JEFFERSON.

THE LADIES STORE, CHESTERTOWN, MD.

The public has, long ere this, become acquainted with business methods of the "Ladies' Store," and know that when we advertise a reduction the same is genuine and means a great saving to the prudent purchaser, and just here let us suggest that you read every line in this advertisement then call and examine the goods.

HARRY F. JEFFERSON,

THE LADIES' STORE,

Opposite Stam's Hall, Chestertown Md.

ROCK HALL ITEMS.

The oyster boats which were caught in Baltimore by the late freeze have sold their oysters at good prices and are anxiously awaiting a thaw so they can return.

Mrs. Mamie Wilkins moved to Chestertown on Monday. She will open a store in town.

Miss Marguerite Vayte who has been visiting Mr. and Mrs. John Shoemaker, was compelled to extend her visit, owing to the closing of navigation by ice, much to the gratitude of her numerous recently made friends.

The Love Point fishermen came home, some in scows, while others walked over on the ice. Most of them had gotten out of grub and Stevensville was too far to go to replenish.

Mr. Walter Hadaway by waiting has been enabled to stock his ice house with a pure article 6 inches thick. We are all glad as he provides us with better and cheaper ice-cream than can be purchased in this county.

On account of the weather on Wednesday last, the series of lectures announced to be delivered at Wesley Chapel will begin on Wednesday, the 12th. All are invited to attend.

Mr. Hynson Carter has invented a boat to sail on the ice. He made his trial trip on Saturday and found it a success. Others are in construction, and no doubt there will be quite a fleet if weather permits. But two can occupy it and he slips up to where a pair have withdrawn from the crowd, takes the lady and glides quickly away. Some try to follow but the boat sails too swiftly.

Provisions and coal oil are getting short, the latter was remedied on Monday, the former is getting serious. Several oystermen took their tongs and went out on the ice and cutting a hole succeeded in tonging quite a jag of the bivalves which supplied that demand.

The sick are improving. Mr. Ned Sewell, who has been confined to the house with the rheumatism is again able to be out. Mr. David Ayres is better at this writing. Miss Helen Jones, daughter of Mr. Charles Jones, we are glad to report better. Mr. Joe Apsley is convalescent.

La grippe put both Mr. and Mrs. J. W. Boyer in the bed, sent Miss Edna Durding the fourth grade teacher home with stiff neck and sore throat and imprisoned her there, toppled over the vice-principal and made her leave the school in disgust and made an entire failure in his efforts to lay off the principal. Miss Ida Sewell is substituting for Miss Durding. Miss Camp's room is vacant.

Henry Urie, who would be a good person for Mayor of our town, rose early on Friday morning, hitched his horse to a goods box and made paths on all of the principal streets. Fearing Mr. Joiner, the liveryman, would be unable to get his team out, went up and made openings for him. Jack and Henry are fast friends, the former enjoys the latter's jokes.

The principal of Edesville school thought she would spend an hour after school in skimming over the ice to exercise those muscles which are unused in teaching. Quietly slipping away unobserved as she supposed, she wended her way to the creek, adjusted her skates and prepared for the affray. Starting off beautifully, she concluded to broaden her scope by skating up the little nooks which indented the sides of the creek and while on one of these the ice gave way and she was precipitated headlong into a muskrat lead. Rising from her watery and muddy bed she sought her home *unobserved*.

Carl, son of R. S. Crew, by his inventive genius, struck a blow at the Standard Oil Company, by placing an electric light in his room. Carl has only to turn the switch and his room is illuminated. Others are following after him and in the near future many more will be placed, without having to build a power house, thanks to the Cabinet experiments. The principal of Piney Neck High School has connected wires from a battery to the clock. Every half hour bells are rung in each room to notify the teachers to change grades. What next.

My! but we nave been enjoying sleigh riding. The only thing about it was, it did not last long enough, but while it did last the Still Pond people made good use of it.

Rev. E. H. Collins, our pastor, closed his revival services last Sunday afternoon at Betterton. This series of meetings proved to be one of the greatest ever held at Betterton. Sixty precious souls were gloriously saved, and about all of them joined the church on probation. Pastor Collins commenced revival service in our church Sunday evening and he has been greeted with large crowds and very interesting meetings. Many of his Betterton friends are attending the meetings. Some of the young men are walking which shows their interest in the services. A royal welcome awaits everybody. The pastor and people are praying for an awakening of religion.

Rev. W. H. Cox, a local preacher of Marydel, Md., will visit our pastor over Sunday and preach at night.

Next week Rev. E. C. Sunfield, pastor of the M. E. Church at Felton, Del., will assist in the revival meetings, preaching each evening. All of his Kent county friends are invited to attend the services.

Our pastor's subject for Sunday morning, "Why not the men as well as the women." We shall expect you at these services. Come and surrender your heart to God.

Spray Your Orchards!

"Target Brand." 

INSECTICIDES AND FUNGICIDES.

The celebrated "Target Brand" Scale Destroyer, is the only saleable oil guaranteed to kill absolutely the San Jose Scale and at the same time benefit the trees in place of injuring them.

This oil is manufactured by the American Horticultural Distributing Co., and is being used almost exclusively in Delaware, Virginia, West Virginia, Michigan and other States. The largest fruit growers in our country will use it exclusively this spring after the great success they had with it last year.

We used to sell Sulphur by the carload, but up to the present time have not sold a pound and with no prospects.

Every grower knows "Target Brand," and will use it doubly this season, as the cost is no more than the inferior oils and really less than the Sulphur Wash.

Use "TARGET BRAND."

Beware of inferior and untried oils. Write for testimonials, prices and particulars.

We are sole agents for Kent county.
