The Ladies' Store — Chestertown, Md.

H. F. Jefferson

THE PEOPLE SEEM HUNGRY FOR THE NEW THINGS.

It is now almost a year since people began to make themselves do without many things that they didn't actually need. Perhaps that accounts for their eagerness about the new styles during these early days of autumn. Wardrobes haven't been so bare of pretty gems, probably for years, so the new collection we bring in are picked out almost as fast as they arrive.

We are fortunate in being ready earlier than usual this fall. Certainly, Jefferson's was never more interesting than it is to-day.

You'll Enjoy Picking Out the Linens You Want From Jefferson's Stock.

Here are to be had the best and largest assortment of Damask ever shown in Chestertown. Considering the very moderate prices every housekeeper will realize what a delight it will be to pick out her new fall suppplies from such a collection.

Table Linen by the Yard.

Full Bleached Irish Damask Table Linen, 2 yards wide, $1.00.

Snow White Union Damask, full 2 yards wide, worth 85c a yard, 75c.

We have just received a large lot of remnants or short ends of Damask Pure Linen, worth 75c a yard, our price 50c.

We Invite You to Inspect Our NEW SHOES FOR FALL.

There has been a revolution in Shoedom. Revolution came slowly, except in South America. Perhaps you've hardly noticed the gradual tendency away from the long vamp to short and therefore broader toe effects.

This season the short toe is "IT" and great has been the art employed to give the ultra stylish effects so many of our customers desire. Conservative styles, too, for those who prefer them, as many of the best dressed people do.

The past season has seen Tans galore they are used more this fall and winter than they were in the spring. The best advertisement a shoe store has is its satisfied customers.

We have comfortable shoes, stylish shoes, serviceable shoes. Any store can sell you anyone of these three. But does any other shoe store take the trouble Jefferson's does to see that their shoes have all three qualities? Come and judge for yourselves.

The Best $1.00 Taffeta in Chestertown.

How do we know it? By the best evidence possible. We have bought silk from a dozen different houses to try its wearing qualities, and have paid strict account to it, and now we have settled on our silk and have bought 1000 yards of it. Our silk contains more silk and better silk, and is woven more evenly than any silk you ever looked at, it is full yard wide, for dress purposes as well as linings and petticoats, $1.00 a yard.

Tailored Suits for Women.

The quest may begin here. Without doubt it will end here. For even this early in the season we are making new selling records, proving indisputably that women are finding here smartest styles, most satisfactory variety for choice, and best values:

At $10.00 of Worsted in the smart mannish effects. Semi-fitted 32-inch jacket single breasted, trimmed with black satin. Gored skirt, flair bottom.

At $12.00 of Shadow Stripe Surge semi-fitted 36-inch long, single-breasted coat. Gored skirt.

At $16.00 a very pretty Stripped Suiting in Black, Blue and Gray, semi-fitting single-breasted Jacket 38-inch long. Gored skirt with buttons down front with folds.

DRESS GOODS DISPLAY

In colors and in black, in fanciful weaves and the latest shades of solid color, the Dress Goods Display at Jefferson's to-day gives you the whole cream of favored things, and the favored things only.

In extreme fancies we bought just one or two dress lengths so that you can't meet yourself on the street or at a function.

Black Dress Goods.

A superb display. Many beautiful, new Fabrics this year. Highly lustrous, soft and clinging for dressy wear. In a variety of smart weaves, herring bone and shadow stripes, wide whale diagonal effects and others equally desirable for tailored use. The Black Goods Store is brimming over with interesting news of the latest fashions in these raven-hued weaves that are the vogue.
