THE FIRSTBORN.

Why is it that the firstborn child is so often the healthiest of a family of children? The reason seems to suggest itself. As child follows child the mother has less and less vitality; often not enough for herself and none, therefore, for her child.

Expectant mothers who use Doctor Pierce's Favorite Prescription find that it keeps them in vigorous health. They eat well, sleep well and are not nervous. When baby comes its advent is practically painless, and the mother is made happy by the birth of a healthy child. If you would be a healthy mother of healthy children use "Favorite Prescription."

"I will be very glad to say a few words for Dr. Pierce's Favorite Prescription," writes Mrs. P. S. Douglas, of Mansville, Brim Co., Quebec. "During the first four months, when I looked forward to becoming a mother, I suffered very much from nausea and vomiting, and I felt so terribly sick I could scarcely eat or drink anything. I hated all kinds of food. At this time I wrote to Dr. Pierce and he told me to get his 'Favorite Prescription' and a bottle of 'Golden Medical Discovery.' I got a bottle of each, and when I had taken them a few days, I felt much better, and when I had taken hardly three parts of each bottle I felt well and could eat as well as any one, and could do my work without any trouble (I could not do anything before). I feel very thankful to Dr. Pierce for his medicine, and I tell all who tell me they are sick, to get these medicines, or write to Dr. Pierce."

Those who suffer from chronic diseases are invited to consult Dr. Pierce, by letter, free. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

WOMAN'S RIGHTS IN VARIOUS COUNTRIES.

In Russia and all Southern Europe Their Lot is Anything but Envidable.

Great Britain is by no means a bad second to the United States as a pleasant country for women to live in. The position of women in the British Isles, according to Tit-Bits, has greatly improved during the past half century. France can hardly be regarded as an earthly paradise for the fair sex. Gallic husbands are accustomed to rely upon the aid of their wives in business, and frequently leave the entire conduct of affairs to their spouses, whilst they themselves lounge in adjacent cafes. In the ante-nuptial stage French girls enjoy but few diversions, and their liberty is rigidly curtailed.

Austrian ladies, on the other hand, may be said to be moderately well-esteemed persons, and in Vienna a woman possessed of culture and beauty is regarded with all due homage. An Austrian husband invariably bows to his wife on entering and leaving her apartment, whilst the generosity of the males toward their womankind in that country is proverbial.

If America may be considered the paradise of women, Russia would certainly rank as "the other place." In that mighty territory the entire female population is practically in a state of serfdom. Women enjoy no privileges, no liberty no indulgence. Husbands rule their wives with rigid brutality, wife-beating is as common as eating and drinking, and the very ballet girls are liable to be visited with corporal punishment by police officials should they misbehave themselves at the theaters where they are employed.

In the southern countries of Europe the lot of a woman is anything but envidable. In Italy woman is regarded in the light of a beast of burden, and no peasant will undertake an arduous piece of work if he can by any possibility transfer the same to his wife. Women of the middle class toil from "early morn to dewy eve," whilst their lay spouses are smoking cigarettes and discussing politics in theaters and restaurants, and even the dames of the aristocracy receive small consideration from their married partners. In Spain and Portugal a similar condition of affairs may be said to exist, whilst in Turkey the social status of the weaker sex is too well known to need more than a passing reference here.

WHY SHE LIKED HIM.

They had been talking at the rate of fifty words a minute, and the subject of their conversation was, of course, the wise and witty sayings, the charms of manner and the other admirable traits of character possessed by their respective sweethearts.

"Don't you like to have anybody talk shop when they come to see you?" gurgled Mary.

"Indeed I do. Who's been talking shop to you?"

"Oh, Charlie, of course! He's a tram conductor, you know, and nearly every time he comes to see me he goes on with his shop talk."

"What does he say?"

"Sit closer please!"

THE MAN WHO DID.

All doctors in my town failed to relieve me of rheumatism. I have used about half a bottle of Nela-ton and feel so much improved, that while I may not need it, I enclose P. O. order for \$1 for one more bottle of the remedy that has been such a God-send to me. I cheerfully recommend Nela-ton to anyone suffering with rheumatism.

NOW LOOK OUT!

"Take care of yourself," say our friends. "I'll try to," we answer. We do take a little care, yet in spite of warm clothes, rubbers and mackintoshes, an army of people were bowled out by pneumonia and other lung and chest diseases last winter. They caught cold, neglected it, let it fix upon them, were torn by coughs, choked by inflammations and congestions, wasted by fever, tired out by pain and then gave up the fight. The hour you realize that you have a cold on the chest, place a Benson's Porous Plaster where the pain or oppression is felt. If you think two are needed make it two. No harm if you were covered with them. They act quickly and prevent the encroachment of blood in the organs. In this way—with ordinary caution as to exposure—you will break up the cold and avoid a serious sickness. No other applications, or any other form of treatment, will accomplish this as certainly and speedily. Benson's Plasters have a distinct and positive action and are curative to the highest degree. Use them with the same confidence for coughs, muscular rheumatism, the grip (back and chest) and all similar ailments. Women, who are chief sufferers from cold weather complaints, should keep these plasters always within reach. Get the genuine. All druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each. Seabury & Johnson, Mfg. Chemists, N. Y.

LEHIGH COAL.

I have just received an invoice of LEHIGH STEAM COAL, which is the best coal for heating and general use in the market. It burns to ashes and does not clinker. It will make more heat than any other Anthracite Coal. It comes from the Mammoth Lehigh Vein, which is considered the best coal in the Pennsylvania Coal Region. It is shipped by Railroad; it is not handled until thrown into the delivery wagon, and is clear of dirt.
