, chief engineer of the State Department of Health, submitted the results of tests made last week of the river water in the vicinity of the sewage outlet and elsewhere, which showed sixteen per cent as the minimum of pollution of the water at points where tests were made.

He pointed out what the State Board of Health regards as a menace to the health of the community, and urged construction of a sewage plant.

Dr. R. G. Beachley, resident deputy State health officer; Mrs. Nora C. Maxwell, president of the Kent County Public Health Association, the Rev. C. L. Atwater, rector of Emmanuel Protestant Episcopal Church, Dr. Paul E. Titsworth, president of Chamber of Commerce, Prof. L. C. Robinson, Kent School Superintendent; J. S. Kreeger, A. S. Turner and Conlyn E. Noland from Mercantile Section of Board of Trade, Thos. W. Perkins, Mrs. Browne Metcalfe, Mrs. J. T. Kibler, Mrs. Thawley, Mrs. C. W. Whaland, and residents along the water front also spoke.

It was said at the meeting that the plant could be built for $18,000 to $20,000. Discussion of the project developed that only two towns on the Eastern Shore have such plants — Federalsburg and Easton.

Mayor Satterfield announced he and the Council would take the matter under consideration and make known their decision at the next monthly meeting, to be held September 7th.

A letter, asking the Mayor and Council to request the State Board of Health to provide for the erection of the plant was submitted to the Council by Dr. Beachley.
