THINK WOMAN PLAYED A HOAX

Firemen, of the first-aid unit of the local fire company, assisted by veteran watermen, have made such a persistent, but futile, effort to recover the body of Mrs. Rose Newton, age 41, who was reported to have been missed after she waded out in the deep water in the Chester river, that they are beginning to doubt whether the woman actually drowned. Following an investigation at the home of Mr. and Mrs. Frank McGinnis, where she made her home, they found that all of her clothing and effects had disappeared, which further aroused their suspicions that she may have planned a hoax to disappear.

It is also reported that she had an accomplice who carried her to the Ferry and that she is now in Baltimore. As to the object of the hoax no one seems to give any solution.

LATER—The body was found yesterday afternoon near Buckingham wharf.

BAND GOES TO OCEAN CITY

The Chestertown Volunteer Firemen left here yesterday at 5.30 A. M. for Ocean City to participate in the parade held annually in connection with the State Convention. The members of the band made the trip in the newly purchased bus, which will be used in transporting the musicians to the various scenes of their concert. The bus, capable of carrying around 20 men was purchased Tuesday from Fred W. Jump, of Centreville, who had been using it for a number of years.

The State Firemen's Convention is a three-day affair. Officers of the association were elected Thursday night and Governor Albert C. Ritche was the speaker on that occasion.

E. Scott Thompson, Ernest Leverage, Williard Thawley and William Blakeney were delegates from the Chestertown Company.

NARROW ESCAPE IN PLANE

Allan B. Harris, sales manager of the Hagerstown branch of the Fairchild Aviation Corporation and son of Mr. and Mrs. Allan A. Harris, of Chestertown, had a narrow escape from injury when attempting a take-off in his monoplane from the Chestertown airport, Tuesday morning.

Mr. Harris, who lives at Garden City, Long Island, flew to Chestertown Monday evening and spent the night with his parents. When attempting to take-off on Tuesday morning his plane's progress was checked and the ship nosed over. The pilot was unhurt but the plane was damage to such an extent that it was necessary to partly dismantle it and tow it back to the home airport.

The propeller on the plane was broken and the ship otherwise damaged. The wings were removed, placed on a truck and the fusilage towed back.

FOR RENT

Nine-room house on High street; all modern conveniences; also Arcola heat; $25.00 per month. Apply to (Miss) Lucie J. Frazier, 1819 G St., N. W., Washington, D. C. jy4-tf

FARMERS TO VISIT NEW YORK NEXT WEEK

Representative farmers from the fourteen counties on the Delmarva peninsula will spend Tuesday and Wednesday of next week in New York City on a tour of the produce terminals at which the major portion of their fruits and vegetables are handled.

Through the cooperation of Dr. F. B. Bamberger, assistant chief of the division of Co-operative Marketing of the Federal Farm Board, and Russell G. East, agricultural agent of the Pennsylvania Railroad, each of the peninsula counties will send its county agricultural agent and three farmers on the trip. While in New York the principal interests of these agriculturists will be a study of markets and marketing of farm products.

GREAT GAME HERE TODAY

The deciding base ball game for the first half championship of the Chesapeake Bay League will be played this Saturday, July 11, on the Washington College grounds, Chestertown, at 2.45 P. M., between Church Hill and Rock Hall.

The game should be a battle royal. Loller and Carey, pitching aces for the two teams, are in fine shape and both will pitch their best to win this game. These pitchers have been rivals for some time, and a pitching duel may be looked for.

Seating accomodations are ample to take care of a big crowd. The game will start promptly at 2.45 P. M. Games previously scheduled by these two teams will be later as double-headers.

There will be no change in the admission price for the championship game Saturday afternoon. Just 25 cents, the regular league admission charge will be asked for this game.

Hans Horsey, veteran of the major leagues and former Eastern Shore League umpire, will be umpire-in-chief of Saturday's title tilt and Pete Rasin will be the assistant arbiter.

PRIZES AWARDED

The following prizes were awarded at the Sudlersville Firemen's Carnival. On Parade Night, Chestertown won $20.00 for having the best band in line; Middletown, Del., for having the most men in line received $10.00; Rock Hall, $10.00 coming the longest distance. The Tudor Ford Sedan was won by Spun Stevens, of Millington. The nightly free prizes were awarded to Mrs. Alan S. Walls; Mrs. Wm. T. Roe; Thos. Gillespie, Mrs. Oliver Ervin; Victor Gillespie, Mrs. Edward Gillespie and Mrs. Edw. Stevens.

Centreville, Chestertown and Easton Fire Companies were awarded $10,000 each at the Matapeake Firemen's Carnival Parade held at Matapeake, Thursday night, July 2nd. A large crowd was on hand for this event. The carnival was held to help get fire protection for Kent Island.

MRS. SMITH MADE CHAIRMAN

Mrs. Cleveland Smith has been made chairman of the Second Eastern Shore Atwater Kent Radio Audition, to be held in September. Various counties will hold preliminary contests and select the two best young women singers and the two best young men singers, who will compete in the Audition to be held on the Peninsula. Chestertown is making an effort to have this event take place at the College. The age limit of the contestants is 18 to 25 years. A sub-chairman and committee will look after the interest of each county.

MANY farmers in Kent are experiencing an unusual growth of wheat in fields where the drought prevailed last year. George Lambert, Will Toulson, Bernon Barnett and others near Chestertown cut fair crops of wheat from fields that never had a grain sowed last Fall. The fields last year produced fair yields, but the dry weather caused the grain to fall from the straw, lay in the soil until rains caused them to germinate and bring forth another crop this year. Some fields of oats have reproduced themselves in a similar manner.

Mrs. Samuel Vannort, while attempting to raise a windaw at her home on High street Wednesday morning, fell and fractured her right arm in several places. Dr. Simpers rendered first aid and on Thursday her daughter, accompanied her to University Hospital, Baltimore, where she will receive further attention. Mrs. Vannort is well up in years and her many friends regret the accident.

491 VOTERS IN CHESTERTOWN

Election To Be Held Under New Charter Monday, July 20th—Opposition For All Offices But One.

The time limit for filing candidate certificates for mayor and four members of City Council, prior to the first election to be held here under the new city charter, Monday, July 20th, expired Sunday at midnight.

President E. Scott Thompson of the board of commissioners, will oppose former President Charles N. Satterfield for Mayor.

John W. Barnes, veteran newspaper man and former member and Mayor of the Board of Town Commissioners, will run for City Councilman from the newly created Third Ward, against Henry Gill, young manufacturer of this town who is now a member of the town board. The board will be abolished after the coming election, in favor of a mayor and city council composed of one member from each of the four city wards.

Harry W. Fallowfield will oppose George Rash in the Fourth; George W. French, member of the town board, will run from the Second and R. Hynson Rogers, local lawyer, from the First. Mr. Rogers is the only candidate with no opposition.

The remuneration in a financial way of these important town officers is as follows: Mayor $300; town council $1 for each meeting attended.

The registration resulted as follows: First Ward—120 white, 4 colored; Second Ward—152 white, 15 colered; Third Ward, 100 white, 6 colored; Fourth Ward, 100 white, 9 colored. Total 491 white and 34 colored.

In previous town elections it has not been necessary for voters to register. There are over 600 eligible to register. At last town election 508 voted.

At the election of July 20th the voters from each ward will elect their own Councilman and at the same time vote for a Mayor, who is a candidate at large.

The division of the wards is as follows:

First Ward includes all property from the river to the center line of Queen street.

Second Ward includes all property from the center line of Queen street to the center line of Kent street by the line of Kent street and bounded on the north by the line of the leasehold property of Washington College.

The Third Ward includes all property from the center line of Kent street to the Brooks' Mill and bounded on the North by the center line of Prospect street to the line of the leasehold property of Washington College.

The Fourth Ward includes the leasehold property of Washington College which is all property north of a line drawn from the Arch, at the intersection of Washington avenue and Maple avenue, to Prospect street thence to the railroad tracks.

All citizens assessed for $200 or more and whose taxes have been paid are eligible to vote in the municipal poll provided that they have been duly registered.

Issues have been lacking thus far in the campaign. No party affiliation is necessary in the municipal election and hence no party issues are made. It is said that some of the candidates will seek votes on the grounds that they are opposed to Sunday play on miniature golf courses. The candidate from the First Ward is expected to favor a sewage disposal plant for Chestertown, while candidates from the various wards will naturally seek improvements in their own particular areas.

MR.SHRIVER HEADS COMMITTEE

J. Alexis Shriver, who was appointed one of the Maryland George Washington Bi-Centennial Commission, by Governor Albert C. Ritchie, has been made Chairman of the Committee to identify every house in Maryland used by General Washington in any way, to appropriately mark the same, and to consider the possible purchase thereof, either by some patriotic Society, or by the "Society for the Preservation of Maryland Antiquities," similar to the one which has done such good work in Virginia.

This is a State wide Committee, and there are about fifty points at which Washington is known to have stopped in the State of Maryland.

Anyone who has any information concerning Washington's stops in Kent County should communicate with the Chairman of this Committee, Bel Air, Md.

WILL BUILD ARMORY

Dashields, of Salisbury, was awarded the contract to build Chestertown Armory ot $46,840. Walter T. Pippins bid was $46,200, and Mr. Smith's $47,800.

WEDDING EVENTS

Miss Anna Caroline Rasin. daughter of Mr. and Mrs. George R. Rasin, became the bride of Dr. J. William Urie, Jr., of Richardson Park, and son of Dr. and Mrs. J. William Urie, of Kennedyville, Thursday. The ceremony was performed in Kennedyville Methodist Protestant Church with the Rev. J. McLain Brown officiating. Mrs. James B. Kirby, sister of the bride, was her matron of honor and Dr. John S. Dunn, of Salem, N. J., was the bridegroom's best man. The ushers were: Professor Harry R. Rasin, of Millington, and J. Judson White, of Kennedyville, Mrs. William Mitchell, of Chestertown, played the wedding march. The bride, who entered the church on the arm of her father, was gowned in white chiffon and lace with hat and shoes to match. The matron of honor wore pink flowered chiffon with black shoes and black hat. O wedding breakfast followed the ctremony and fillowing a honeymoon spent in the North, Dr. and Mrs. Urie will establish themselves in their home at Richardson Park.

Miss Louise Kirby became the bride of Dr. Sigvard V. Nordstrom, of Winburne, Pa., in a quiet ceremony performed at the M. E. parsonage here with the Rev. J. Harry Wright officiating. Miss Margaret Jefferson, of this town, was the maid of honor and Stanley M. Getz, former Washington College student, of Swarthmore, Pa., was the best man. The bride, who was attired in a gown of pink chiffon, is a former student in Upsala College, East Orange, N. J., of which the bride-groom is a graduate. He is also a graduate of Temple University School of Dentistry and is attached to Jefferson Hospital, Philadelphia.

LIGHTNING struck the home of Wm. Reed on Flatland about 10.30 Thursday night. Members of the family were stunned and also Mr. R. G. Billesbeck, a visitor. The chimney and many parts of the interior were damaged. It was really a serious time in the Reed home and all feel thankful for their escape. The house took fire but fortunately was extinguished by some of the young folks who had not retired.

MRS. DANIEL INGERSOL, of Quaker Neck, Kent County, Md., had on exhibition this week in Chestertown at the home of Mrs. Chas. W. Whaland a large painting of the historic Harry W. Catlin house in Chestertown. It is not only a work of art, but is beautiful and realistic both as to detail and true to the subject intended to portray. It will be on exhibition at the Stein Antique House at Georgetown.

CARNIVAL PLANS

At their weekly meeting on Monday evening officials of the Chestertown Volunteer Fire Company arranged a most elaborate program for the annual carnival to be held Aug. 28 to Sept. 7.

The features include an automobile parade with floats led by the active firemen and their 40-piece band for which prizes of $10 and $5 in gold are offered for the most attractive car and float; Boy Scout night with silver cups as trophies for various distinctions; American Legion and Bugle and Drum Corps parade for which $100 in gold is offered in prizes; beach pajama parade, and comic costume parade to feature each of two nights, with $10 and $5 in gold as prizes.

The annual firemen's parade of fire companies from all sections of the Peninsula will be held on Thursday evening in carnival week. President A. L. Sparks has appointed a large executive committee headed by Fred S. Russell, which is arranging the details for the annual festival. Residents of Cecil, Kent, Queen Anne's and neaby counties will be eligible to contest in all special features.

THE big rain Thursday night damaged stock in Brooks' Mill and also backed up several feet at Needles' oil station at the mill.

LOCAL buyers were offering 44 for wheat yesterday.

More rain fell in June, 1931, than any other June in the last ten years, according to the records of the local weather observer. There was a total of 5.84 inches. In some years the total rainfall in this month went over the five-inch mark, but none of them came up to 5.84 inches.
