LOCAL MATTERS.

Stunned by Lightning.—Mr. Garrett Foxwell, Democratic candidate for State Senator, while out in his field attending his turkeys last Wednesday evening during a storm, was stunned by lightning. Mr. Foxwell was knocked to the ground, but aside from a harsh shakeup, he experienced no further injury.

Dr. Cain's Successor.—The Board of Visitors and Governors of St. John's College have elected E. Reinhold Rodgers, Ph. D. to the chair of English, to fill the vacancy caused by the resignation of Dr. James W. Cain. Prof. Byron V. Cissel was elected vice-president of the college to succeed Dr. Cain.

Horse Killed by Lightning.—A valuable horse, belonging to Mr. Frank Shinn, near town, was killed by lightning during the storm of Wednesday night. Mr. Shinn had driven the horse to town early in the evening, and when he returned home he turned the horse out in the lawn. The next morning he found him dead, and it is thought he was killed by lightning.

Additional Wheat Yields.—One of the best yields of wheat reported this season is the crop of Mr. James Bell near Fairlee. Mr. Bell reported 25 bushels to the acre on fallow and 14 bushels on corn ground. The wheat is a new brand known as the Australia. Bordered, and the berry is large and firm. Other yields reported this week are: Mr. Purnell Jump, Fairlee, 20 bus.; Mr. Joseph Trew on the Thomas Wroth farm near town, 21 bushels to the acre off his fallow.

Drowned Near Millington.—James Antone, a farm hand on Mr. John Conners' farm near Millington, was drowned on Sunday, while swimming in the river just above Crumpton, with some boys. The boys were out in the river in a boat, and while attempting to jump into the water, one of the boys overturned the boat. Antone, being unable to swim, was drowned. The other boys were saved by clinging to the bottom of the boat.

P. O. S. of A. Convention.—The Maryland State Camp of the P. O. S. of A., will hold its annual convention at Frederick City on Tuesday August 11th. Mr. Wm. E. Valliant, of Chestertown, is the State President. The delegates from Chestertown Camp are Messrs. Wm. A. Burk and W. E. Ringgold, with Messrs. John C. Davis and John A. Milnor, alternates. Mr. S. J. Coleman, of Rock Hall, is the present district president. The past year has been a very prosperous one for the order. Mr. Valliant having instituted seven new camps during the year.

Runaway.—The two children of Mr. J. B. DeCourse were in an exciting runaway on Friday evening last. The children were riding in a dogcart along the public road near Pomona, when the horse became frightened and started to run. The little boy jumped out the back of the cart, but Emma, the brave little girl, retained her seat and endeavored to guide the horse through the gateway leading to her home. In turning into the gate the cart struck the side of a bridge nearby, overturning the cart and throwing the little girl to the ground. Aside from a few bruises Emma escaped unhurt. She displayed great bravery and presence of mind in her perilous position.

A Deserved Compliment.—The Eastern Gazette in its last issue, contained the following very complimentary reference to Dr. James W. Cain, the newly elected president of Washington College: "Dr. Cain, the newly elected president of Washington College, was in Eastern this week. We offer our congratulations to the College. Dr. Cain is a Yale man, where he was devoted to athletics and took a prominent part in this branch of university life as a crew man and football player. He was made a member of the faculty of St. John's College in 1886 and instituted many important reforms which have helped to give it a higher standing in the college world. His resignation as vice-president was accepted with regret and in recognition of his scholarly attainments as well as long and faithful service to the college, it was ordered that the degree of doctor of laws be conferred upon him."

To Start a Laundry.—It is rumored that a laundry similar to the one in operation at Westminster, Md., will be opened in Chestertown to do the washing of the many housekeepers who are unable to employ the labor here. The laundry at Westminster does the washing at the rate of 4 cents per pound. This move is contemplated to meet the combination which the colored washerwomen of the town have formed. We heard of one house keeper who offered \$3.50 per week for labor—just as much as any woman can possibly earn by the week by washing clothes—and even this remarkable wage was refused. The question of labor is becoming too serious to be dealt with lightly. Capt. John Smith, of colonial Virginia, governed his colony by this motto: "He who will not work shall not eat." It might apply with telling force in some localities in Kent county.

Principal Appointed.—At a meeting of the Board of Trustees of the Chestertown Public School, held on Thursday morning, Prof. Lawrence J. Smyth was appointed principal of the school to succeed Prof. Edward M. Reiser, who resigned to accept the principalship of the Havre de Grace High School. Prof. Smyth had been the principal of the school for some years until last February when he resigned to accept the position as book-keeper in the Chestertown National Bank. The desire on the part of the parents and pupils of the school for the Professor's re-election to the position which he had so ably filled, was sufficiently great to induce him to consider the appointment. He applied and his election followed. We have no doubt that the appointment by the Board of Trustees will meet with the approval of the entire community, as Prof. Smyth is deservedly popular with both parents and pupils. There were a number of applicants for the position. The vacancy in the bank will be filled later.

LITTLE LOCALS.

*Sherratt parties are the social fad among the little folks at present. The soda water fountains of M. A. Toulson's drug store and of the Stam Drug Company are doing a thriving business.

*The Messrs. Dwyer Brothers are rapidly pushing the work on Capt. Pfeiffer's Cannon street property to completion.

*The Town Commissioners are having a pavement laid on West Front street. This will be a great convenience to the residence of that section of the town.

*The Ladies Improvement Society at their meeting at the home of Mrs. Jervis Spencer on Monday evening discussed various matters pertaining to the improvement and beautifying of the town. The cleaning of the streets and squares, the grading of the driveway from Mr. D. A. Bacchus' corner to the wharf and the enclosing of the lot at the wharf with a handsome fence, were among the matters discussed. The ladies were outspoken concerning the practice of throwing paper on the streets. We are all more or less guilty of this fault and the TRANSCRIPT, among the offenders, advise all to co-operate with the ladies in their efforts to make our town beautiful.

*The hardware firm of J. K. Aldridge, & Co., has installed a handsome \$350 cash register the past week.

*Wilbur W. Hubbard was displaying in his office window on Thursday a peach tree twig upon which were five luscious ripe peaches. These peaches were from the orchard of Mr. Samuel Wallen in Queen Anne, and were of the "Mountain Rose" variety. Mr. Wallen sold a wagon load of the peaches in town on Thursday, receiving \$1.00 per basket for them.

*The Chester River Steamboat Company will run a moonlight excursion to Queenstown on Wednesday evening, Aug. 5th. See their advertisement in this issue.

*Mr. James Sparks is making good progress in moving the old frame school building. He has experienced very few mishaps.

*Bedworth, Jr., won fourth money in a race at Rochester last week. Bedworth's position was 4, 3, 3, 4. The race was won by Dumont W. with Major Muscovite second, and Effie Powers third. Best time 2:10. Bedworth was driven by Mr. Wm. P. Biggs, of Baltimore, by whom he is being handled now. On Thursday Bedworth won third money in a fast race at Albany, N. Y. The purse was for \$800. Best time, 2:09.

Church Notes.

Christ M. P. Church, Rev. D. T. Greenfield, pastor, 9:30 A. M. Class; 10:30 A. M. Sermon; 2:30 P. M. Sunday School; 6:45 P. M. Service of Song and Prayer.

Rev. J. McLain Brown, pastor of Fawn Grove, Pa., Methodist Protestant Church, is in the midst of a great revival. Meetings are being held morning, afternoon and night, under a large tabernacle in a grove near the Church. The total number of conversions is 95. At the afternoon service on Monday 1,000 persons were present and 87 converts united with the Church.

Christ Methodist Protestant Church, Baltimore, of which Rev. Wm. N. Sherwood is pastor, will picnic at Tolchester on Friday, August 7th. Some weeks ago the large tent under which the congregation has been holding service was burned, together with the organ and some furniture. Rev. Mr. Sherwood, by his characteristic energy has secured another tent and the congregation has not missed a single Sunday in its worship. Funds are being raised for the erection of a handsome church by the worthy pastor and his congregation.

SPORTING NOTES.

The yacht Reliance has been selected to defend the America's cup against Sir Thomas Lipton's flyer, Shamrock III. The first cup race will take place Aug. 20, off Sandy Hook.

The annual yacht races, held under the auspices of the Chesapeake Bay Yacht Club, of Easton, will be held at Oxford, Md., Aug. 8th. Some very fast boats are entered for these races, including the John B. Harrison, of Tighman's Island, and the Island Blossom, the prize winner of William H. Myers, Jr., of Oxford.

The Betterton team defeated the strong Millington team last Saturday by the score of 6 to 0. This is the third successive game that Betterton has not been scored against. Betterton has several games scheduled for the coming week, which promise to be good. The Baltimore Eastern League team has won five straight games, and now holds fourth position in the race for the pennant.

THE C. E. CONVENTION.

The annual convention of the Kent County Christian Endeavor Union held at St. James M. P. Church, on Thursday of this week, was largely attended and one of the most successful in the history of the Union.

Exercises began a few minutes after 10 o'clock A. M., with a service of Song and Prayer conducted by Mrs. Rosenau, of Baltimore City. Then followed in order the addresses of State President Geo. Mather, on "The Outlook," Rev. E. C. Makoskey on "The Model Prayer, its Influence in the World," Dr. Elderdicke, of Wesley Chapel, on "The Family Altar," and in the absence of Dr. Greenfield, a very interesting talk by Dr. Mills. All these addresses which occupied the time allotted for the morning session were of a high order of excellence and greatly appreciated by the large audience present.

The afternoon session began with a service of Song and Prayer conducted by Mr. Satterfield, of the Wesley Society, after which Mr. J. T. Anthony, of Queen Anne's county, delivered a most inspiring address on "Why Endeavorers should Pray and Labor for the cause of Temperance," and, incidentally, Mr. J. W. Corey injected a few remarks, along the same line, that were well received. Then followed an enthusiastic address on "The Tap Root of Christian Endeavor," by Mr. Geo. Mather, State president. Mr. W. A. W. Bright, county agent, in charge of "How Can a Pastor Aid the C. E. Society of his Church," and was followed by Rev. J. M. Sheridan in his most happy and forceful manner on "How can the C. E. Society Aid the Pastor."

Then came the "Junior Hour," in charge of Mrs. H. S. Barnett, county agent, and Mrs. A. Suter, of Baltimore Suppl., and Mrs. A. Suter, of Baltimore, State Junior Supt. This consisted of a short talk by Mrs. Barnett, an exercise by the Juniors and a very interesting address by Mrs. Suter on "Junior Work." This was one of the most interesting features of the day. The evening exercises began with a "Service of Song and Prayer," conducted by that splendid C. E. worker, W. R. Gale. This was followed by an address by Dr. Mills on "The True Endeavorer a Model Citizen. Why?" Dr. Miles was at his best and had the attention of a delighted audience for at least forty five minutes. The services then closed with a fervent prayer by Rev. E. C. Makoskey, song and the misap benediction.

Too much praise cannot be given the St. James Society for the great success of this wonderful convention.

The following officers were elected for the ensuing year: President, Mr. Wm. A. Wheatley; vice-president, Miss Sadie Morris; secretary, Miss Bessie M. Nicholson; treasurer, Miss Lizzie Hepbron; Junior Supt., Mrs. H. S. Barnett.

SOCIAL PLEASURES.

(Written for the TRANSCRIPT.) The charming house party at Mr. Thomas Massey's has been most delightfully entertained and 'tis the opinion of one and all that the past week has been the most pleasant and pleasant event spent. Among the prominent features of the affair was a Dinner Party on last Saturday evening. The spacious dining-room was beautifully decorated with cut flowers and the soft red lights cast a shade of becoming loveliness, while the bright and attractive features of the guests added more than all else to the beauty of the scene. The ladies were attired as follows: Mrs. John N. Roberts, cream silk mull; Mrs. William Beck, white Persian lawn; Misses Sarah Pennington, white tulle and lace; Florence Beck, white net, spangled; Isabel Beck, black silk net, spangled; Frances Hopkins, white swiss over pink tulle; Sarah Beck, yellow embroidery chiffon; Nias Roberts, white silk land-downs; Elsie Beck, white organdy over silk. The gentlemen were also in full dress. The following menu was beautifully served:

- 1-Fruit Salad. 2-Bouillion. 3-Potatoes au gratin. 4-Chicken Croquettes. 5-Maryland Biscuit. 6-Green Peas. 7-Roman Punch. 8-Potato Koli. 9-Water Ice. 10-Coffee. 11-Eau de Cologne. 12-Cakes. 13-Crackers. 14-Olives. 15-Favors.

On Monday night there were many callers at Chestertown and a most pleasant evening was spent. A cake walk by two of the house party comely dressed, afforded a great deal of fun. Light refreshments were served. Many kind friends have donated ices, cakes and fruits which have been deeply appreciated. Most of the young men kept their teams with them to the driving and horseback riding have been much enjoyed. In conclusion, too much cannot be said of the kind, thoughtful chaperon who made "our wishes hers," and the gallant young host whose untiring efforts to give pleasure to one and all of his house party, well deserve the success they received; and the sweet courtesy of all have made so deep an impression upon the strangers in the party that 'tis with deepest regrets they leave Kent which they declare "The Garden spot of Maryland."

MILLINGTON MATTERS.

You Answer These Questions:

WHO IS in a better position to buy materials than HUBBARD? WHO IS more eligibly located, or has a better arrangement to get his stock, than Hubbard? WHO HAS better machinery, Bone Crushers, Denmad Mills, Pool & Hunt Mixers, Elevators and Phosphate Mills, etc., than HUBBARD? WHO MAKES their goods further ahead, so as to dry out and be in first-class mechanical condition, than HUBBARD? WHO TREATS their patrons better, or is more lenient with them in paying their bills, than HUBBARD? DID YOU hear of J. W. Lambert's yield? He used HUBBARD'S. DID YOU hear of J. W. Chapman's yield this year of 26 bushels per acre? Well, he used HUBBARD'S? DO YOU think it best for your land and crops to use a low grade goods continually, or to use a Bone Base Goods that has some life and "stay by" qualities to them, like HUBBARD'S? DO YOU think that Wright, McKenney & Lowe would have telephoned us to come over and contract for the fall if their trade did not demand a high grade goods like HUBBARD'S? DO YOU think a man of as good judgment and stands as high as Mr. I. R. Leaverton would have driven up in front of our office a few days ago, would have called us out and given an order for 30 tons of High Grade Goods, unless he believed his land and crops needed HUBBARD'S? DO YOU believe Mr. James T. Anthony would have called us and said, "Hubbard, I have just thrashed, and where I used your goods I got 23 and two-fifth bushels per acre, and last year over 30 from the same goods, and my hay out this year from it was fine, and that he was going to use HUBBARD'S again this fall? DO YOU think a firm manufacturing fertilizers for 32 years, or 58 seasons, could have an ever increasing trade, doing more business each year, unless they were giving a good goods like HUBBARD'S? We solicit your patronage. Very truly yours, WILBUR W. HUBBARD, Manufacturer of Standard Bone Fertilizers, CHESTERTOWN, MARYLAND.

IF YOU WANT A First-Class Reliable Fertilizer

for your Wheat, one that will not gum up or clog in your drill. USE BECK, WALKER & BROWN'S TRY ME, PROPAGATOR or SPECIAL BONE MIXTURE.
