CELEBRITIES MARRY IN KENT

Dan Cupid plays many strange tricks. For instance the yacht Pomona, belonging to P. O. Richman, 46, New York Millionarire soap manufacturer, left Miami, Fla., some time ago with its announced destination as New York.

Instead the yacht Pomona Monday is docked at the wharf of the Marine Construction Company at the foot of Commerce St., and from the ordinary pleasure craft she has been transformed into a honeymoon boat.

On Saturday the Pomona docked there and Saturday evening Mr.Richman was married to Hazel Fordezvouz, 21, of New York City, at Kennedyville, Md. The Rev. J. McLain Browne, pastor of the Kennedyville M. P. Church, performed the ceremony. The marriage license was issued at Chestertown, Md.

The parents of the bride, Mr. and Mrs. M. Fordezvoux, of New York City, witnesses the ceremony. The wedding party then returned to the Richman yacht, which was still docked at the foot of Commerce St., on Monday morning.

Mr. Richman told the minister that Miss Fordezboux and her parents had been his guests on a Winter cruise in Florida waters. It was while returning to New York that the couple decided to dock at a port on the coast and be married at once.

The parents revealed that they were natives of Alsace-Lorraine but had lived in this country for some time.

The presence of the yacht in the local harbor excited considerable interest. The Pomona is 127 feet long, and is luxuriously equipped and furnished.

CONTROL FLEA BEETLE DAMAGE IN TOMATO PLANTS

Flea Beetle season is here. Tomato plants are attacked and destroyed if not protected. The most effective means of control is dusting with copper senic dusts such as are used in combating Mexican Bean Beetle. The forms most commonly used in Kent County are the "20-20-60" formula and "Niagara D 20." Well applied with a good dust blower, treating once per week (except where rain washes it off) should be sufficient. Repellents such as tobacco dust, air slacked lime helps for a day or two, therefore frequent treatment is essential.

CONTROL CUT WORM

Numerous people are being troubled by cut worms damage. These pests can be controlled quite readily by the use of Poison Bran Bait, since the bait is eaten in performance to the plants. The formula for the regular mixture is:

20 pounds wheat bran
1 pound Paris Green
2 quarts cheap molasses
3 lemons
3½ gallons water.

Dry mix the bran and Paris green thoroughly. Stir the molasses and lemon juice into the water. Then add the bran and Paris green. The mixture should be a crumbly mass. Use small pellets of the bait around each plant. It is most effective to place the bait at sundown, since the worms work at night and are attraced by the moist bait, since it smells noticeably then.

For small gardens 1-5, 1-10 or 1-20 of the full formuia may be sufficient.

Celebrates Their Silver Anniversary

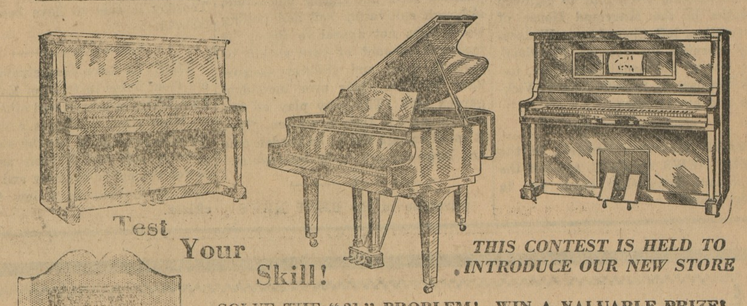

Mr. and Mrs. Charles Smyth celebrated their twenty-fifth wedding anniversary Saturday evening. The guests were entertained with a duet by Mrs. Howard Toulson and daughter, Betty; a solo by Mrs. Cleve Tucker, who sang a solo, "Oh promise me," at their wedding; a solo by little Miss Lena Garey; a recitation by Miss Anthony and music by the Smyth family. After which refreshments were served.
