KENT CHORAL SOCIETY HONORED BY DISTINGUISHED GUEST

Prof. Lucien Oden'hal noted teacher of singing of Baltimore, will be the guest of Kent Musical Society on Sunday, May 10th, at their special afternoon rehearsal of Spring Music to be given on Tuesday, May 19th. More than eighty children and adults will participate.

Prof. Odenl'hal is the teacher of Mrs. Cleveland S. Smith, director of the chorus and has also taught the well-known Metropolitan Opera Singer Mabel Garrison.

In his eighty-fourth year he is still teaching and the pure quality of his voice proves that his methods are excellent.

What does God require of us Answer, read—Micah 6:8.

CHESTERTOWN SCHOOL NOTES

By RUTH FOX

Miss Riches has heaved a righ of relief now that The Dragon is off to the publishers. William Cornella, as the editor, was efficient in every way.

20-2 is the score by which Chestertown High won from Galena High in baseball, Friday. Billy Reinhart and Edgar Harris distinguished themselves by some sensational homeruns.

The Physics Department has lots and lots of new Phisics equipment, thanks to Mr. Robinson.

Would you like to know who the most all-round girl is in C. H. S. Friday every student in the school voted on this and twelve other titles. No one is know the results until they are published in the next Reflector.

The other titles voted upon were:
The Most Attractive Girl.
The Best Looking Boy.
The Most Polite Boy.
The Most Polite Girl.
The Best Girl Athlete.
The Best Boy Athlete.
The Most All-round Girl.
The Most All-round Boy.
The One Who Has Done Most for C. H. S.
The Most Intellectual.
The Most Popular Boy.
The Most Popular Girl.
The Wittiest Person.

It seems as though each History Club meeting is fifty per cent better than the preceding one. The 10A's put on a dandy entertainment Thursday afternoon. The program was as follows:

The Spanish Situation, Edward Collins.
Exiled Kings, Daisy Starr.
The Commercial Trip To Wilmington, Margaret Cosden.
Spring Poems, Evelyn Crew.
Affairs in India, Edgar Harris.
"Meeting President Hoover," Clarence Wilson.

A number of interesting charades were also presented.

Art Critic—I was just noticing the brush marks on this Rembrandt.

Mrs. Newrich—Would it cost very much to have them removed?

HOME DEMONSTRATION NOTES

Saturday, May 9th, Flatland Girls' Club at 2 P. M., at Laura Jane Magee's. Mrs. L. A. Sutton, local leader.

FINE MEMORIAL FOR THE SICK

Announcement was made by Wm. B. Mathews managing director of the Maryland Tuberculosis Association, that ground will be broken within the next few days for a memorial at the "Miracle House" at Claiborne, Talbot County, Maryland, which will be known at the George Schluderberg Memorial, in memory of the late George Schluderberg. Mr. Matthews stated that notice of the bequest was made by Wm. F. Schluderberg, president, and Theodore E. Schluderberg secretary of the Wm. Schluderberg- T. J. Kurdle Co., sons of the deceased. A sum sufficient to build and maintain this building represents a part of the fund of fifty thousand dollars created by the late George Schluderebrg to be expended by his two sons along the lines suggested by him.

The late Mr. Schluderberg was chairman of the Wm. Schluderberg-T. J. Kurdle Company Meat Packers, Baltimore Maryland. He was born in Baltimore sixty-three years ago, and began his business career when he was sixteen. He entered the employee of the Wm. Schluderberg Company, which had been established by his father. Ten years 1904 the business was transformed in its entirety to George Schluderberg, who developed the business to the point where in a few years it had outgrown the facilities of the plant established by his father. Ten year ago the Schluderberg and Kurdle firms merged, building the present Esskay plant and forming one of the largest meat packing companies in the East.

The memorial will take the form of a two-story Solarium, and will be made a part of the regular equipment of the "Miracle House" which has been maintained for twelve years by the Maryland Tuberculosis Association, as a tuberculosis preventorium for undernourished and underprivileged children of Maryland who have been in contact with tuberculosis . The building will be seventy-two feet square, overhanging the bay, and will be fully equipped. The first floor will contain a bath house, a shower room, and lockers for 120 children. The second floor, which will be the Solarium proper, will contain an assembly room with chairs and a piano, a reading room and library. The balance of the second floor, housing the in-door play room, will be equipped with in-door golf, a ping-pong table, a small bowling alley, a sliding board, see-saws, horizontal bars, swings, sand boxes and sand tables. The roof will be so designed that a modern sun room for daily sun baths will be available at all times.

DR. A. S. COOK WILL SPEAK HERE

Dr. Albert S. Cook, State Superintendent of Education, has accepted an invitation to be the guest speaker at the Kent County Chamber of Commerce which will be held in Chestertown on Wednesday evening, May 13. This meeting, it is said, will inaugurate a series of semi-monthly dinners which will be held by the chamber, at which bankers, business men and farmers will discuss important problems pertaining to the civic, business and agricultural welfare of the town and county. The purpose of the visit of Dr. Cook is to furnish the banquet guests with first hand information regarding the consolidation of schools throughout the State, which is a moot question at this time among school patrons and Parent-Teacher Associations in this county.

Information given by Dr. Cook will be used by the Chamber of Commerce in an educational campaign which it will conduct among the voters of the county preparatory to voting on a bond issue of $100,000 for enlarging the Chestertown High School building which has become greatly overcrowded because of the consolidation of a number of rural schools and the contemplated consolidation of others before the beginning of the next school year. The bond issue will be submitted to the voters at the general election to be held in 1932, and while the Chamber of Commerce has taken no stand in the matter, it believes that an educational campaign will serve to enlighten the people upon the matter. The P.-T. A. will join in this dinner and served by them at the low cost of $1.00 per plate.

Some women go all the way to Florida to have their pictures taken in pajamas.

On smooth Steel Rails foods slide in and out of FRIGIDAIRE!

Push a heavy bowl of soup-stock into a Frigidaire—it doesn't stutter its way to the back of the shelf—slopping over as it goes. And when you want it again it doesn't have to be *coaxed* to come out—it seems absolutely eager to obey your guiding hand . . .

This is because Frigidaire Food Shelves are made of smooth steel rails *all running one way—from front to back.*

Now, in themselves, easy-riding rails on food shelves are small things. But they are one of the many things that go to make Frigidaire Convenience, which (millions of women will tell you) is a Very Big Thing, indeed!

Easy-riding, one-way rails on all food shelves are one of the very real advantages of Frigidaire Advanced Refrigeration. There are many others. We invite you to come in and learn all about them.

Chevrolet has struck a popular new note in motor-car styling

CHEVROLET Many factors have contributed to the remarkably widespread popularity of the new Chevrolet Six. But *no* feature has been more strikingly evident in the enthusiastic public reception of the car than its smart new style.

Fisher Body craftsmen, with their background of fine-car designing, have made this new Chevrolet an exceptionally attractive automobile.

The long hood, low-swung body lines, sweeping fenders and massive wire wheels strikingly suggest the car's fleetness and power. And the appeal of Chevrolet's beauty is made more pronounced by the fact that all models are available in a variety of color combinations.

Interiors, too, are unusual in every way. The upholstery is carefully tailored. Seats are roomy, deeply-cushioned and invitingly soft. And the tasteful interior fittings lend a final note of charm.

In fact, the new Chevrolet Six is such a thoroughly fine-looking automobile that it has become a very popular choice with *every* type of buyer. You find it not only the smart family car, but the smart personal car as well—a worthy companion to the expensive automobiles of the two-and three-car household.

1400 MILES IN FIFTEEN MINUTES

Make station-to-station calls and you can talk about 25 miles for 25 cents; 50 miles for 45 cents; 100 miles for 60 cents. The greater the distance the less the cost per mile.

A LARGE book publishing company recently sent a sales representative on a journey of 1400 miles, which he completed in fifteen minutes, and at a total cost of only $8.00. How did he accomplish this miracle? By the only possible means—the telephone!

In New York, Chicago, and Boston, he reached people he wanted, and sold them 26,000 books! He did this by telephone just as easily as if he had actually traveled all that distance at a cost of much time and money.

In ever-increasing numbers, business men are coming to the use of the telephone for making sales to out-of-town customers. Certainly nothing can beat it for speed, effectiveness and low cost.
