Love is unequally yoked with sickness. Labor is lightened by love, but love cannot lighten pain or relieve it. Many a man looks on at his wife's suffering willing to do anything to aid her and able to do nothing.

Sometimes, however, the husband's attention is directed to Dr. Pierce's Favorite Prescription and its remarkable cures of womanly diseases. He may not have much hope of a cure, but he is led to try the medicine, with the result that in almost every case there is a perfect and permanent cure.

Dr. Pierce's Favorite Prescription cures irregularity. It dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. As a tonic for women who are nervous, sleepless, worn-out and run-down "Favorite Prescription" is unequalled.

"In answer to your letter I will say, my wife commenced to complain twenty years ago," writes Lewis A. Miller, ex-Chief of Police of 33 Prospect St., Westport, Pa. "We have tried the skill of twelve different doctors. She took gallons of medicine during the time she was ill, until I wrote to you and you told us what to do. She has taken eight bottles of Dr. Pierce's Favorite Prescription and six of the Golden Medical Discovery. She can do her own work now and can walk around again and is quite smart."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets invigorate stomach, liver and bowels.

W. L. FOWLER,

CHESTERTOWN, MD.

March 9

A CALL TO VIRGINIANS.

The census of 1900 counts 1,410,864 white natives of Virginia in the United States. Of these but 1,074,674 live in Virginia. The remaining 336,190 are scattered from Alaska to Florida and from Maine to Hawaii. Their distributions by States and Territories is as follows:

West Virginia	44,564
Indian Territory	1,798
Missouri	30,865
Massachusetts	1,685
Ohio	22,358
Michigan	1,609
Maryland	22,162
South Carolina	1,371
Dist. of Columbia	18,778
Minnesota	1,486
Kentucky	18,869
Florida	1,475
Tennessee	17,779
Louisiana	1,307
North Carolina	17,130
Idaho	1,017
Illinois	15,745
Montana	359
Texas	14,753
North Dakota	953
Indiana	13,438
Wisconsin	946
Pennsylvania	13,388
Connecticut	859
Kansas	10,810
Delaware	730
New York	8,274
South Dakota	617
Iowa	7,616
Utah	589
California	5,986
Wyoming	589
Nebraska	5,105
Arizona	488
Arkansas	4,208
New Mexico	429
New Jersey	3,488
Rhode Island	351
Colorado	3,273
Maine	181
Oklahoma	3,270
Nevada	150
Georgia	3,331
New Hampshire	168
Alabama	3,016
Vermont	119
Washington	2,740
Alaska	100
Oregon	2,152
Hawaii	26
Mississippi	1,947

These exiles constitute but comparatively few of the men and women in the country with Virginian blood in their veins.

With Mark Hanna claiming a grandfather born near the University of Virginia and William J. Bryan claiming descent from a Culpeper man, the wide range of distribution of Virginian blood in this country is apparent. This very wide-spread and this very fact of 326,000 native Virginians outside of Virginia ought to be a powerful influence for a successful celebration in 1907 of the founding of English America at Jamestown, Va.

The plan for that celebration is a far-reaching one, whether or not it includes an exposition. It is designed to revive in all the phases of the history of Virginia and the part played by that Commonwealth and its sons in the history of the United States. It embraces festivities of an interesting character in the Hampton Roads basin, at Jamestown and at Richmond, with visits to such places as Yorktown, Williamsburg, Fredericksburg, Petersburg, Mount Vernon, Monticello, Appomattox, the Natural Bridge, Luray and other points of interest. This programme should appeal to the Virginians who are scattered abroad. It should bring back to Virginia for a visit in 1907 at least 500,000 natives of Virginia or descendants of Virginians and another 500,000 eager to learn what Virginia has done, is doing and can do.

SURETY COMPANIES A PUBLIC BLESSING.

Hon. Edwin Warfield was given a reception on Tuesday night by the Concord Democratic Club, Baltimore. He was introduced to the club as the "next Governor of Maryland." In reply he said "Barkis is willing," then delivered an address on corporate surety and what it had done for the people. The Fidelity and Deposit Company of Maryland, of which Mr. Warfield was the organizer and is now president, was the first surety company organized in the South and the second in the United States, and is the strongest in the world. No man is better qualified to speak on corporate security than Mr. Warfield. He recognized the necessity of such a company in organizing the Fidelity and Deposit Company, and he has observed its benefits to the people. Private surety is no longer desirable for public officials, for receivers, trustees, executors and administrators, or for others required to give bond, and banks, railroads, and other enterprises require bonds for many of their clerks and employees.

Security was often difficult to obtain by the honest, but poor man, without friends of financial standing, and not obtaining it he had to lose opportunity for employment. The surety company levels all honest men. The Fidelity and Deposit Company inquires into the honesty of an applicant for surety, rather than his bank account. If a poor man establishes a character for honesty and capacity, the Company will go upon his bond as readily as upon the bond of a millionaire. Thus the surety company is a necessity. It is a blessing to the people. It lifts men up, and gives them opportunities they otherwise could not reach. Surety companies are sometimes confounded with trusts and most people do not discriminate between the latter. There are good trust companies, such as those which settle estates and take care of the funds of widows and orphans. The other trust is a combination to limit production and exorbitant profits. This trust is bad. The surety company is just the opposite. It aids the people, lifts them up, and does not rob them.—Democratic Advocate.

Preparing Soil For Potatoes.

Preparation of the land is an essential too often neglected. It has been asserted that not infrequently one-half of the potato crop is lost by insufficient preparation of the soil. Of one of the noted potato growers of Wisconsin it used to be said: "He works the ground so much that the potatoes did not know in which direction to grow to find the surface. So they fill the soil full." Sometimes the best of potato growers slight the preparation of their soil because of a rush of other farm work at the time their potato land is being prepared. No after-cultivation can atone for the neglect of thorough preparation; for in no case can the soil under the hills be affected by the cultivation given in the rows.

THE TOUCH DOES IT

Benson's Plasters are like your other friends—they hate to see you in pain or in weakness and are dog-tired hearing you complain about it. They want to cure you and send you along to your business—whole and happy. They can do it and will do it. Try them on. What for? Why for any cough or cold you may be troubled with, or any bothering pain or ache, or worry with kidneys or liver. Possibly some old clutch of muscular rheumatism renders an arm or a leg worth only half price just now. For anything that makes the machine work slow and stiff, with pain maybe in the motion of it, clasp Benson's Porous Plaster squarely on the bad spot. They are the get-out-to-morrow plasters—not the sort that go to sleep on your skin like a cat on a cushion. There is comfort and speedy relief in the touch of them. No other external remedy, no matter how made or how called, is worthy to live in the same street with Benson's Plasters. Pains and ailments melt away under them as a sheet of ice does under the Spring sun. You cannot foretell the weather but you can always foretell the effect of Benson's Plasters; it is as sure as the effect of a hot breakfast in a hungry man's stomach. But look out for substitutes. Get the genuine. All druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each.

LEHIGH COAL.

I have just received an invoice of LEHIGH STEVE COAL,

which is the best coal for heating and general use in the market. It burns to ashes and does not clinker. It will make more heat than any other Anthracite Coal. It comes from the Mammoth Lehigh Vein, which is considered the best coal in the Pennsylvania Coal Region. It is shipped by Railroad. It is not handled until thrown into the delivery wagon, and is clear of dirt.
