nourished and then the outpour of the nerves will cease as naturally as a hungry child ceases to cry when fed.

For nervous women there is no better tonic and nerve than Dr. Pierce's Favorite Prescription. It cures the diseases which produce nervousness in women, irregularity, debilitating drains, inflammation, ulceration and female weakness. It tranquilizes the nerves, encourages the appetite, and induces refreshing sleep.

"When I began taking your medicine I was not able to stand on my feet ten minutes at a time," writes Mrs. Hattie Borradale, of 113 Spring Street, Nashville, Tenn. "Had falling of uterus, and kidney and liver disease, and was so weak and nervous I could not keep still. Would take nervous spells and almost die at times. I had several different doctors attending, but they could not do me any good. The last one I had said I would never get up again. Told him that I was taking your 'Favorite Prescription' and 'Golden Medical Discovery,' and he said, 'Right just as well take that much water each day.' But I thought I would give the medicine a fair trial. Before I had finished the first two bottles I was able to get outside the house and walk around the yard. I kept on taking the medicines and they cured me."

Dr. Pierce's Pellets cure biliousness.

An Out-of-Doors Number.

The issue of THE OUTLOOK for June 7th is the Thirtieth Annual Recreation Number. The leading features are "Hunting Big Game with the Camera," by A. G. Wallihan; "When You Meet a Bear," by W. J. Long; "Mountain Climbing," by Charles E. Fay; "Camping for Women," by Martha Coman; "Lost in the Woods," by George Kennan; "Behind the Guns," by James Barne; "The Salmon Leap," (a beautiful picture illustrating a passage from Izaak Walton); and "Winning a Y," by Walter Camp. There are also Dr. Hale's "Memories," an illustrated article on Jane Austin's Home, a good story, and interesting, timely portraits. The number is richly illustrated with drawings by Charles S. Chapman, Philip R. Goodwin, Henry Sandham, J. Conacher, and F. C. Gordon; and photographs by A. G. Wallihan, J. Horace McFarland, and others.

The Children's Prayer.

A prayer sung every morning in a family where there are little children: Good morning! dear Jesus. Thou kindly hast kept Watch all the night long, while we children have slept. And now that the eye of the day opens wide, Please keep us from evil; within us abide. Our working and playing all done in Thy sight. Till the day shuts his eye and we bid Thee good night.

When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

RUN YOUR OWN LIGHTING PLANT.

Do not lose sight of the fact that we sell a Gas Lamp, not an oil lamp. The burners are on the same principle as the Welsbach lights on the coal-gas pipes of our cities; in fact, the Welsbach lamps are Welsbach lights making their own gas as needed, so that you run your own lighting plant, and are thus independent of excessive corporation bills or trust rates.

This system of lighting is unquestionably the best and most economical now known to the world. The "gravity" lamps cost one-fourth cent per hour for 100 c. p. of light. The "pre-sure" lamps one-half cent per hour for 750 c. p. of light. The ordinary gas jet costs one-half cent per hour for 16 c. p. of light. Electric lights the same or higher.

Note this great difference between these systems, and if you are wise you will send for catalogue and run your own lighting plant.

WORTH \$300,000,000.

The President of a certain big Oil Company is said to be worth \$300,000,000. A tidy bit of money and no mistake. And yet he isn't happy. In an address to a Bible class he spoke of trials and troubles of a rich and the loads they have to carry. A young lady whispered to a friend that he might wear a Benson's Porous Plaster on his back, better still, divide the money among the members of the class. I don't know why her idea about the plaster makes me want to laugh, but it does. All the same I have seen plenty of people laugh after putting Benson's Plasters on their backs or chests, or on any other spot where there was weight, heaviness, weakness or pain. It may be the sharp stabs of neuralgia, the aches and wrenches of rheumatism; it may be colds in muscles or bones; it may be those kidney or lumbar thrusts that make you yell as at a dog bite; or it may be a strain or cramp, anything that wants quieting and comforting. Don't bother with salves, liniments, lotions, etc., or with any of the stupid and useless old style plasters. Clap on a Benson's. It relieves at once and cures quickly. It stops the pain and makes you laugh for the very ease and good feeling of it. But watch out against imitations and substitutes. All druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each.

LEHIGH COAL.

I have just received an invoice of LEHIGH STEAM COAL,

which is the best coal for heating and general use in the market. It burns to ashes and does not clinker. It will make more heat than any other Anthracite Coal. It comes from the Mammoth Lehigh Vein, which is considered the best coal in the Pennsylvania Coal Region. It is shipped by Railroad; it is not handled until thrown into the delivery wagon, and is clear of dirt.
