OH, THE BEAUTIFUL ROSES!

Kent is indeed a garden of roses and blooming flowers.

"Youth is not a time of life—it is a state of mind.....It is a temper of the will, a quality of the imagination, a vigor of the emotions. It is a freshness of the deep springs of life. Youth means a predominance of courage over timidity, of the appetite of adventure over the love of ease. This often exists in a man of fifty more than in a boy of twenty. Nobody grows old by merely living a number of years. People grow old by deserting their ideals.'"

GUERNSEYS SELL HIGH

Buyers who went to the three big registered Guernsey sales at Trenton, N. J., last week expecting to get cheap animals because of the general depression in business were badly disappointed as the average ran high. Buying did not get under way right at the National sale on Thursday and there were some genuine bargains picked up, but the higher priced animals pulled the day's average to $491. Friday the Combination sale went over finely with an average of $599.50, and a high bull from Langwater farm sold for $2,600. The two herds dispersed on Saturday averaged $502 and $450 thus making the average for around two hundred head sold in the three days $510.62.

It was the same old story of good animals bringing a fine price.

EFFICACIOUS EFFORT

Take courage, life is at the Spring
The lovely blue bird on the wing
Sings out his best, not one note hiding,
For sweetest birds are law-abiding,
They trust the purpose of Love's power
That guides them toward the springtime hour
Then why not we? Let joyful lays
Resound to our Redeemer's praise?
Come recognize the mastery
Of love that guides, and plainly see
With understanding deep and new
A faith made beautiful to view.
Be as the bird on yonder bough
Of that old tree, a-singing now.
Know God is with you on each flight
And guides the power by which you write,
Or well converse—this will restrain
The doubt that rises once again
To check the confidence you need
And courage too that you should heed.
Let energy of spirit lease
The glory of convincing peace:
And feel assured in all you do
With faith, God's love will see it through.

White and Black "Power"

"White coal" is a figurative name for falling water capable of being used for power purposes. The name, it is supposed, was suggested by the fact that falling water usually appears clear and white compared with coal.
