REPUBLICAN POLITICS.

The Position of the "Lily Whites" Explained by Speakers.

About two hundred members of the white Republican clubs held a meeting at Bay Ridge Monday week. Addresses were made by A. Cookman Boyd and Wm. T. Anderson from the music stand in front of the cafe, where hundreds of excursionists were sitting. Mr. Boyd said:

"We do not deny the colored man. We want his vote as much as any other man who votes according to his own convictions. The white and colored in religion, the secret society, and all other organizations assemble in their separate meeting places and this plan should be followed in politics."

Mr. Henderson said: "Of our movement to organize the black and white Republicans in separate bodies, I say we are doing it for the good of the party and the good of the country. Some may call us "Lily White," but that does not affect us. We are Republicans staunch and true at heart, and we don't intend to be kicked out by Republican primary heelers, that part of the party which wins its primaries at no matter what cost to the party. Ninety-five per cent, of the white Republicans in Baltimore are with us, and as far as the colored voters are concerned those who have any intelligence say: "We understand you do not kick us out of the party; you simply mean to say the Republican party does not own the colored votes and you want us to vote intelligently." And that is just it. We feel it is for the best for the country that the colored man should form his own organization and vote intelligently. Then if he votes the Republican ticket it is well, and if, on the other hand, he votes the Democratic from conviction that is also for the best. He is acting his part as a man and a patriot. I can only say that on election day I wager the Democrats hug the colored voter closer than ever did a Republican."

The primary election of the Republican party in Baltimore the same day was of no interest apparently to Republicans generally.

Curious Growth of Rattan.

Every one knows the pretty light and graceful chairs and other articles of furniture made from rattan, but every one does not know that the extremely tough and flexible wood called rattan is that of the climbing tough palm tree. This curious climber which is more of a vine than a tree, it is said by the Philadelphia *Times* to be one of the singular characteristics of forest growth in the Celebes and other Malayan countries. Starting with a trunk a little thicker than a man's arm it winds through the forest, now wrapping a tall tree in its fold, like some gigantic snake and then descending again to the earth and trailing along in snake like curves until it can find some other stately tree to fasten and climb upon in its pursuit of light and air. The forest is so thick and junglelike that it seems impossible to follow the course of any of these serpent climbers but there is little doubt that at the last the successful aspirant, which stopped and cringed so long below, will be found shooting up like a flag staff a dozen feet or more above the tree which has helped it to rise. A use of rattan which is unknown to those who have not seen it in its native forest is as a water carrier. The thirsty traveler has at all times a tumbler of cool, and refreshing water at his command by cutting off six or eight feet of rattan and putting one of the several ends tohis mouth or holding it over a dish to to catch the water.

Maryland Day at the Fair.

The 12th of September was very appropriately selected as Maryland Day at the World's Fair. At the exercises held on that occasion Cardinal Gibbons offered prayer, th eHon. John V. L. Findlay delivered the address, and Governor Brown spoke. It is eminently fitting that the day set apart at the Fair for each State should be closely associated with the history of that commonwealth, as the 12th of the present month is with the history of Maryland. When such is the case, a wide field of thought is opened up for the orator of the day which will be of material assistance to him in the preparation of his remarks. The remembrance of that fact, too, will help him in the delivery of his address in two ways, his patriotism will be aroused and the auditors recalling the event which the day commemorates will be more in sympathy with the speaker. Thus there will be between orator and listeners a bond of union which will be helpful to both. The celebration at the Fair on the 12th in a measure atoned for the poor exhibit which Maryland has made. Ours is but a small State, but she is capable of great things, when the effort is once put forth.—*Baltimorean.*

An Odessa Man's Invention.

A new and useful implement shown in the *Scientific American* this week, may be conveniently used for pitching a sheaf of grain to the feed table of a thrashing or other machine, and then to cut the band on withdrawing the fork. The improvement has been patented by Mr. Francis Guggan, of Odessa, Del. The implement resembles a common hay fork. Extending inwardly from the fork are curved knives whose ends do not quite meet, but form a passageway for the twine or band, the front edges of the knife being smooth, while the rear edges are their cutting edges. When the operator takes up a sheaf with the fork the twine passes through the passageway to the rear of the knives, and in withdrawing the fork either of the knives may be used to cut the band, the fork being then used in the usual way to spread the grain as it is fed to the machine.

Proclamation by the Governor.

STATE OF MARYLAND,

EXECUTIVE DEPARTMENT.

WHEREAS, Section one of Article fourteen of the Constitution of Maryland makes it the duty of the Governor to order the publication in certain newspapers to be designated by him, of any bill, or bills passed proposing any amendments to the said Constitution; and

WHEREAS, at the January Session, 1892, of the General Assembly of Maryland, a bill passed proposing an amendment to the Constitution, which amendment is Chapter 313 of the Acts of 1892, and is as follows, to wit:

CHAPTER 343.

AN ACT to add an additional section to Article four of the Constitution of this State.

SECTION 1. *Be it enacted by the General Assembly of Maryland*, Three-fifths of all the members of the two houses concurring, that the following section be, and the same is hereby proposed, as an amendment to the Constitution of this State; and if adopted by the legal and qualified voters thereof, as herein provided, the same shall supercede and stand in the place of Section thirty-nine of Article four of said Constitution.

SEC. 39. The General Assembly shall, as often as it may think the same proper and expedient, provide by law for the election of an additional Judge of the Supreme Bench of Baltimore city, and whenever provision is so made by the General Assembly, there shall be elected by the voters of the said city another Judge of the Supreme Bench of Baltimore city, who shall be subject to the same constitutional provisions, hold his office for the same term of years, receive the same compensation, and have the same powers as are, or shall be provided by the Constitution, or laws of this State, for the Judges of said Supreme Bench of Baltimore city, and the General Assembly may provide by laws, or the Supreme Bench by its rules, for requiring causes in any of the courts of Baltimore city to be tried before the Court without a jury, unless the litigants or some one of them shall within some reasonable time or times, as may be prescribed, elect to have their causes tried before a jury. And the General Assembly may reapportion, change or enlarge the jurisdiction of the several courts in said city.

SEC. 2. *And be it further enacted by the authority aforesaid*, That the foregoing section hereby proposed as an amendment to the Constitution shall be, at the next general election to be held in this State, submitted to the legal and qualified voters thereof for their adoption or rejection in pursuance of the direction contained in Article fourteen of the Constitution of this State; and at the said general election the vote on said proposed amendment to the Constitution shall be by ballot, and upon each ballot there shall be written or printed the words "For the Constitutional Amendment," or "Against the Constitutional Amendment," as the voter may elect, and immediately after said election due returns shall be made to the Governor of the vote for and against said proposed amendment, as directed by said fourteenth Article of the Constitution.

Approved April 4th, 1892.

WE HEREBY CERTIFY that the aforegoing is a correct copy of an act of the General Assembly of Maryland, passed January Session, 1892.

W. G. PURNELL,

Secretary of the Senate.

CARLTON SHAFER,

Chief Clerk of the House of Delegates.

Now, therefore, I, Frank Brown, Governor of Maryland, do hereby order and direct that the said hereinbefore described bill or Act of the General Assembly, proposing an amendment to the Constitution of Maryland, be published once a week for the four next three months in two newspapers published in each county in this State, if so many are therein published, and in three newspapers in the city of Baltimore, before the next ensuing general election, will be held on Tuesday, the seventh day of November, 1893; at which said election the proposed amendment aforesaid will be submitted to the legal and qualified voters of Maryland for adoption or rejection.

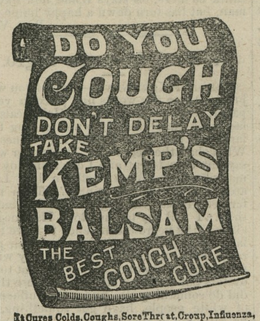

THE GREAT SEAL OF MARYLAND.

Given under my hand and the Great Seal of Maryland, at the city Annapolis, on the 19th day of July, in the year of Our Lord, eighteen hundred and ninety-three, and of the Independence of the United States, the one hundred and seventeenth.
