LOCAL MATTERS.

A New Schedule.—A new passenger schedule went into effect on the Kent county branch of the Pennsylvania Railroad on Monday. This new arrangement gives to Chestertown greatly improved facilities. Trains leave Chestertown at 6.50 A. M. and 2.40 P. M., and arrive at 11.32 A. M. and 5.20 P. M.

Prolific Sheep.—Mr. John Smith, living in Queen Anne, leads the list of sheep-raisers for profit. Mr. Smith has had 28 lambs so far from 15 sheep with prospects of further increases from two ewes. About three weeks ago he sold 8 lambs from 7 ewes, and 5 of the ewes have since given birth to 7 lambs. This is profitable sheep raising.

Fine Berries and Cream.—The Transcript editors are indebted to Mr. James T. Anthony for some of the finest strawberries of the present season. The delicious fruit was appropriately labeled "Bouncer." The berries were of fine size, sweet and delicate in flavor. There was no half-way about Mr. Anthony's treat, the berries were accompanied by a jar of delicious cream, separated by the centrifugal process which Mr. Anthony has adopted as a feature of his milk business.

A Slight Blaze.—The home of Mr. J. F. Connor, near Millington, narrowly escaped being destroyed by fire recently. During the night Mrs. Connor heard a roaring noise and called her husband, and upon investigation it was found that burning cinders had fallen down the chimney and ignited a wooden fireboard in one of the rooms. The house was filled with smoke and in a short time the fire would have made headway as to render the saving of the building impossible.

Fine Base Ball.—The Washington College base-ball team crossed bats yesterday afternoon with the strong team from Galladett College for the deaf and dumb, Washington, D. C. This is one of the strongest teams which has ever visited Chestertown. The novelty of seeing men play fine ball who can neither hear nor speak is a feature which never fails to attract a crowd. A second game between the same clubs will be played on the college campus at 1.30 P. M. to-day. Yesterday's game was a splendid exhibition. The game stood 1 to 1 at the beginning of the ten inning when the mutes refused to abide by a decision and stopped playing. Umpire—Harrison Vickers.

Ladies in a Runaway.—Misses Annie and Janie Haddaway, daughters of Mr. George Haddaway, living on the farm of Mr. Robert Comley, near Shallocks' wharf, had an unpleasant experience in a runaway, on Monday. The young ladies were driving along the public road when their horse took fright and they were thrown heavily from the carriage. Miss Annie's ankle was painfully sprained and Miss Janie suffered considerably from nervousness. Dr. J. Horton Kelley attended the young ladies.

Betterton to Open.—The summer season at Betterton will open earlier than usual this year. The Rigbie will open on June 7, the earliest date at which it has ever opened its doors for business. A number of farmers from Howard county have arranged to visit the Rigbie on June 8th or 9th. The Betterton House is, or will be ready at an early date. The Chesapeake House will soon be ready for business, Idlewhile Cottage is already open, proprietor Crownhart will be ready, and the numberless boarding houses will be open for guests.

Will Provide Water.—The board of town commissioners has decided to accede to the request of the ladies of the Town Improvement Society and place a water supply for the town sprinkler at the wharf. Col. Vannort was appointed a committee to investigate the cost of the equipment—a pump, small engine and possibly a tank. So soon as satisfactory appliances can be secured at satisfactory prices the wharf water supply will be started. This will give a supply of water as should enable the sprinkler to give entire satisfaction during the summer in keeping down the dust on the streets of the town.

Attacked by Vicious Boar.—The ownership of a vicious boar may cost Mr. Harry Irens, living at Kennard's Point, one and possibly two horses. The hog had shown signs of being vicious for several days but was allowed to continue in the pasture with the horses. On Wednesday, while in the field he made a desperate attack upon two horses, cutting an artery in the leg of one from which it nearly died to death, and ripping open the knee-cap and making an ugly wound in the stomach of another. Dr. G. Allen Jarman was called in and thinks that he can save one of the horses but has doubts about the other.

The Chestertown Depot.—Contractor A. M. Culp has received no instructions relative to the location of the new railroad depot for Chestertown. All of the other five new depots have been located, but absolute silence surrounds the intentions of the authorities as regards the location of the Chestertown building. The Pennsylvania officials have made a thorough inspection of the track from Chestertown to Nicholson's station, and it is thought by some that the road between Chestertown and that point will be rebuilt at an early date. This, of course, is only speculative—the result of putting two and two together, which may or may not make four.

LITTLE LOCALS.

*A three-master, lumber laden, was towed to Kirby's landing by one of Capt. Cecil Atkinson's gasoline boats on Monday.

*The home of Mr. Trew, in Broad Neck, narrowly escaped being destroyed by fire one day this week. A gasoline stove was responsible for the blaze.

*Mr. William Medders, of Still Pond, on Thursday purchased of Lewin W. Wickes, trustee in bankruptcy, the entire stock, in a lump, of W. E. Sanders & Co. Kennedyville.

*The right-of-way in the Clark farm has been changed and will be sold as per advertisement in this issue.

REAL ESTATE SALES.

Officer Samuel Cooper on Wednesday bought of the heirs of the late Mrs. John J. Maslin, the Boyd or Maslin house, on High street, for \$500. This, while one of the old houses of the town, is one of the most substantially built. Mr. Cooper will have his new purchase remodelled and improved and make a home of it.

Messrs. George Haberland, heretofore the baker for Mr. Charles S. Smith, and Fred Fisher, formerly the baker for Mrs. D. Gruber, have purchased of Mrs. Gruber her High street home, her bakery, 2 horses and 2 wagons, together with her good will in business, for \$4,000. Mrs. Gruber has been engaged in the bakery business in Chestertown for many years, and by her uniformly correct methods in business matters has won the confidence and esteem of the entire community. It is stated that Mrs. Gruber and her sons will go to Philadelphia.

Sheriff T. J. Fletcher on Tuesday sold for taxes, the two acre Lindsay lot, in Quaker Neck, for \$100. The house was in a most dilapidated condition and the price paid was considered high. The property was bid in by County Commissioner Haddaway.

Auctioneer John H. Greenwood, sold on Tuesday for H. H. Barroll, trustee, the fine James P. Wickes' farm of 375 acres, on Eastern Neck Island. Mr. Jas. W. Stevens, of the Baltimore commission firm of Stevens Bros, was the purchaser at \$14,350 or \$38 per acre. This is considered one of the finest properties in the county, is finely located on the Chesapeake bay and the price paid is not considered high. There is some marsh on the farm but it furnishes fine grazing for stock.

DIED.

BRAMBLE—Harry W., son of Sarah F. and George T. Bramble, died Sunday, May 25, age 2 months. J. E. Ferguson, undertaker. Those little lips so sweet to kiss, Are closed forever now; Those sparkling eyes that shown so bright Beneath that heavily brow, That little heart that beat so high, Free from all care and gloom, Are hidden now from those he loved, Beneath the silent tomb.

MAMMA AND PAPA.
Thy gentle voice now is hushed, 1
Thy warm, true heart is still,
And on thy young and innocent brow,
Is resting death's cold chill.
Thy hands are clasped upon thy breast,
We have kissed thy lovely brow,
And in our sobbing hearts we know,
We have no darling now.

THURSDAY'S QUOTATIONS.

The Receipts of southern wheat today were rather limited in amount and of very inferior quality. Market inactive and easier. Sales of several hundred bushels damaged at 70 cents. Quote graded No. 2 at the close nominally at 84 cents, APLAT.

Western opened quiet, May, 79. Private cables lower, including Continental, while speculative on this side were inclined to be weak.

The receipts of southern corn today were more liberal, but almost exclusively of yellow. Market easier in tone in sympathy with Western. Demand more or less constant for prime corn of both colors. Sales of a small lot of white, by sample at 69 cents, and of yellow, both on grade and by sample, at 67 cents. Corn steady at \$3.25 to \$3.50 per bbl. for carloads prime yellow on spot with supplies in first hands ample for the moderate demand prevailing.

Western was quiet and lower. 67 was bid for cash corn early.
