ONE DISH MEAL

Supplement "One dish meals" with a salad or fruit is the suggestion of the Bureau of Home Economics, U. S. Department of Agriculture, which approves them both for economy and for the saving of time and energy. In meals of this sort starchy and protein foods can be served in a single dish.

All the ingredients of a well balanced meal can be included in single dish meals but such a meal is made more interesting and nutritious by addition of a raw vegetable salad stewed or fresh fruit in season. Raw foods provide Vitamin C which are likely to be destroyed in long cooking.

At a banquet tendered the past season's squad Captain Edward Stevens was presented with a sweater and with seven other members of the squad received the varsity letter.

Saturday, May 16 will mark a revival of interscholastic track and field meet which had been sponsored by Washington College, but which had been abandoned during the past two years because of the work of remodelling the athletic field. Assistant Coach Omar D. Crothers, Jr., is arranging a program for this year's event which will comprise entries from high schools on the Eastern Shore of Maryland, the Eastern Shore of Virginia and Delaware.

For the first time in the history of the sport the entry list will be opened to Delaware schools which will guarantee a large list of competitors. The meet is held the day following the annual interscholastic declamation contest in which a representative from high schools on the Eastern Shore of Maryland and Virginia, and in Delaware complete.

FERTILIZER IS CHEAPER THAN LABOR—USE MORE FERTILIZER TO SAVE LABOR

Most people realize the need of reducing the cost of production of farm products in 1931. Cost of production must be lower than selling price if profit is to result.

More liberal use of fertilizers is advised as a means of increasing quality and yield, which means better selling price and lowered cost of production. Another reason for advising the use of more fertilizer is that labor in general is 85% above pre-war prices while fertilizer is at or above pre-war price.

The M. E. Conference adjourned in Crisfield Monday to meet next year in Salisbury. With not many changes of pastors in the larger churches ministerial assignments for the ensuing year were announced by Bishop H. Lester Smith, of Chattanooga, Tenn.

All four district superintendents were reappointed. Only three changes are made in Wilmington pastorates.

G. Cannon as the pastor. Claremont and Piney Neck are taken from the list, and St. Peter's, Md., has been changed to Oriole with the Rev. R. W. Mills in charge.

'GRAND DAD'S METHODS GOOD IN OX-CART DAYS

Farming, in the ox-cart days, was a self sufficing industry. Now farming is a strictly business enterprise. We depend upon other industries for supplies for house and farm. To know how your farming industry stands — keep accounts. "Grand Dad's" methods were good in the ox-cart days—but we no longer live in those slow moving, self-sufficient days. Keep accounts, so you may measure your progress forward or backward. Never were accounts more important than in this time of depression when every move should be backed by close reasoning not by guesstimates."
