The Peerless Fertilizer Company

SUCCESSORS TO

WILBUR W. HUBBARD

Is particularly well adapted this spring to supply you with what ever you may need in the way of Fertilizers, as we have a large stock of goods on hand bought right for the cash, and can do exceptionally well by you. Hence if you want to sow OATS, plant POTATOES or VEGETABLES, increase you crop of ASPARAGUS, plant TOMATOES, top dress your GRASS or WHEAT or fertilize your CORN.

The question is easily solved, because when you consider the way our Fertilizers have been made all these years and the sincerity of purpose back of them, you will not wonder why our trade has steadily grown for thirty-four consecutive years, but conclude (if you are not already a customer of ours) to buy them yourself.

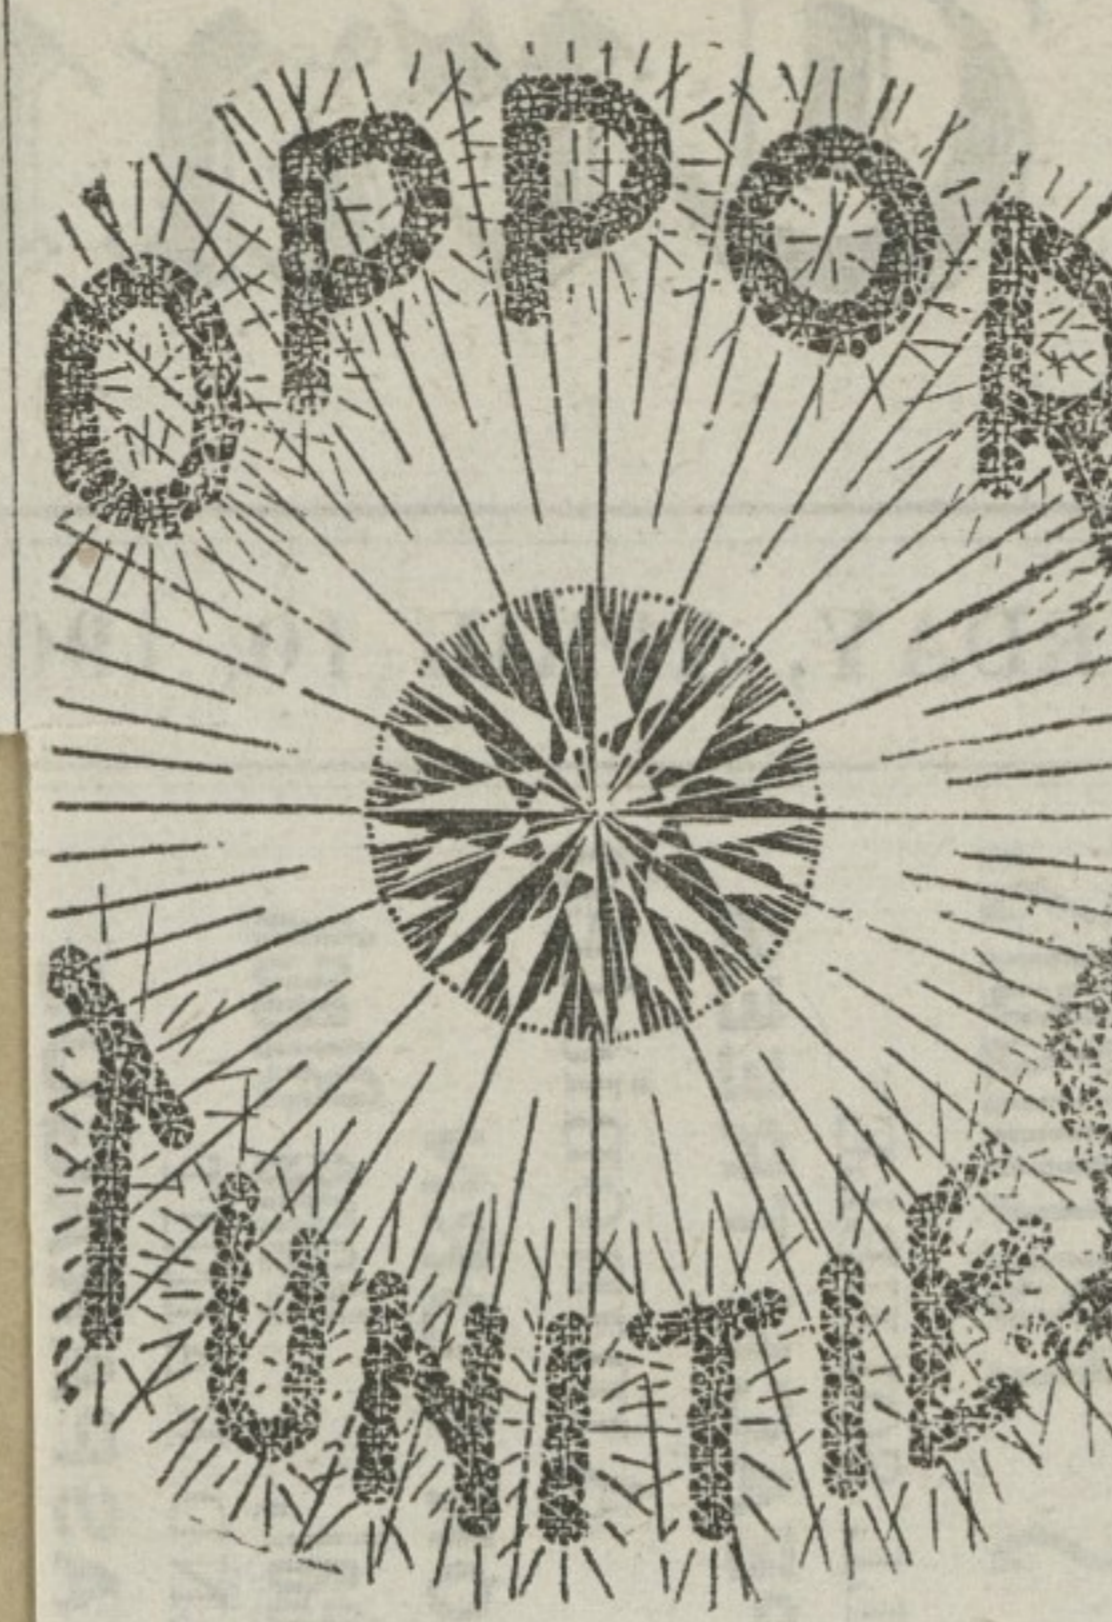

We have many customers who have dealt with us for over 30 years. We have in our office hundreds of voluntary testimonials which we would be glad to publish did space permit, and when you think here is a firm who have striven to make Fertilizers well, and also save money on your purchases, we hope that you will give us a chance to bid on your supply this time.

Very truly yours,

The Peerless Fertilizer Co.,
CHESTERTOWN, MD.

P. S.—If you have not received one by mail, please call at our office and get an almanac for 1909 and a souvenir box of matches.

BRILLIANT OPPORTUNITIES

For investing in DIAMONDS are now at hand. This is ordinarily the Jeweler's dull season. Whatever inducements he can offer now to stimulate trade, he puts forth. Just as a Spring Offering, we will sell about fifty fine white

DIAMOND RINGS AT 25 PER CENT. below their market value.

Come in and see them and the many other bargains we have to offer. Bring us your repairing and have it done promptly and in the right manner.
