SATURDAY MORNING..................JULY 16, 1892

The Ticket to Win!

FOR PRESIDENT:
GROVER CLEVELAND,
Of New York.

FOR VICE-PRESIDENT:
ADLAI E. STEVENSON,
Of Illinois.

A DISPATCH from Gray Gables states that Mr. Cleveland is very much gratified at the defeat of the silver bill.

MR. WHITNEY'S refusal to accept the chairmanship of the Democratic national committee is regretted by all. But he will be on hand to second the man who does fill that chair.

THE Democrats in New York are getting more closely together every day. The Republicans seem to be getting further apart. If this condition of affairs continues Cleveland will have a walk over!

COURT has nullified the claim of Sidney I. Wailes for $111,389.94 as his commission for the Federal direct tax refunded to Maryland. Wailes claimed an attorney's authority to settle all Maryland claims against the United States.

LAST Wednesday the House put to deserved death the Stewart Free Silver bill which the Senate passed a week ago. Thus for the second time this session that subject has been voted down by the House, this time decisively and finally. The vote stood 163 to 129.

REPUBLICAN congressional candidates in this district are said to be numerous this year. We have heard the following names mentioned: P. L. Goldsborough and Dr. W. A. Smith, of Dorchester; Geo. M. Russum, of Caroline; Thos. S. Hodson, of Somerset; B. F. Parlett, of Talbot; C. T. Westcott and Col. W. J. Vannort, of Kent.

THE Richards murder in Cecil continues as great a mystery as ever. The suspicion that the murdered woman's husband did the act rests upon very frail circumstances. The reward of $3,000 is still offered. The Cecil *News* well says: "Next to the murder, itself, nothing occurs to us more horrible that an innocent person should be accused in the public mind." Yet people *will talk*, and sometimes for lack of topics, or general cussedness, will lie about their fellows.

STATE APPOINTMENTS.

The board of public works—consisting of Governor Brown, Comptroller Smith and Treasurer Jones—held a meeting at Annapolis on Thursday and made some of the oyster navy appointments.

Capt. A. Stanley Bryan was reappointed, and Capt. Crockett, of Talbot, was given command of the Eliza Hayward. The Kent boat will not be touched until later.

The Governor on Thursday night appointed school commissioners and supervisors of elections for a number of the counties. Kent was not reached but there is no doubt about the reappointment of our present school commissioners — Messrs. Jones, Scott and Davis.

WHYS AND WHEREFORES.

Every Democrat in the country should do his utmost to elect Grover Cleveland this year because—

The election of Cleveland means the restoration of Democratic priniciples in national affairs, not for a term but permanently.

Because his election will bury the Force bill idea with no hope or chance of a resurrection.

Because his election will be the first step towards the breaking down of that kind of tariff taxation which aims to enrich the few at the expense of the many.

Because it will put a final end to the policy of centralization in which the Republic's greatest danger lies.

Every independent should do all he can for the election of Grover Cleveland, because his election will go further than anything else could to restore that purity and honesty of government wich independents professedly seek.

The Caroline Meeting.

A Cleveland-Stevenson ratification meeting was held in Denton on Tuesday afternoon by that part of the Democrats of Caroline county who were known as Fusionists last fall, Ex-State Senator Dr. G. W. Goldsborough, president, and the meeting was addressed by Congressman Henry Page, Ex-Comptroller J. Frank Turner, N. Alex. Hutson and Col. P. W. Downes. Music was furnished by the Greensborough band and ice-cream and cake dispensed. Large posters were put up by the State central committee members announcing that the meeting had been called without their knowledge or consent. Quite a number of regulars were present and participated. We are glad to see "fusionists" or any other class enthusiastic for Cleveland. The "regulars" should encourage them to do their best for the ticket. Open wide the Democratic door and invite all to the feast! Our ticket is worthy the support of every voter.

THE Baltimore *Sun* says that a coterie of Western Democratic Senators are aiming at the defeat of Cleveland by the free-coinage agitation. Possibly this is true. These men care more for their hobby than they do for the Democratic ticket. But is not the *Sun* engaged in the same business? Whether it is from design or indifference it matters not, the result is the same. The constant use of the columns of that journal to traduce leading Democrats is doing Cleveland more injury than they could do as his open enemy. Cleveland no doubt fully appreciates it and is continually led to cry out "Save me from *such friends!*" Not only the *Sun* but possibly some of its readers in Maryland have become so prejudiced as to be more anxious to beat certain leaders they dislike than elect Cleveland. This is certainly the way it looks to unprejudiced minds.

THE program for the Talbot county fair has been issued. The 13th, 14th, 15th and 16th Sept. are its dates. Premiums aggregate $11,000. Entries close Sept. 2. M. M Higgins, Esq., is the secretary.

Accident to the Emma A. Ford.

The Emma A. Ford left her wharf here Wednesday morning as usual, but when near the Seven Foot Knoll she met with an accident and had to be towed into Baltimore by the Gratitude.

Among those on board from Chestertown were M. deK. Smith, Esq., Messrs. Wm. T. Sutton, Linwood Sparks, Misses Mary Ruth, Allie Shuster, Anna Lambert, Misses Williams and Merritt. Mr. Sutton, in an interview Thursday, gave the following account of the accident: I was standing in the pilot house with Capts. McConner and Anthony when I was startled by hearing a tremendous crash and the siz of steam. In a moment the situation was realized and the Gratitude, which was about thirty yards ahead of us was signaled and came back. Upon examination the walking beam was found to be broken close to the guides about two feet from the centre of the connecting pin on the beam. The break caused the steam to blow the head and bottom off the cylinder, but further damage was prevented by Engineer Banner's coolness, who, in about two seconds had all the steam shut off. Although he was in the most dangerous place of any one in an accident of that kind he was not in the least excited. A flaw in the iron was pronounced to have been the cause of the accident.

The ladies, numbering about thirty, were of course frightened, and so were the men, but Capt. McConner soon assured them there was no danger if she were to sink, as the upper deck would then be out of water.

Baltimore was reached about 1 o'clock. The Gratitude made the return trip to Chestertown, arriving here at 9.30 P. M. The damage is estimated at $3,000 and it is thought six thousand will be required to put her in order. Mr. Warfield and Dr. Ford went as far as Queenstown Wednesday morning on the Ford and therefore were not aboard when the accident occurred.

Capt. Taylor, of the Graditude, stated Thursday night that the Gratitude would continue her trips to town until the Ford was ready. The Ford will be towed to Wilmington to-day where the machinists have contracted to finish her in three weeks.

A Swift Steamboat.

The Baltimore-built steamboat Tockwogh has won fame in the Northern waters in the service of the Newport and Wickford Railroad and Steamboat Company which purchased her a short time ago. Agent C. U. Coffin, of the company, has written a flattering letter about her to Capt. William Cundiff who superintended her construction at Wm. Skinner & Sons' yard, after which Charles Reeder & Sons put in her machinery. Mr. Coffin says: "When she first went on the line we had trouble in getting steam. She was built for soft coal and we used hard. We could not get over twenty-seven pounds at that time. All the boats tackled and made a show of us, and Tockwogh stock went down. Everything looked blue. I had an eightpointed jet put in the chimney and soon found we could get all the steam were allowed and keep it. Meanwhile the other lines had been getting saucy. They did considerable blowing and not until the Day Star tried to down us did Tockwogh stock rise. We were all ready for her, and when she got alongside the crowd began to yell, thinking she was going ahead. Well, we opened up and the way the Tockwogh went was a surprise to all. In twenty minutes we were one mile ahead. The crowd went wild with excitement, and bets were made that the Tockwogh could do it again; so the next night we tried again. As soon as the Tockwogh settled down to business we left the Day Star far astern. The Tockwogh is only 165 feet long on keel. We fell in one day with the steamer Mount Hope, 880 tons, 46-inch cylinder, 10-foot stroke, 195 in length and 58 feet a beam. Then we took a jump, and the Maryland steamer is the queen of Narragansett bay. We can beat any boat around here, and the smallest one is 177 feet long. The Tockwogh is the finest boat of her size that ever ran on this bay. As soon as we get a chance we are going to give her a trial over a mile course."

A letter from Capt. Cundiff to the NEWS Thursday says: We launch the new steamer July 20th, 3 P. M. She will be called the "Sassafras" and will be completed and put on the route about the first of September. Would like to see some of my friends at the launch.

County Tax Rates.

Baltimore Sun.

In making the tax levies for the year 1892 in the counties of Maryland it is to be regretted that there is scarcely an instance of a reduction, while there is an increasein many of the counties. In Cecil county the increase has been 19 cents on the hundred dollars: Allegany has increased 4 cents; Harford has increased 20 cents; Wicomico, 7½ cents; Charles 7 cents; Dorchester 3 cents. In some of the counties the rates are unchanged. Somerset makes a reduction of 5 cents. In some of the counties the increase is due to enlarged appropriations to public roads, in some for the public schools, and in others to increased Circuit court expeses. In Cecil county the cost in a single case, which resulted in an acquittal, was nearly $2,000. This latter item belongs to an expenditure which has become a grievous burden to the people of nearly all the counties. The cost of prosecuting criminals in some of the counties amounts to from 5,000 to $10,000 in a year, and then the net results is perhaps a half-dozen persons convicted of larceny or minor infractions of the peace. It cannot be denied that the county governments in Maryland are conducted with every regard to strict economy. In almost every instance salaries are very low, and the important places of the county commissioners are filled by men who receive scarcely anything for their work. A great portion of the county expenditure, such as court expenses, is out of their control, and they have nothing to do but to pay the bills presented.

Whilst federal taxation upon the poorer classes of the people is many times heavier than local, the latter comes in such a way as to strike the farmer a stunning blow. The federal government operates like the vampire. It sucks the life-blood from the victim whilst he is unconsious, and at the same time fans him into a delicious repose with delusive ideas of protection and home markets. In the long run this, of course, will tell upon the people.

The matter of taxation, then, being so vital a matter, any increase in rates is naturally viewed with alarm, and it is not sufficient justification for the authorities to say that the increase is to be appropriated to roads. It must be shown that it is to be so expended as to produce results. As roads are managed in most of the Maryland counties the net result is somewhether the expenditures are more or less.

THE California politician, Bidwell, who was last week put up as the Presidential candidate of the Prohibition party, has been for a great part of his life the biggest brandy distiller in California. He made the brandy in his own distillery from grapes which he raised on his own ranch of 500 acres; he made wine also; and he grew rich by the sale of the brandies and wines which he marketed year after year.

AN interesting sketch of the late Hon. George Vickers, from the Baltimore *Evening News*, will be found on our first page. The incidents therein narrated will be recalled by many of our readers.

TO OUR EXCHANGES.—Most of our country newspaper exchanges would put in a "Bascom Folder" if they knew their great value. One in successful operation can be seen at the NEWS office—at work every Friday evening. See adv. on first page.

PROPERTY SALES.—James A. Pearce, Esq., attorney, sold at mortgagee's sale on Tuesday Sparks' mill and mill seat. Cornelius J. Scott, Esq., bid the property in for the mortgagee, Andrew Woodall, Esq.

The Pippin farm near Bridgetown in Queen Anne's was purchased by the heirs Tuesday at $28 per acre.

The property advertised by Sheriff Plummer for taxes was all sold at satisfactory prices last Saturday.

The Neike property at Worton Station was held up, the highest bid being $1,000.

The marsh strip of land on the Wilkinson estate at Rock Hall has been sold by James A. Pearce, Esq., to John E. Beck for $13 per acre.

Mr. Chas. J. Reiche has purchased of Dr. J. T. Twilley one of the Ringgold lots 40x178 feet fronting on Water street. Mr. R. will erect a stable on this lot for the present.

THE tug "Dallars" arrived in town Wednesday with 7,000 bushels of shells which are being placed on our streets.

NEW ROUTE.—A mail route has been established between Fairlee and Baltimore via of Tolchester through the persistent efforts of residents in that vicinity. Mr. J. A. Russell will carry the mail to and from Fairlee.

FINED.—Mr. Schwab, a Baltimore drummer, was fined $2.50 Thursday for trotting his horse over Chester bridge. He walked his horse over the draw only as that was where he saw the notice posted.

DANCES were given at Tolchester and Centreville Thursday night. The Tolchester dance was a grand success and was largely attended by persons from town and surrounding country.

THE Protestant Episcopal Sunday school will hold their annual picnic in Melvin's woods next Wednesday. The M. P. school will go to Worton Manor Beach same day.

The "United Y" numbering over 200 enjoyed a picnic at Gale's Wednesday.

THE Morgan's Creek festival last Saturday evening was a perfect success netting a handsome sum to the Zion M. E. Church. Mrs. W. S. Melvin, Mrs. Margaret Rambo, Mrs. B. Robinson, Mrs. Shahan, Mrs. S. Frazier, Misses Etta Trew, Ella Melvin, Caddie Nickerson, were the efficient managers of the affair.

THE money for the Cleveland & Stevenson banner has been subscribed and a committee appointed to purchase it at once. The banner will be hung across Main street near cross. It will cost about $50. Let there be a grand demonstration on the occasion. Old Kent must not be allowed to fall behind in active interest for true Democracy.

ACCIDENT.—John, the nine-year old son of Mr. John Barnes, was run over by a wagon Thursday morning and for awhile was thought to be seriously hurt. He was playing in the road when the accident happened. He was very much improved yesterday.

Mr. Thomas Kelley while stepping from a street car in Baltimore recently wrenched his shoulder so badly that he has not been able to use his arm. He still carries it in a sling.

New Steamboat Line.

Chestertown now has two competing lines. Capt. Jos. W. Thompson has placed on the Thompson Line a new freight steamer, "J. B. Dallas," which made her first trip yesterday. She is a boat of fair speed, making ten knots an hour and has a capacity for carrying 7,000 bushels of grain. This steamer is announced to run regularly between Chestertown and Baltimore, on Chester river and tributaries. She will have the assistance of the schooner Remittance, which has been put in thorough repair.

ST. MARY'S SCHOLARSHIP.—The Board of County Commissioners on Tuesday last filled the scholarship in St. Mary's Female Seminary—according to notice heretofore published. The applications were as follows: From the first district, Miss Pennington; second district, Miss Hepbron; fourth district, Misses Overend, Patterson, Anthony and McCaig; fifth district, Miss Hatcherson. None from the third district. There were ten ballots as follows:

APPLICANTS.	1	2	3	4	5	6	7	8	9	10
Miss Overend	1	2	1	1	2	2	2	2	1	1
Miss Patterson	0	0	0	0	0	0	0	0	0	0
Miss Anthony	0	0	0	0	0	0	0	0	0	0
Miss Hepbron	2	1	1	1	1	1	1	1	1	1
Miss Pennington	1	1	2	1	1	1	1	1	2	3
Miss Hatcherson	1	1	1	2	1	1	1	1	1	0
Miss McCaig	0	0	0	0	0	0	0	0	0	0

On the tenth ballot Mr. Rodenhiser and Mr. Willson voted with Mr. Morgan for Miss Pennington, giving her a majority. She is a most estimable young lady and daughter of Noble E. Pennington.

On the Wheel.

As announced in the NEWS last week so it happened. The Centaur Club numbering twenty members came to Chestertown Sunday from Baltimore via Tolchester arriving here at 10 o'clock. An escort met them near town and accompanied them on a spin around the town. A hearty dinner was partaken at the Voshell House.

Mr. Fred Stevenson and Mr. Edward Maslin will join the bicycle party to Washington. They start tomorrow.

Mr. Frank H. Ruth, of Galena, rode to town Tuesday on his wheel and made it in about two hours. Mr. Ruth takes some long rides and can make good time.

We heard a housekeeper say she wished she had one of them things to ride about the house and do her house work. Can't some of our agents accommodate her?

The K. K. K. (Company K.) of the Fifth Regiment, and the Oriole Cycle Club held a joint athletic exhibition at Tolchester Beach Tuesday afternoon. The programme was a good one, and several thousand persons witnessed the different events. Following were the results of the contests:

One-mile cycle race, eight starters, won H. Horn; time, 3.29 1-5; C. R. Bergnelle second. The other starters were C. Myres, N. T. Lang. G. Lewis, George H. Rush and G. Wollrab. The first prize was a medal, given by the Tolchester Company; second an umbrella, by F. J. Werneth; third, a pair of shoes, by N. Hess & Son; fourth, a horn, by S. Geripan.

A 100-yard dash, won by M. R. Sisson, time 11 2-5, with M. J. Conway second.

Running high jump, won by M. E. Heintz, 4 feet 9 inches; second, M. J. Conway, 4 feet 8 inches.

Club championship, Oriole cyclers won by M. Hizer, C. R. Bergnelle second.

Half-mile run, won by M. R. Sission, time 2.45, with M. E. Heintz secoud.

One-mile open race, won by Marshall Hizer with H. Horn second; time, 3.23 3-5

Running broad jump, won by M. J. Conway with P. E. Gillen second and M. E. Heintz third. Conway jumped 16 feet and Gillen 15 and 10 inches.

Tandem race, won by Horn and Hizer, with Bergnelle and Wyer second. Prizes, two sweaters.

One-mile safety race, won by Frank Smith, time, 3.31 2-5.

One mile run, won by Frank Smith, with W. E. Beinz second.

There were a number of the Chestertown Club present and some of them made fast time on the road. Messrs. W. B. Copper and Eben F. Perkins, Jr., made the run from town to Tolchester in one hour and five minutes and Mr. E. Westorn Welch made the run home in the same time. The company from town speak very highly of Superintendent Noland's suppers.

THREE HUNDRED AND SIX NEW SUBSCRIBERS have been added to the KENT NEWS subscription lists the first half of the present year, while the losses have been less than one dozen! The increase the past year was *even greater*. So that now the circulation of the NEWS has reached proportions never expected, and unexcelled in the State possibly outside the chief city.

This has been achieved without "drumming" or canvassing, rendering it so much the more gratifying, and proving that it is only requisite to MERIT favor to SECURE it.

We state this in no spirit of vain boasting, but simply to note a fact that our patrons will appreciate almost equally with ourselves.

PEACH NOTES.—We learn that Mr. Geo. W. Harper, of Still Pond, has a fair crop of peaches and of good varieties, too. If this be so Mr. Harper will make a small fortune.

The Trumpeter carried 125 baskets of peaches to Baltimore Monday which sold for $1.25 per basket.

Not more than twenty-five of the citizens of town have tasted a good peach this year. The almost universal failure is remarkable.

Peaches retailed in Baltimore Wednesday for two and three cents apiece.

About as many trees will be cut down this fall as there were last.

Mr. Hiram M. Brown, manager of the Chestertown Basket Works, left town yesterday morning for Connicticut where he expects to stay a week. Mr. Brown carried samples of his famous straw board basket and hopes to introduce them in the peach section of that State. Success to him.

The peach pluck has arrived, three having visited Chestertown Thursday. They might get a job cutting off corn, but we doubt their ability to get work plucking peaches.

Mr. Ivey, of Cape May, was selling peaches at that place Monday for 25 and 50 cents a quart. He stated that he had a remedy for the yellows and was going to make a visit to Kent to rid it of that dread disease. He guarantees a cure.

Garden and Forest reports the remarkable fact that there are now large shipments of peaches to England from the Cape of Good Hope. Peaches grown at the Cape of Good Hope have been successfully shipped to London. They were sold in London early February, the demand being strong. The first crate, containing 35 peaches, sold for 80 shillings. Such prices will be a strong inducement for further shipments. The distance from the cape, would be, in round numbers, twice that from here to London. The idea of 35 peaches selling for about $20 should afford margin for American enterprise.

Charged With Selling Beer.

Other News Gleaned from the Courts.

Louis Henry, a well-known colored citizen of near Tolchester, had $60 stolen from his house Monday by a colored boy from Baltimore. The money belonged to the church and was the receipts of a festival held July 4th. The boy made his escape to the city on the evening boat.

Sheriff Plummer has had reasons to believe that intoxicating liquors were being sold near Tolchester and made an effort this week to get his man and succeeded as usual. Deputy Sheriff Plummer went to Tolchester Tuesday and remained there all day but the friends of the man wanted apprised him of where the officer was and by this means the prisoner escaped. This worked the sheriff up and he determined to get him. It also come to the Sheriff's ears that the man had said he did not care for these Eastern Shoremen but was on the lookout for Uncle Sam's men.

He went to the boat and while there saw his man coming down the hill carrying a satchel. But he was stopped by a friend and immediately turned and went down the bay shore and up through the grove. Sheriff Plummer was not to be fooled this way and in five minutes afterwards he had the man in his power. He was brought to jail Wednesday night but refused to give his name. He is a Baltimorean and he is charged with selling liquor in the small house on the right side of road going to Tolchester near the colored captain's house. On his way to jail he asked the sheriff whether or not the man who employed one to sell liquor was guilty or the one who sold it? When arrested he had a bottle of whiskey in his pocket which he gave to a man for fifty cents. He said he bought it in Baltimore for the party.

The prisoner gave his name Wednesday as Thomas Dolan and that he was in the employ of H. F. Love, of Baltimore.

A hearing was held before Justice T. S. Dodd yesterday afternoon, W. W. Beck, Esq., appearing for the prisoner and States Attorney Slay for the State. Four witnesses were examined; several swore that they bought something to drink at the place but it in no wise made them drunk. The prisoner testified that he sold pear cider and had never seen it make anyone drunk. The Justice in giving his decision stated that the prisoner was charged with selling lager beer which comes under the law as an intoxicating drink and as there was no evidence to show that the prisoner sold beer he would therefore have to say not guilty.

Charley Gus Jones was arrested Monday by Constable Rambo for stealing a carriage wheel from Mr. Wm. Walker. He was given a hearing before 'Squire Starkey and sentenced to six months in the House of Correction. This prisoner's wagon was also found to have three wheels belonging to Mr. G. Oliver Roeder, of Still Pond. He was tried at the last term of court for stealing a watch from a gentleman near Kennedyville, but was acquitted. Officers Kelley and Rambo took him over Tuesday.

The July non-jury term of court convened Monday. His Honor, Judge Jos. A. Wickes on the bench. There was very little business to transact the docket being one of the smallest ever known. The court adjourned until the third Monday in October.

THE excursion to Cape May on Monday, July 25th, ought to be well patronized. Five hours at the Capes for fishing for bass in the ocean, bathing, &c.!

THE colored camp was largely attended Sunday. The Smyrna excursion will be run to-morrow.

THE buoy boat was at Chestertown Wednesday. She is replenishing the buoys in Chester river.

IF our Kent county friends who patronized us so liberally on former occasions will try it again and bring their friends with them on July 28th they will have a very enjoyable trip to either or both places, Tolchester or Sparrow's Point, for the cheap fare of 50 cents for the round trip. Our boat, the Emma Giles, will stop at Betterton wharf at 10 A. M.

179 Acres, 3 Roods and 25 Perches,

more or less, all arable except about TWELVE ACRES in WOOD, consisting of CHESTNUT, OAK and PINE.

The soil is in good heart and well adapted to cereals, fruit, grass and vegetable. There is no reason why it should not be one of the most valuable fruit farms in the county, lying as it does in the very heart of the peach centre of the county, and has never had a peach orchard on it.

The Improvements

are substantial and in good repair.
—consisting of—

A Two-and-a-half Story Dwelling House

with 6 rooms and 3 halls, with winter and summer kitchen attached. Stable, Granary, Corn Crib, Carriage House, Work Shop, Meat House, Hen House and Wagon Sheds, all ample and in good repair.

THE ORCHARDS

contain 1,000 Pear Trees, 125 Apple Trees and 100 Cherry Trees, in full bearing and of well selected varieties.

The arable land is conveniently divided into six fields and a pasture lot, with all the fencing in good repair. The farm is about three miles from Betterton and Barnard's wharves, on Sassafras river, where are daily lines of steamers to and from Baltimore and Philadelphia; about the same distance from Lynch's Station on the Baltimore & Delaware Bay Railroad, and about two and a-half miles from Still Pond, a thrifty village of several hundred inhabitants, containing Academy, Church, Manufacturing Shops, &c. Still Pond creek is within one mile of the farm.

Terms of Sale:

One-third of the purchase money cash on the day of sale, or upon the ratification of the sale, at the option of the trustee; balance in two equal instalments, payable in one and two years from day of sale, the credit payments to bear interest from the day of sale and to be secured by bond of purchaser with security to be approved by the trustee.
