DEMOCRATIC TICKET.

For the Unexpired term of the late Representative Brattan in the Fifty-third Congress:

W. LAIRD HENRY,

Of Dorchester County.

For the Fifty-fourth Congress;

JOSHUA W. MILES,

Of Somerset County.

WHEAT is quoted in Baltimore at 55@57c.; corn, white 59@61c.; yellow 62c.; oats 35 cents.

WHAT is wanted from now on is common sense politics and good solid work.—*Cecil News.* Right you are, neighbor!

THE Sixth district Democracy last Wednesday nominated Hon. Ferdinand Williams of Allegany, for Congress—Mr. McKaig declining to run. Ex-Sub-treasurer Wellington is the Republican condidate.

THE Democratic campaign in this congressional district was opened by a mass-meeting at Crisfield, at which Messrs. Miles and Henry spoke. Both the candidates received ovations and their speeches are reported in the city papers as being eloquent and to the point.

MAINE is a thoroughly "protection" State, and the result of the recent election was no doubt aided materially by the desire to rebuke our party's free trade advocates. Happily the Democracy never relied upon Maine for success, no more than the Republicans upon Texas!

SENATOR Moss, of Anne Arundel, who so bitterly opposed the nomination of Dr. Wells, comes out like the good Democrat he is, and warmly advocates the doctor's election. Where is our distinguished young friend John C. Bannon? He's all right, of course, but we'd like to hear *his* clarion voice also.

THE Centreville *Observer* says that the managers of the new railroad enterprise in Queen Anne's are surprised and disappointed at the spirit of illiberality evinced by the land owners through whose land the road was projected to run, and especially on the line between Queenstown and Wye Mills. They are simply "killing the goose that would lay the golden egg."

THE Baltimore *American's* last Sunday political column had another batch of next year's politics, in which it claimed that the Republicans would secure a majority in the Maryland Legislature. Kent was set down in the Republican column for Senator and House of Delegates. All we have to say is, it is too far off to proph ecy anything in regard to next year.

The Great Maryland Exposition!

All Marylanders will no doubt be interested in knowing that the great Exposition which will be given in Baltimore in the year of 1897 bids fair to be a brilliant and glorious success. That the holding of this exhibition will not only redound to the prosperity of Baltimore but to the development of all Maryland's resouces will not be questioned by those who have studied the ends aimed at by the Centennial Association. This Association was chartered by the last State Legislature, its primary object being the celebration of the centennial of Baltimore as an incorporated city by means of an exhibition of Manufacturing, commercial, agricultural and other industrial elements of the city and State. It is therefore essentially a Baltimore and Maryland enterprise, intended to visibly portray the history, progress wealth and resouces of both and to advertise to the world our unrivaled attractions to those who are seeking homes or investments in business or lands.

The Democratic Outlook.

The Baltimore Sun's Washington correspondent says: The reports being received by the democratic congressional campaign committee continue to furnish the utmost encouragement, notwithstanding the Maine and Vermont elections. It can be stated as a proposition almost self-evident that returns from States which are overwhelmingly either democratic or republican cannot be regarded as indicative of popular sentiment throughout the country, but the fact that 25,000 democrats remained at home on election day in Maine is important enough to warn the party not to make light of the situation.

The reports from States where the contest is sure to be close and spirited are regarded as of far more interest than are the returns from either Maine or Arkansas, and these reports all show that the democrats are steadily gaining the confidence and good-will of the people of the country.

Business Prospects.

"There is no end of idle money which will now seek active employment," says Chauncy M. Depew, in his Homburg interview. "In less than two years the panic of 1893-4 will be forgotten. Mines, furnaces, mills and factories will be in operation; railroads will be conveying profitable traffic, and the movement of internal commerce and the free circulation of currency or the equivalent in business and wages will certainly increase the demand for everything produced upon the farm or elsewhere."

THE Easton Fair will be held next week and quite a number of Kent county people will likely attend it. It bids fair to be one of the best ever held there. The last issue of the *Easton Ledger* is a big thing for country journalism. It contains eight pages—sixty-four columns—and is illustrated with numerous well executed engravings relating to the fair.

$1,000,000 a year will be saved to agriculturists every year by transferring binding twine from the dutiable to the free list as has been done by the new tariff law.

BY placing lumber, in all its shapes and forms upon the free list, $60,000,000 will be left in the pockets of the people, that has heretofore gone to the enrichment of a few persons.

THE conundrum banquet will be held Tuesday evening.

A Sad Accident!

Miss Flora Skirven, daughter of Mr. Jas. W. Skirven, recently removed to Baltimore from this county, died at 3 o'clock Tuesday afternoon from injuries received by falling from a third story window, the outside of which she had been washing. The accident happened shortly before noon, and was witnessed by Franklin McLain, local superintendent of Johnson Square, who said he was about ten foot from the house when the young lady fell. McLain said he could not say as to how she lost her balance. When she fell she struck on her head. James T. Clarke, who was in the neighborhood, assisted in carrying the body to the house. Dr. Brooke Boyle was summoned, and found that her skull was fractured. She lingered until three o'clock when she died. The young lady was 21 years of age last Thursday, and was born at Fairlee and recently visited Mr. and Mrs. Geo. W. Hatcherson and others in Kent. Miss Skirven was seen at work, and had the lower sash resting across her knees. The supposition is that after raising the upper sash she attempted to raise the lower one, to get inside, and lost her balance and fell. The distance was about thirty-five feet. Miss Skirven was a substitute teacher in the public school, and a graduate of the Eastern Female High School of the class of 1892. She was a member of Greenmount Avenue M. E. Church. Her neck was broken. Miss Skirven, it was stated, was to have been married next month.

Over 25 Liquor Licenses in Kent!

Internal Revenue Collector Dashiell has been in Kent county the past week and licensed over 25 persons to sell liquors etc. "Uncle Sam" never questions as to where the parties are to do business as the license sold by the government permits the holders to sell anywhere, although of course there is a county and State law that should be obeyed. The issuing of the Government license, however, clearly indicates that the "local option" law in Kent is violated with perfect impunity. It does seem incredible that so many "speak easies" are found here, *regularly licensed* by the Government to violate a local law! How many are doing this illegal business without either Government or State license the Lord only knows!

Acreage in Wheat.

Owing to the loss suffered by our farmers in raising wheat the past two or three years the acreage will be very materially lessened this year. Dr. S. Beck, of the firm of Beck & Walker, has canvassed the county to some extent and is of the opinion that there will be about two-thirds as much as there was in 1893. Many of his old customers will sow only one-fouth the amount sown last year.

Mr. Wm. A. Smith, with T. R. Hubbard & Son, thinks the acreage will be three-fourths as much as last year.

Mr. T. W. Eliason is positive that the acreage will be short of last year but is not able to give any idea of the percentage

Mr. Alday Clements, one of the largest real estate owners in the county, will sow about one-third as much wheat as last year, and many other farmers will cut their acreage equally as much.

Mr. John Blackiston thinks it will be at least one-half as much as in '93.

Mr. Harry L. Boyd thinks the acreage sown will be 40 per cent. less than in '93.

Mr. Walter H. Thompson, of Easton, was in Kent this week. He gives as his opinion that there will not be more than two-thirds as much wheat sown in Cecil, Talbot, Queen Anne's and Frederick counties, this year as there was in 1893. And the shortage will be prevalent throughout the State.

Mr. James T. Dixon says he will sow more wheat this year than last, but it is for the purpose of getting grass.

A CONTEMPTIBLE ACT.—R. D. Hynson, Esq., accompanied by his wife, attended the St. Paul's festival last Wednesday evening driving a nervy bay mare. When they started home, Mrs. Hynson got in the carriage and held the reins while her husband went to the house for wraps. Upon pulling on the reins she noticed that one of them was unbuckled. Mr. H. fastened the rein and examined the other one, and supposing all was in good condition, drove off. He had not gone far before the other rein pulled through the turret. This left the young attorney and his wife in a precarious position, but Mr. H. was not long in acting. He jumped from the carriage and grabbing the animal by the bridle compelled him to stop, when the reins were again fastened. Some miscreant had unfastened the reins while Mr. Hynson was at supper, supposing he had played a good joke on him. It was a very mean act and might have resulted in very serious consequences.

FESTIVALS.—The supper at St. Paul's Wednesday evening was attended by over two hundred persons and the bill of fare included oysters in all styles, fish, salads, pig, etc. Nearly $100 was realized.

The festival and supper by the "Young People's Association" of Christ Church, Chestertown, came off as announced, and proved one of the most successful and pleasant occasions of the kind ever yet held. The ladies in charge of the supper—with Mrs. M. A. Simpers at the head—deserve special praise for the grand supper set on Thursday evening and so excellently served to a host of people, young and old.

See notices in another column of festivals to take place. Try and be present, not only to enjoy, but to help a good cause.

THE sale of Mr. E. N. Roland's personal property, near Chestertown, last Monday, was largely attended and every thing sold as advertised. Prices were fully up to expectation. Horses, farm stock, sold at $40 to $85; yearling colts $25 to $30; two-year olds $40 to $52; cows $25 to 39; hogs weighing 200lbs. sold for 5½c. per pound alive; shoats 5½c.; tenant's interest in corn standing 25c per bushel, the purchaser having all the privileges and assuming the obligations of said tenant; about 150 baskets of Early Rose potatoes sold at 30 to 35c. per basket.

EARLY CORN.—J. W. Jerome & Co., sold at private sale Friday afternoon to James J. Conner & Co., a consignment of 150 bushels of new yellow corn on the cob, the first shown on 'Change in Baltimore this year, and believed to be the earliest ever exhibited in that market. It came from Kent county and is about two weeks ahead of the average date of shipment. The grain was in fair but not what is regarded as prime condition.

ORPHANS' COURT, Sept. 11.— Present Judges Harris, Moffett, Burgess. Letters of administration on the personal estate of Benjamin World, were granted to George L. Bowers, and Robert L. Usilton and William Ashley were appointed to appraise said estate. James M. J. Byron, guardian to Robt. Sheppard, filed final guardian account. James Bramble, guardian, filed release from John A. Startt.

Mortgagee's Sale

—OF—

VERY VALUABLE

Saw and Planing MILL

AND WHARF PROPERTY

AT CHESTERTOWN, KENT COUNTY, MD.

BY VIRTUE of power and authority contained in a mortgage from Richard T. Turner and Elizabeth B. Turner to Elizabeth S. Eareckson, dated July 1, 1891, and recorded among the Land Records for Kent county, in Liber S. B., No. 14, folio 536, the undersigned attorney named in said mortgage, will offer at Public Sale

At the Court House Door, Chestertown, Kent County, Maryland, on

TUESDAY, Oct. 2, 1894

AT TWO O'CLOCK P. M.,

THE VALUABLE

SAW and PLANING MILL

And WHARF PROPERTY

known as SCOTT'S POINT, belonging to the estate of the late Richard T. Turner, deceased. This property contains

About 4 Acres of Land,

within the corporate limits of Chestertown, and has a WATER FRONT of about 360 feet on Chester River, and is improved by a

Large Wharf and a Fine Saw and PLANING MILL.

The wharf admits the approach of vessels of any draught in the river trade, and is connected with the mill by car tracks laid with iron rails. There are TWO GOOD STORAGE BUILDINGS on the wharf and a convenient and roomy office. There is also an excellent SMALL DWELLING HOUSE on the premises.

The mill is a LARGE FRAME BUILDING with iron roof and contains ONE 40-HORSE ENGINE and BOILER, ONE CIRCULAR SAW, CROSS-CUT SAW, ONE LATHE MACHINE, ONE FLOORING and ONE FACING MACHINE, MOULDING MACHINE, SASH and DOOR MACHINE, with necessary BELTING and a lot of RAFTING CHAINS.

There is only one other lumber yard in Chestertown—which has a population of 3,000—and there is a steady demand for lumber not only from the town, but from the surrounding country; and there are but 2 other lumber yards in the county, 12 and 17 miles from Chestertown. The Balto. & Del. Bay Railroad gives communication from Chestertown to Clayton, Del., and there is an excellent prospect for the construction of a railroad from Chestertown to Easton, Md., which would almost touch this property and would complete a through peninsula railroad. Lumber can be shipped from the premises by water to any point on the river or Chesapeake Bay, and this property is admirably situated for the receipt of lumber from the South either in rafts or barges.

To a man of energy and moderate capital, or to an established firm desiring to establish a branch business, this property opens a splendid opportunity for an investment. It must be sold to close the mortgagor's estate.

Terms of Sale:

The terms of sale will be as follows: The sum of $2,000 cash on the day of sale, or in 30 days thereafter, at the option of the undersigned, and the residue in two equal instalments, with interest from day of sale, in one and two years from day of sale. The deferred payments to be secured to the satisfaction of the undersigned. Possession given on the ratification of sale.
JAMES A. PEARCE,
s8-ts. Attorney named in the Mortgage.
