OBJECTS AND PRINCIPLES
OF THE
Jr. O. U. A. M.

FIRST—To maintain and promote the interests of Americans and shield them from the depressing effects of unrestricted immigration; to assist them in obtaining employment and to encourage them in business.

SECOND—To provide for the creation of a fund or funds for the payment of benefits in case of sickness, disability or death of its members, to members, their legal dependents or representatives, and to issue certificates of membership for the same.

THIRD—To uphold the American Public School System, to prevent interference therewith, and to encourage the reading of the Holy Bible in the schools thereof.

FOURTH—To promote and maintain a National Orphans' Home.

We recognize the landing upon our shores of the ignorant, the vicious and the lawless of the Old World as a constant menace to our institutions, and believe that it should be viewed with alarm by the loyal and patriotic citizens of the country.

We would place a flag upon and a Bible within every Public School-house of our land, that all might learn these to be a beacon light in every storm which may threaten our destruction.

New Road.

The work of building 3½ miles of good road under the supervision of the State Good Roads Commission, was begun in the county this week by the Juniata Company, of Philadelphia, which has the contract. The work of construction was begun at Goose Hill, a point 3½ miles from town, and will proceed towards the town limits according to contract. A bungalow has been erected by Messrs. W. S. & A. M. Culp at Hopewell school house for the accommodation of the large force of men, who are now at work on the road. The material to be used in the construction of the road will be crushed stone, and when finished it will be like a cement floor. It will cost at the rate of $9,456 per mile, the 3½ miles costing over $30,000. It will be paid for by the State, an appropriation of $5,000,000 of the State's money having been appropriated for road building throughout the State by the last Legislature. Kent county's appropriation is $108,000, which will be used to build a road from Georgetown to Chestertown, a distance of 17 miles. At the rate of $9,456 per mile the road will never reach Georgetown by five miles, unless Kent's share of the appropriation is materially increased. To those who have not seen this sort of road constructing it will prove interesting to watch the force of men at work.

*†*Farmers have been busy during the week cutting wheat. There is a diversity of opinion concerning the condition of wheat. Some say it is hurt badly by the scab, others say not Only the thresher can reveal the truth. The first new wheat of the season was received in Baltimore, from Virginia, on Saturday. There were 42 bags in damp condition, and it sold for $1 30 per bushel. Wheat from the same section last year was in fine condition and sold for $1.
