INCURABLES.
To the intelligent, thinking man or woman who reads this paper, I have a word to say:
The large proportion of my patients are those who have been given over by the faculty and their friends as past all cure.
Now I have not come to Baltimore and settled for life here as a new man in my profession. For many years in all parts of the world and in this country I have been curing *ninety-five* per cent. of the same *Incurables*—upon whom the sentence of death has been pronounced by their attending medical men, and I have sworn certificates of thousands to these cases.
I have therefore a right to ask and indeed to urge upon all persons who have friends who are among the so called "Incurables," to come and see me and investigate my treatment without *drugs or medicines* and without the *knife*.
If the sufferers themselves are able to do so, they should come and satisfy themselves, that they CAN be cured. Consultations are always free and all times from 8 A. M. to 9 P. M. I have five large consultation parlors, two of which are exclusively for ladies.
Let me call your attention especially to some of the forms of disease which always yield to the treatment.
Asthma
Nearsightedness
Headache
Catarrh
Paralysis
Locomotor Ataxia
Cataract
Strabismus
Rheumatism
Astigmatism
Neuralgia
Consumption
Brights Disease
If in the above list you do not find the particular trouble you remember it is *not* left out because I cannot cure it.
I have one further word of illustration and exhortation; a gentlemen in this city of Baltimore obtained a set of my curative appliances a few weeks ago for a relative who was in a decline and whom the eminent specialist who attend her say she cannot possibly live. He, the eminent specialist, objected to the patient's having the appliances on the ground that though harmless they were useless, as the patient could only live a few days at the utmost, and so the patient is deprived of the appliances, which have never failed in similar cases and is now dying because the specialist must make good his dictum.
Don't let any one kill you to prove his own skill. Prof. W. C. WILSON, Pres't Optical and Medical Reform Association, Wilson Institute
123 and 121 North Eutaw street, Baltimore, Md.

Not succeeding, he went before a justice of the peace, Mr. John Dickinson, swore out a writ of trespass against Mr. Tolson and his two assistants, placed the writ in the hands of Officer Walter Francis, who arrested them and carried them before the aforesaid justice of the peace, who imposed a fine of $1 and costs, amounting in the three cases to $11.85. Mr. Tolson was informed by the august court that he would be required to pay the fines and costs in all the cases, which he did, and at once proceeded homeward to acquaint his employer with the result of his trip and the peculiar Kent county law. Mr. Callaway will employ counsel and fully investigate the case and see who is responsible for such irregular proceedings.
