Mr. Tyson Buys Fast Horse.—Mr. Herman R. Tyson, of Newark, well-known in this town, bought a fast roadster at the mid-winter sale of the Fasig-Tipton Company in New York city. This horse is Gitchie Manitou, 2.09¼, a bay stallion, pacer by Jay Bird, out of Kate Patchen, by Mambrino Patchen. Mr. Tyson's new purchase may race in the Maryland-Virginia Circuit this summer and fall.

Mrs. Coulter Gets Divorce.—Judge Heuisler in the Baltimore Circuit Court on Wednesday signed a decree granting Mrs. Rose Frazier Coulter an absolute divorce from her husband, William Merrick Coulter. This is the third attempt of Mrs. Coulter has made to secure a divorce. The decree awarded Mrs. Coulter $500 in lieu of all alimony, gave her the custody of her little girl and awarded the custody of the boy to Mr. Coulter. Mrs. Coulter was formerly Miss Rose Frazier, of Chestertown.

Miss Burchinal's Will.—The will of the late Miss Mary Burchinal was filed for probate in the Orphans' Court last Tuesday. The will is dated July 13th, 1904, and disposes of an estate valued at $1700, which is distributed, share and share alike, between Marion deK. Smith, Jr., and Anne Burton Smith, children of the deceased's sister, Mrs. Addie Smith, after the payment of all just debts and funeral expenses. Marion deK. Smith, Esq., is named as executor. The will was witnessed by Messrs. Wm. F. Russell and Milton E. Baker.

Fire at St. John's.—McDowell Hall, the oldest and most conspicuous of the group of college buildings at St. John's College was entirely wrecked by fire on Saturday afternoon last, causing a loss to the college of between $40,000 and $50,000. The fire originated in the cupola of the building and fanned by a brisk wind, the flames soon spread to the entire building. The destruction of the building, the corner stone of which was laid by General Washington, is a serious loss to the college. Plans are being developed for replacing the burned structure.

The Middleton Case Appealed.—The Kent Loan Company has taken an appeal from the decision of Judge Pearce in the case of Charles B. Watkins against Jesse K. Middleton where the court held that the company had acted in an illegal way by refusing to accept the tender of the mortgage debt. The case will be heard at the April term of the Court of Appeals. Hope H. Barroll, Esq., is attorney for Chas. B. Watkins and John D. Urie, Esq., for the Kent Loan Company. The decision in this case was published exclusively in the TRANSCRIPT two weeks ago.

Escaped from Centreville Jail.—Stanley Mansfield and Gilbert Summers escaped from the Centreville jail at an early hour Monday morning by picking their way out of their cell and lowering themselves to the ground by means of bed clothing. They were being held for action of court on the charge of having broken into and robbed the freight station of the Maryland, Delaware and Virginia Railroad at Winchester of a quantity of merchandise. They were both confined in a section of the old building while the new one is in course of erection. They were captured in a barn near Winchester on Tuesday.

Surprise Party.

A delightful surprise party was given at the home of Mr. and Mrs. Wm. Cooper, Jr., last Thursday evening, near Melitota. Various games were indulged in until 10 30 o'clock when refreshments were served, after which all left for their homes. Those present were Mr. and Mrs. Wm. Cooper, Sr., Mr. and Mrs. James Coleman, Mr. and Mrs. Walter Fowler, Mrs. Frank Meredith, Mrs. Perry Price. Misses Agnes Lewis, Mabel Beck, Katie Fowler, Ruby and Annie Leaverton, Reba Joiner, Ollie and Violet Bowers, Katie Capps, Estella and Ethel Cooper, Elsie Coleman, Ruth Maul. Messrs. James, George and Clifford Cooper, Howard Leaverton, Walter, Frank and Grover Coleman, Ernest Robinson, Lester and Vickers Bowers, Eddie Fowler, Harry Price, Romie Hudson, Will Anderson, Claude Hackett, Mr. Jacquette and others.

NEWSY BRIEFS.

*†*Chief Judge James Alfred Pearce drew the jurors for the April term of court yesterday.

*†*The spring schedule of the Tolchester, Port Deposit and Sassafras river lines appears in this issue.

*†*One of our prosperous farmers has 800 bushels of wheat for which he has been offered $1.15 per bushel.

*†*Talk is being revived again about the extension of the railroad to Rock Hall. The night boat petition is resting easily.

*†*A kerosene lamp exploded at the home of Mr. D. B. Ford, on Maple avenue, on Sunday evening. No damage was done.

*†*Mr. Harry Nicols has given away his pet alligator. He ate too much, and Mr. Nicols did not have the time to attend to his appetite.

*†*Local fishermen have been catching quantities of rock and white perch during the week and they have found ready sale in local markets.

*†*The sale of the late J. K. Aldridge's personalty on the Pippin farm takes place on Monday. Don't miss it. Some fine stock and farming implements are to be sold.

*†*Mr. Wm. S. Carroll, contractor and builder, will erect for Mr. Walter W. Needles, a comfortable dwelling on his lot at the head of town. It will be occupied by Mr. Leonard Needles.

*†*The Pierces will be the last entertainment in the series. Date March 12th. A fine box of candy will be given with every reserved seat ticket sold at the ticket office on the night of the entertainment.

*†*Col. J. M. South will shortly remove his photograph gallery to Cambridge. We shall be sorry to lose the Colonel. He is a good citizen and his work is of the best. His removal card is published in this issue.

*†*The following marriage licenses were issued from the clerk's office this week: William King Sewell, of Kent, and Mamie Gumpman, Baltimore city; Walter F. Bullock, Sussex, Del., and Ruth H. Wallis, of Kent.

*†*We respectfully call the attention of the Board of Town Commissioners to the "choked" condition of all sewer openings. In many places the water overflows the pavements and makes walking bad.

*†*Washington's birthday was fittingly observed in Chestertown by the closing of the banks, public offices and general closing of stores. Appropriate exercises were held in the high school and at Washington College.

*†*Mr. Brown, the faithful janitor at the court house, has been preparing his garden. He has his onion sets planted as also his peas, and we may expect Mr. Brown to be one of our early garden birds this year.

*†*Thieves made a raid on the penny slot machines about town last Friday night. Messrs. McDonnel, Hadaway, Kirby, Copper, Crow, Ringgold, Waddell and others were victims. Altogether nine or ten machines were taken.

*†*Mr. P. V. Hendrickson, on the Tolchester farm, made a shipment of twelve spring lambs this week to Philadelphia, which the commission men report as being the best lambs ever shipped to that city. Mr. Hendrickson received a fancy price for the lambs.

*†*The pretty store rooms of Moody & Lusby and Mr. J. H. Sides have recently been fitted up with the famous "Tungstan" electric bulbs, which give a splendid white light and burn considerably less electricity than the ordinary bulb. These two stores are now among the best lighted in the town.

*†*There are a great many applicants for Mr. George D. Lofland's place as straw buyer at the Strawboard Mill, but we are advised that the appointment will not be made until the mill resumes operations. Just when that will be, no one seems to know. There are no bright prospects at present.

*†*The two-masted schooner Emily E. Burton, of Baltimore, was blown ashore at Tolchester early Thursday morning and has been pounded severely by the heavy sea. The crew was rescued by Supt. Noland and fishermen, near the resort. The boat was light.

*†*Miss Farr, of the State Library Commission, has been in the town and county during the week in the interest of traveling or permanent libraries for the various towns in the county. She found Chestertown's Public Library in excellent shape, and visited other towns in the county where it is hoped public libraries may soon be established.

*†*A largely signed petition will be presented to the Town Commissioners for a pavement on the west side of front street to the intersection of High. The commissioners should grant this request, as those who have recently erected fine homes on this street are justly entitled to the improvement.

*†*Mr. William M. Culp, of the hardware firm of Lofland & Culp, who has been the efficient operator at the Chestertown depot for a long number of years, will not sever his connection with the railroad company. He is a valuable man to the company, and they are loath to dispense with his services. This will not interfere with his duties as a member of the firm.

*†*The Marvil Package Company has contracted with Messrs. Duyer Bros. for the building of a large factory at their Chestertown plant to take the place of the one in use. The building will be 90 ft. square and will be fitted up with the latest and most approved basket making machinery. Work will begin the latter part of March or the first of April.

*†*Auctioneer Charles H. Hurlock reports that the sale of the Jarvis personalty advertised in the TRANSCRIPT, on Wednesday, was attended by the largest crowd he has ever seen at a sale on a rainy day. Prices for horses, cows and implements were fine, as were also prices on household goods. Horses sold as high as $125, cows from $48 to $52, and implements accordingly. Auctioneer Hurlock was ably assisted by Capt. Jack Jester, the efficient Queen Annes' auctioneer.

Judge Pearce Indorsed.

Following a suggestion made editorily by the TRANSCRIPT two weeks ago, the Kent Bar Association held a meeting on Wednesday afternoon and unanimously indorsed the proposition to petition the next Legislature to extend the term of Chief Judge James Alfred Pearce, which expires by reason of the age limit in April, 1910. Hope H. Barroll, Wm. W. Beck and Sidney P. Townshend were appointed a committee to draft a suitable memorial to the next Legislature petitioning the extension and to recure the names of all the members of the bar in Kent to the petition. Judge Pearce was elected for a term of fifteen years, which will expire in 1912, and he will have reached the age limit, 70 years, in April, 1910. There is a strong sentiment here among both lawyers and laymen for the extension of the judge's term, and a strong effort will be made to induce the Legislature to grant the petitions of every lawyer, regardless of political affiliations in the Second Judicial Circuit. Judge Pearce's usefulness as a jurist is by no means ended. His mental faculties are just as keen as they have always been, and his physical condition is vigorous and active. There seems to us to be no good reason why the judge should not be allowed to serve the term for which he was elected, and the TRANSCRIPT adds its petition to that of the bar association for an extension of the judge's term.

Farmers' Meetings.

The Still Pond Farmers Club was delightfully entertained at the home of Mr. and Mrs. William H. Bonwill, near Kennedyville on Thursday afternoon. There was a full attendance of the members, and an enjoyable and profitable meeting was held.

The Rich Neck Farmers Club met at the home of Mr. and Mrs. James T. Anthony, near Chester bridge on Thursday. The principal topic for discussion was "The Advantages and Disadvantages of the Parcels Post." The question was discussed pro and con very profitably. A splendid supper followed the business meeting.

The Morgnec Farmers' Club held a meeting yesterday evening to discuss the question of corn growing. Mr. Harry P. Skipper, master of the Chestertown Grange was present and delivered an interesting address on this all important subject. The Morgnec Farmers' Club is a recent organization and it proves, like all other similiar organizations, that the farmers of this section are thoroughly awake to their interests and advantages and that they see the force of organization.

GRANGE NOTES.

The Still Pond Grange room was very prettily decorated in honor of Washington's birthday. Miss Alice Maxwell who had been called on to tell about his hatchet gave the following account of the cherry tree incident. "George Washington had a playmate named Ike. When the grandfather of our country asked his son, George, who cut the tree down he replied, Father, I cannot tell a lie, Ike did it. His father being a little deaf thought he said I did it." So we must draw the conclusion that George Washington never had a hatchet.

Mrs. A. L. Harris sang a song entitled "The Plow, Spade and Hoe" to the tune of "Columbia" accompanied on the organ by Mrs. John Bennett.

Dr. J. Horton Kelley, the leader of the discussion on the educational program for 1909 made an especially instructive and interesting address.

Messrs. Skipper, Bowers, Klinefelter and Jarrell of the Chestertown Grange, honored us with their presence and ably joined in the discussions.

At the close of the meeting the ladies agreeably surprised the Grange by serving refreshments.

The Grange decided to hold regular meetings on the second and fourth Monday of each month at 2 P. M. during the remainder of the year.

A Special meeting will be held on Monday, March 1st, at 7.30 P.M. to adopt by-laws.

Messrs. H. P. Skipper, H. H. Klinefelter, Clifton L. Jarrell and Thomas D. Bowers of the Chestertown Grange, visited Still Pond and Kennedyville Granges on Monday and they found both organizations in splendid working shape. The meetings were well attended and the discussions were very profitable.

The next regular meeting of the Chestertown Grange will be held on Tuesday. The committees on binder twine and spring fertilizers will report and make final arrangements for purchasing, and all members desiring quantities of each are requested to be present and give the quantity of each they desire. The topic of discussion will be "The Growing of Potatoes for Profit," lead by Col. Wm. J. Vannort and Mr. Cooper Tarbutton. All lady members are urged to be present.

There were five applications for membership in the Still Pond Grange on Monday afternoon.

Four candidates, Mr. and Mrs. Charles Hill and Mr. and Mrs. George Rasin, were instituted in the fourth degree at Kennedyville Grange on Monday evening. Master Wm. Baxter performed the ceremony very creditably indeed, the music led by Mrs. J. H. Clendaniel, being a pretty feature. Excellent refreshments were served.

Millington Grange will hold its regular meeting on Monday afternoon next. Messrs. Skipper, Jarrell, Klinefelter and Bowers of the Chestertown Grange will visit Millington Grange as the guests of Mr. George W. Jones.

Mr. Walter Harris, Master of the Pomona Grange, has announced the following county executive committee: Wm. T. Nicholson, Fairlee Grange; Thos. D. Bowers, Chestertown Grange; Samuel Comly, Kennedyville Grange; Harry Willis, Still Pond Grange; George W. Jones, Millington Grange.

Fire at Rock Hall.

The home of Mr. Tilman Hubbard, on the outskirts of Rock Hall, was entirely destroyed by fire at an early hour on Saturday morning, destroying the dwelling and its contents, together with all the clothing of the family. The fire was discovered shortly after two o'clock, and Mr. Hubbard's family were asleep at the time. They barely escaped with their lives. The loss is a serious one to Mr. Hubbard, as his savings of years have been swept away. There is an insurance of $500 on the building carried in companies represented by James G. Reck. At the time the fire broke out the dance in the K. of P. Hall was about winding up, and when the alarm was given, the fiddler laid down his bow and rushed from the hall followed by ladies in white dresses and white slippers, as well as men in full dress, who hurried through mud to the scene of the fire to render what assistance they could. The Rock Hall fire department also responded promptly but a hard wind prevented the saving of the property. Sparks were carried in all directions, some lodging on roofs and had the shingles been dry, Rock Hall may have had a great conflagration. There was also an insurance of $500 on the furniture in Mr. E. P. Beck's company. Mr. Hubbard was not home at the time of the fire. In addition to his dwelling and furniture, Mr. Hubbard lost about $500 in fish nets.

Mt. Vernon Reception.

The twenty-second of February was celebrated at Washington College by appropriate exercises. The Mt. Vernon Society usually has charge of the occasion and this year she maintained her usual standand and rendered an interesting programme. The morning exercises consisted of an opening prayer by Dr. F. T. Little followed by an address of welcome by Mr. Loran Langsdale, President of Mt. Vernon. Mr. Thomas Eliason then delivered an appropriate declamation, entitled "The Ship of State." This was followed by the reading of a paper, "Some Early Traits of Washington" by Mr. W. Raymond Moody, who reviewed the youthful characteristics of the boy Washington and showed how some practical lessons might be drawn from them

Prof. Allan S. Neilson, the speaker of the morning, then pointed out, in his usual forceful and expressive manner, the real meaning of some of Washington's later acts, leading up to his unanimous election to the presidency. The exercises were closed with benediction.

In the evening Mt. Vernon held the customary reception in Smith Hall. The receiving party consisted of Messrs. Langsdale, Moody, P. J. Johnson, Eliason and Spedden. The guests assembled at 8 o'clock in the library of Smith Hall where an attractive scene was presented by the handsome evening gowns of the ladies.

At 9 o'clock the guests were invited to the dining room of West Hall which was decorated with many colored pennants and ribbons. Here refreshments were served. The menu consisted of salad, olives, mints, ices and coffee.

At about 11 o'clock the guests departed, satisfied that Mt. Vernon had acquitted herself as a charming hostess
