WITH DUE CEREMONY Cuba Libre on Tuesday became a reality. After centuries of bloodshed and strife Cuba has become a Republic and the dream of her people has been realized. Gen. Thomas Estrada Palma was inaugurated Cuba's first president.

OUR CONTEMPORARY, the *Kent News*, has entered upon its sixty-fourth year. But few papers enjoy the privilege of celebrating so ripe an old age as the *News*. May the young life which has been infused in its veins result in increased usefulness and prosperity.

GOVERNOR SMITH appreciates the fact that the very best material politically is found in newspaperdom. Col. George R. Ash, after a highly successful term as State Auditor, has been reappointed. Col. Ash's administration of the affairs of his office has made of the State Auditorship one of the important and necessary State offices.

MR. CHARLES W. CLEMENTS, of Crumpton, is being opposed for the State Senate by his friends across the river. Mr. Clements represented his county in the House several years ago, and it is rumored, would not be averse to spending two winters in the Maryland Senate.

THE NOW HISTORIC DEFINITION of a mugwump, given by Harrison W. Vickers, Esq., of Chestertown, was quoted in London by Richard Croker, the Tammany leader of New York, in conversation with William T. Stead, the great English journalist and writer. Mr. Croker said, in Mr. Vickers' words: "I am not a mugwump, which, like a ferryboat, plies from side to side and finds rest on neither shore."

THE BALTIMORE SUN, honored and respected, has closed the sixty-first year of its usefulness. Its anniversary was marked by a reduction in price to one cent. This reduction in price in no way means a deterioration in the excellence of the *Sun* as a news-gatherer or advertising medium. No paper in the State has been so intimately associated with the material growth and general advancement of the State and of Baltimore city as the *Sun*, and no other one influence has been so impressed upon the history of the people of Maryland for good as this vestor of Maryland journalism whose motto has always been "for and with the people."

UNLESS ALL SIGNS ARE FAILING, the Democratic gubernatorial fight is now on. The marshalling of the hosts is going on in a quiet sort of way, but it is going on just the same. Mr. Edwin Warfield is feeling his way carefully but not the less surely among the rural masses, and is finding many friends ready to respond when the test comes. On the other hand "Farmer Brown" has not been disseminating his reform political doctrines through the press for nothing. True, it was all done in a charitable, aimless sort of way, but "Farmer Brown" is not a member of the aimless class, and generally figures along the unalterable line of cause and effect. The Ex Governor will doubtless make his political bow at the proper time and appeal to his old friends, the tillers of the soil, and pruners of kiefier pear trees, and the strawberry pickers to supplement the efforts of his city friends and return him to the executive mansion at Annapolis. Though it seems a foregone conclusion that Baltimore city is to have the honor of furnishing the next Democratic gubernatorial candidate, it is equally evident that the counties will not be unimportant factors in deciding who the candidate shall be. It would not be surprising to see both "Farmer Brown" and Mr. Warfield moving their headquarters to the rural districts and taking lessons in corn-thinning before many moons. The old farmers would enjoy giving the "Farmer" candidates lessons in the real work of a real campaign. Hon. Spencer C. Jones, is said to be nurturing an exuberant crop of gubernatorial pin-feathers.

WON'T FOLLOW ADVICE AFTER PAYING FOR IT.

In a recent article a prominent physician says: "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by M. A. Toulson, Chestertown, Md.

THE RECENT ASSAULT upon Miss Gallagher and the attempt to rob the residence of Mr. Wilbur Eliason should bring with them wholesome lessons to the people of Kent county, and indeed, the citizens of every rural community. The work at Mr. Eliason's home remains wrapped in profound mystery and was evidently done by an expert. In this connection it may be mentioned that within the past few months three assaults and robberies similar in every detail to that at Mr. Eliason's, have taken place on the peninsula. It would not be an unwise thing for our women to school themselves in the use of the shot gun or pistol in order that they may protect themselves against the "book agent" or other scoundrel who persistently infests the community under one guise or another. The sale of books or other wares is a perfectly legitimate occupation—it is the impostor and disreputable member of the class against whom we must guard.

MR. URIE'S CANDIDACY.

Mr. John David Urie may not get the Chairmanship of the Republican State Central Committee, but he is capturing an unusual amount of political notoriety through the State press.

Here is the latest of the Chestertown attorney's newspaper send-offs, taken from the Baltimore *Herald* of Thursday: "John D. Urie, of Kent county, who has been mentioned as the next chairman of the Republican State Central Committee, was at the Remont last night on his way to Washington, where he will see the Maryland delegation in reference to the Federal appointments. Mr. Urie was asked as to his candidacy for the chairmanship and said that he was not a candidate for the place in the sense of making a fight for it. If the State Central Committee thinks he is the best man to lead the party, however, he will accept the responsibility.

"Mr. Urie thinks there will be some solution of the tangle the delegation seems to have gotten into over the appointments, and believes that Congressman Jackson will be given one of the offices.

"The republican State central committee will probably be called together early in July for the purpose of electing a State chairman to succeed Phillips Lee Goldsborough, who will be ineligible, in theory at least, after his appointment to a Federal office. That will be practically the only business before the committee.

"Mr. Urie will also urge upon Congressman Jackson and the other members of the county central committees the necessity of calling the First district congressional convention at an early date."

EARTHQUAKE TERRORS.

Mount Pelee continues to menace the expanse of the entire Island of Martinique. Without cessation it has been in eruption since Monday. A new crater has opened on the north side of the volcano, and from this lava pours in a broad stream down to the sea.

It is now known that there has been further loss of life, and what is more distressing a large number of persons, mostly women and children, are imprisoned by the lava streams which surround them. It is impossible for assistance to be rendered to them by human beings, and nothing less than a miracle can save them from the awful death which confronts them.

HELD IN BY A SEA OF FIRE.

These unfortunates are at Grande Riviere. They were cut off from escape when Mount Pelee resumed its labors Monday. The lava that burst from the volcano swept away all the roads, filled the channels so that it set the bridges afloat, carrying them upon its surface until they were consumed, and, reaching the sea coast, spread through the crevasses a bubbling mass so hot as to be almost incandescent. In this way have the women and children at Riviere been surrounded. Efforts have been made to reach them, and though they can be seen pleading for deliverance, it is impossible to give them aid.

Their supply of food is limited, and if not wholly exhausted, starvation if not a more terrible fate confronts them. Gradually but steadily the rivers of lava are spreading, and if the eruption increases a wave of molten lava will sweep away the doomed victims.

TWO MORE TOWNS DESTROYED. Usine Vive has been destroyed, as has Le Carbet, where 20 soldiers perished. Many inhabitants of the village are also believed to have been lost, but it is impossible to tell the number.

In all Martinique the conditions are impossible to describe.

of land, situate, lying and being on Eastern Neck Island, in Kent county, Maryland, on the waters of the Chester river and the Chesapeake bay. This is one of the handsomest and most desirable estates on the Chesapeake bay. Its peculiar location, lying as it does at the mouth of Chester river, at this point 3 miles wide, with the waters of the Chester river on the east side and those of the Chesapeake bay on the west, with an unsurpassed river and bay view, make it one of the most valuable tracts of land now on the market. For years past peaches from this farm and Eastern Neck Island have commanded the

HIGHEST MARKET PRICES IN BALTIMORE AND OTHER MARKETS.

It has been many years since any estate as fine as this on the Island has been offered for sale. The land is well adapted to the growth of all grains, fruits, berries, grass and everything else which can be grown on the most productive soils in Kent. It is within one mile of the wharf of the Chesapeake and Atlantic Canal Co., on Eastern Neck Island. The shores of the farm are close to the interesting, valuable and largest oyster beds; the fisheries here are valuable, and for the last century its shores have been known for its fine swan, wild geese and duck shooting. The

FINE DWELLING

is a large and commodious frame structure with 19 or 20 rooms, and a wide attractive porch, surrounded by ample shade. There is a Barn, Stable, Dairy, Meat House and other buildings on the farm. Any one wishing a home on the shores of the Chesapeake Bay, or to anyone desiring a profitable investment this farm offers a most attractive opportunity. It is about 6 miles from the thriving and thriving village of Rock Hall, the proposed terminus of the projected Kent County Railroad, and the last landing of the Centerville Line of steamers in daily communication with Baltimore. The present tenant of the farm is Mr. James E. Newcomb, who will take pleasure in showing it to any intending purchaser. This estate was formerly the residence of the late James P. Wickes.

TERMS OF SALE.—As prescribed by the decree are one-third of the purchase money cash on the day of sale and the residue in two equal installments, payable in one and two years respectively. All unpaid purchase money to bear interest from the day of sale and to be secured by the note or notes of the purchaser to the satisfaction of the trustee. All title papers at cost of purchaser.
