NATURE'S OWN REMEDY COMPANY, P. O. Box 4330. Philadelphia, Pa.

ABOUT THE TARIFF.

The following from the Philadelphia *Times* gives the situation in regard to the sugar tariff in a nutshell:

"Under the McKinley bill, the Sugar trust got its raw material free and a duty of fifty cents per hundred pounds on refined sugar, which enabled it to levy a tax of not less than $22,500,000 annually on the consumers of sugar without one cent of revenue to the government. The people were taxed, besides this, $12,000,000 for bounties to sugar growers!

"The pending tariff bill puts a duty of 40 per cent. ad valorem on all sugars, with a protective or differential duty of 12½ cents per hundred pounds on refined sugar. The protection afforded the refineries by his ad valorem duty is probably about twenty-five cents per hundred pounds. The wildest opponents of the bill do not claim that it will be more than 35 cents, so that even if the sugar schedule were left as it passed the Senate, as is not likely, the protection to the Sugar Trust is by their own showing much less than under the McKinley bill, while some $45,000,000 will be added to the annual revenues of the United States.

"And yet the papers that oppose the pending bill and which, to defeat any change in the McKinley tariff, profess to base their opposition on hostility to the Sugar Trust! They insist that it is making "corrupt profits" under the present law and that therefore it ought not to be disturbed.

"The mere statement of this absurdity is sufficient to show that the whole outcry about the sugar tax is deliberately false and misleading. Its object is to discredit, and if possible to defeat, revenue reform, and to preserve the present monopoly tariff, under which not only the Sugar Trust but the whole list of protected combines have reaped their exorbitant profits at the expense of the people."

There are good Democrats too who, because the present tariff bill is not according to their own thought, express themselves as preferring to let the McKinley bill remain. This is simply the result of prejudice or misunderstanding as to the merits of the present bill. It is the wise man who can banish prejudice and make up his judgment upon fact. The people will soon be informed, and that fully and impartially, by the practical operation of the new law, and then will be the time to consure or praise.

A Novel Wager.

A woodsawing wager which two young ladies of the Rocky City Methodist Church carried out attracted a great deal of attention, not only among their own congregation, but throughout all that section of the country. D. F. Welling, a wealthy young farmer, in a bantering mood, remarked the other day that he understood the trustees of the church were about to lay in their annual supply of wood, but that it wasn't necessary to purchase it, as he would donate from his forest all the wood that any two young ladies of the church could saw with a common bucksaw. The remark was looked upon as a challenge, and at the next meeting of the Ladies' Aid Society it was freely discussed. The insinuation that they could not saw wood seemed to roll up the ladies, and they determined to teach the young gentleman a lesson.

They selected two of their hardiest members to do the sawing, and told Mr. Welling to bring on his wood. He was a man of his word and began hauling from his forest. The ladies began sawing wood. They kept at their task with a will, being encouraged by their sisters in the church as well as by the sterner members. After several loads had been won on the wager the young man acknowledged defeat. He not only found he was losing money, but the cold was so intense he couldn't haul any more wood. Anyhow, that church has enough wood to last for many months, and the two plucky girls are the pride of the whole town. It is said that both of them have received proposals of a matrimonial nature.

SALE OF PINEY POINT FARM.—Col. Shotwell has disposed of "Piney Point Farm" to Dr. James L. Cornell, of New York, by exchange of proprieties, Col. Shotwell getting Flats in New York City on 66th street near North river and in the vicinity of Central Park. Col. Shotwell has however reserved a tract on line of public road running northerly to head of Cove on Reed's creek, said tract adjoining Public Landing and lying East of extension road. This tract Col. Shotwell proposes to improve by building a cottage where he expects to spend his summers, knowing this to be God's own country for health, good living and comfort. Dr. Cornell proposes in the near future to take possession and improve the property by building an addition to the dwelling, and enlarging the barns for stock raising purposes. In other words Dr. Cornell intends to make "Piney Point" a first class stock farm with all modern improvements and stock it with the best and most fashionable horses, cattle, hogs and sheep in this county. He proposes to make it the Rancocas of Maryland. Dr. Cornell is a young man, well known throughout New York State, being a lineal descendent of the noted Cornell family and himself an eminent surgeon and physician. Dr. Cornell is interested in the celebrated Breeze Hill Stock Farm, of Long Island, N. Y., his brother-in-law being the principal owner, so it will be seen Dr. Cornell is not a novice in the business. He will make this county his future residence, give personal supervision to his farm pnd may possibly practice his profession.—*Record.*

Mutual Life Insurance Co.,

of New York,

RICHARD A. McCURDY, President.

J. HERMAN IRELAND,

SPECIAL REPRESENTATIVE,

837 Market Street, - Wilmington, Del.

For Your Consideration.

To be happy you must be contented; to be contented you must feel that your home is secure, and your family provided for.

Have you a mortgage on your property? If you have you may be able to pay it off in time. If you die before it is lifted—who will pay it?

Would not a Life Insurance Policy be a good thing for you to carry, so that whatever happens, your property will be secure?

Most men work hard and take but little present comfort in order to secure future wealth. Yet 95 per cent. of men in business are not successful. Think of it!

Do not leave this matter of the future welfare of your family in doubt. Decide now and take a $5,000, $10,000 or $20.000 policy on your life, payable to yourself at 60 or 65 years, if you are then living. If you die before that time your family and business are protected. If you live, you will be well provided for. Meanwhile you can enjoy your present income, and at the same time leave your family provided for. Having paid your Life Insurance premium, you can freely spend the remainder of your income without the haunting fear of future want to the wife and children.

I will be pleased to make you a proposition for an investment contract in the largest and oldest Life Insurance Company in the world.

J. HERMAN IRELAND,
