Carriage Emporium!

Close Stores at 6.30 o'clock.—Messrs. J. H. Sides and Harry B. Rote, Chestertown's two popular jewelers, have entered into an agreement, whereby they are able to close their stores at 6.30 p. m. except Saturday. This is certainly a commendable thing on the part of these merchants, and it would be a fine thing if all the stores in the town would enter into an agreement to close their stores during July and August at 7 or 8 o'clock. Somebody try it.

Runabouts

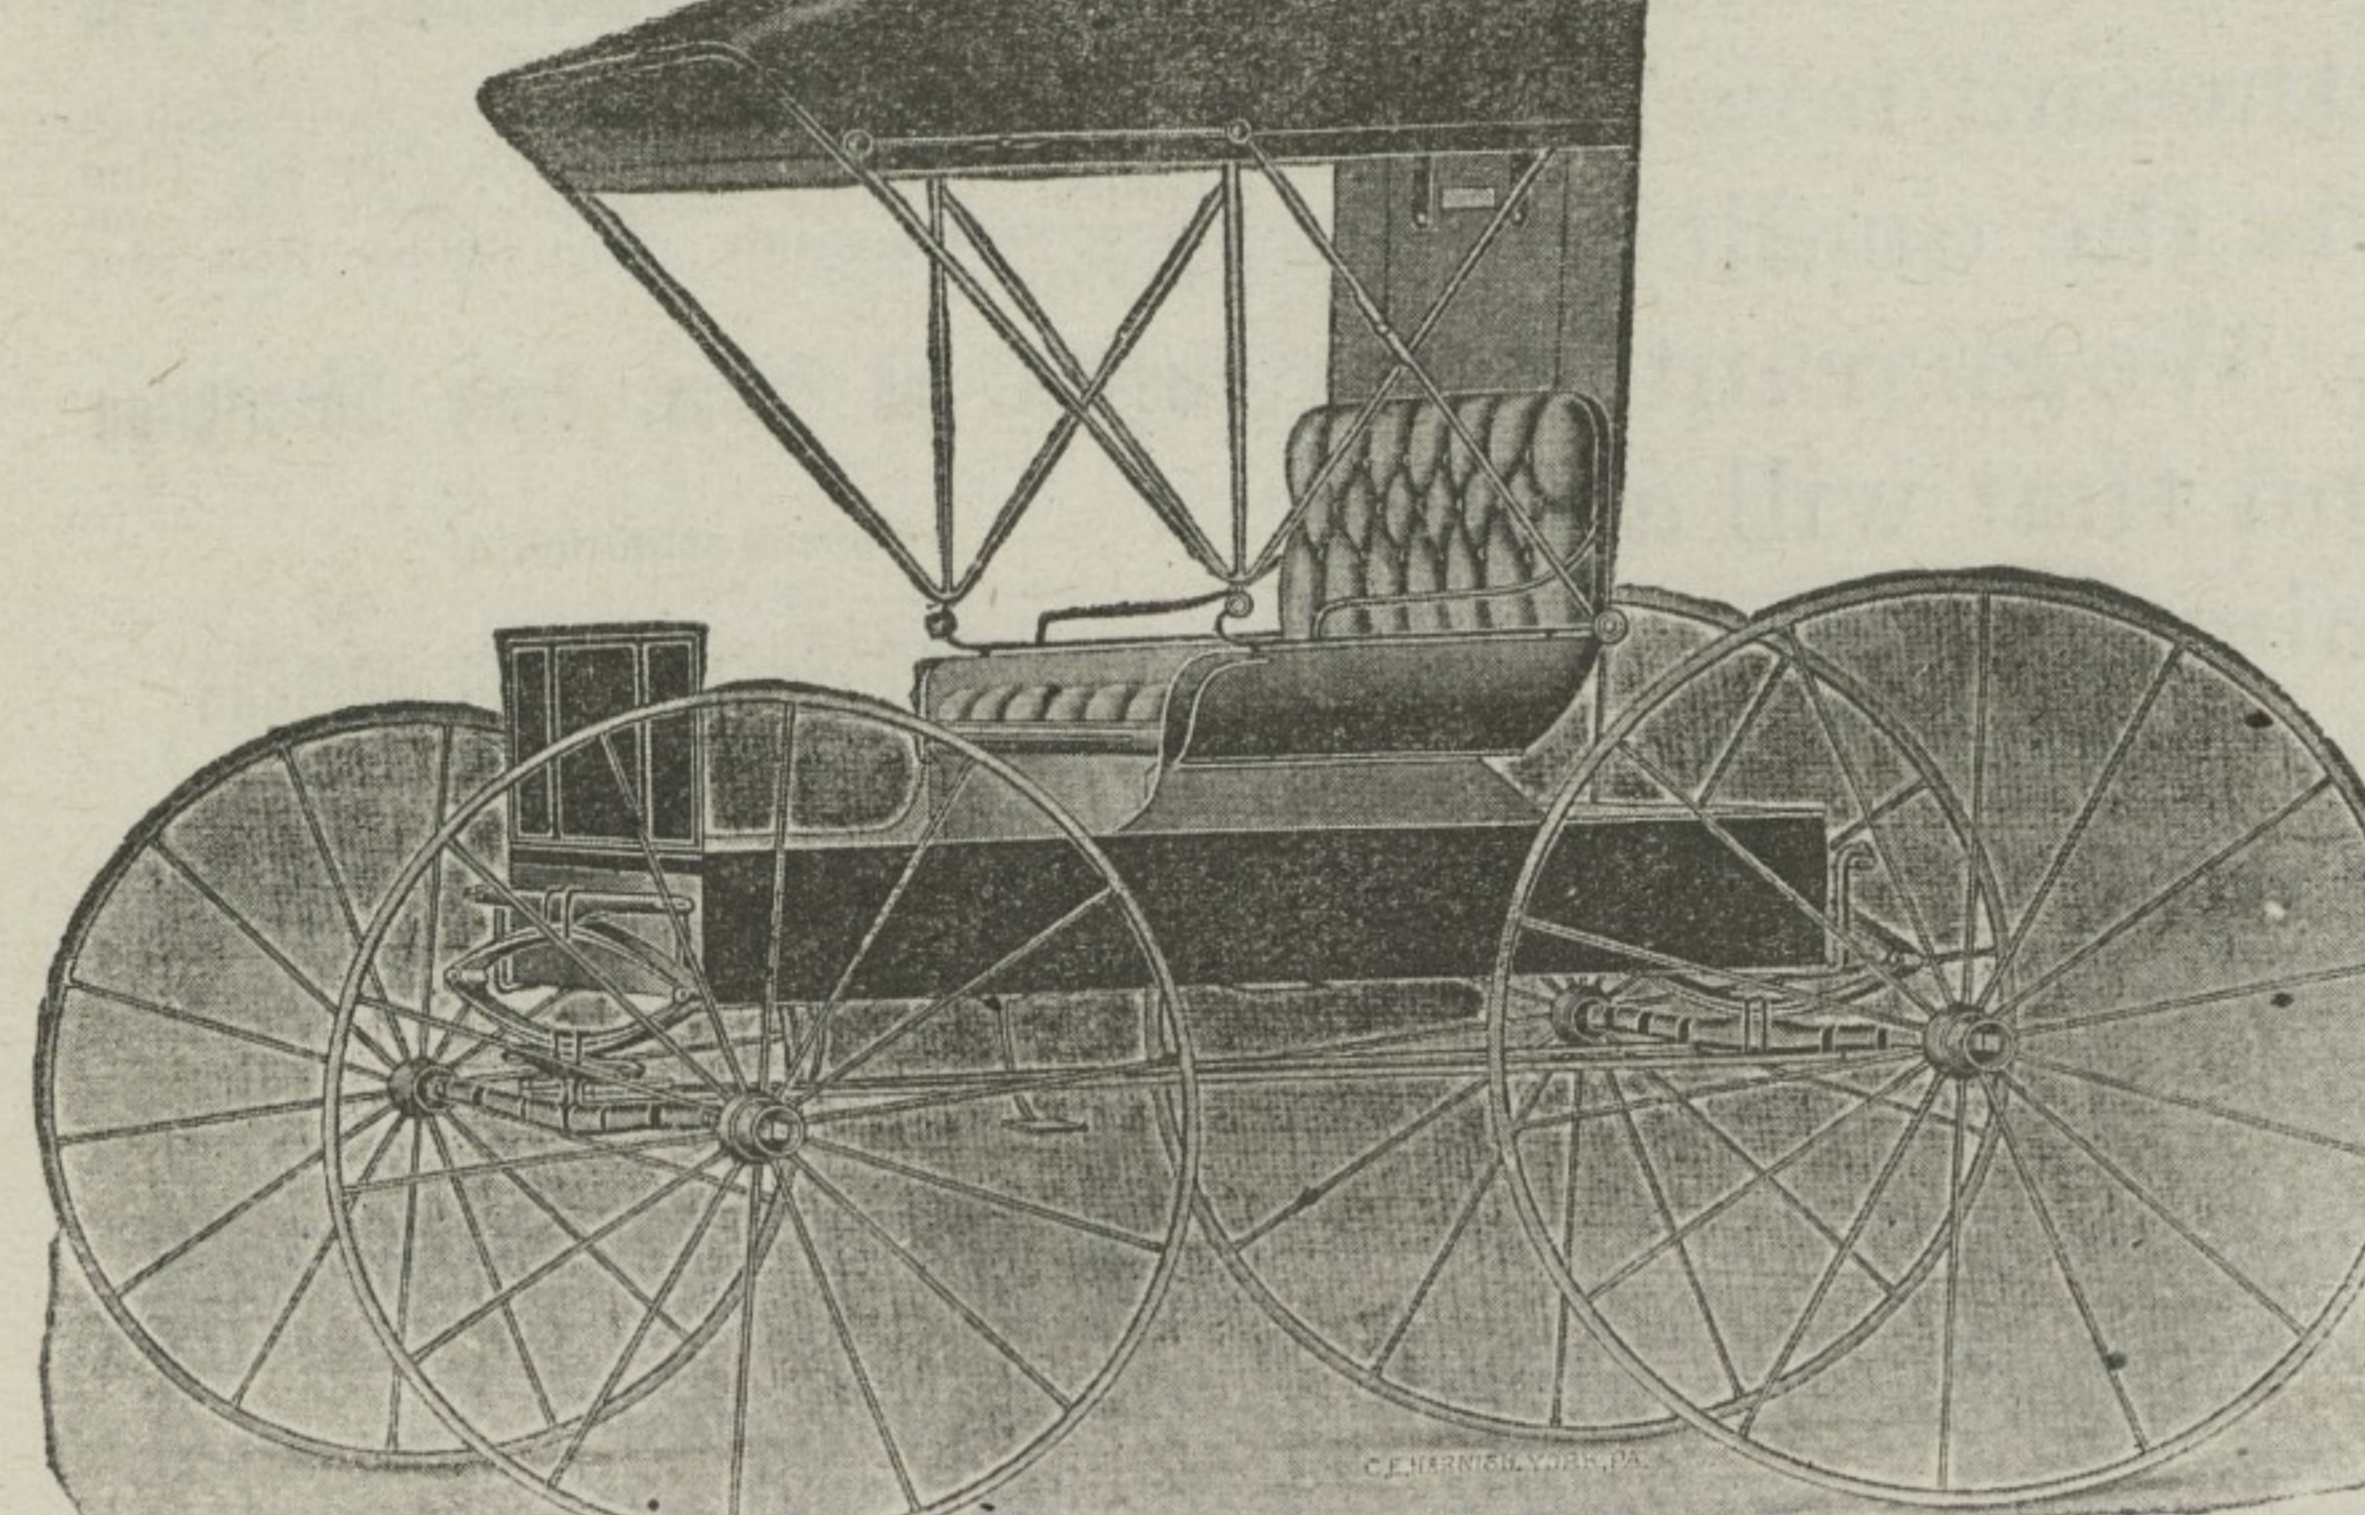

Genuine Leather Cushion and Back

Only \$37.50

Others at \$45.00 and \$50.00.

A Nobby Carriage

for \$49.00 up to \$125.00

FOR A GOOD Standing-Top Surrey

Leather Top and Curtains with Wilmington Hood, we have them at way-down prices.

HARNESS at \$9.75 to \$20.00. Nickel Imitation Rubber and Genuine Rubber Mounting. Also general line of Farming Implements. I handle John Deere Line of Implements.

A. S. TURNER, Agent, Worton, Md.

The Transcript.

SATURDAY, JULY 10, 1909.
 Subscription \$1.00 Per Year.

LOCAL MATTERS.

Appointed Principal at Ridgely.—Prof. Arthur Greenwood, son of the late Prof. J. A. Greenwood, of Rock Hall, has been appointed principal of the Ridgely Caroline county school. Prof. Greenwood and his mother will remove to Ridgely and will occupy the Roberts property on Maple Avenue.

Stole a Team.—In Jail.—Frank Kowski, a young Baltimorean, was arrested at Tolchester on Monday evening for stealing a team belonging to Mr. Joseph Price. The boy was not accustomed to driving a team and the horse ran away and completely demolished the rig. The boy is only 12 years old, and is now awaiting a hearing for his rash act.

Elected Bank Director.—At a meeting of the directors and stockholders of the Kent County Savings Bank held on Tuesday, Mr. Howard Turner, of Betterton, was elected a director to fill the vacancy caused by the death of his father, the late R. J. Turner. This is a deserved appointment, as Mr. Turner is one of the most aggressive business men in the county. The old board was re-elected.

Disabled Boat Picked Up.—Captain John Kerwan, of the steamer Susquehanna, picked the launch Mayfair, disabled off Poole's Island about 1.30 o'clock on Tuesday afternoon. On board were eight persons, of whom were women. The Mayfair was towed into Betterton, and those on board returned to the city on the Susquehanna. The launch was left at Betterton.

Close Stores at 6.30 o'clock.—Messrs. J. H. Sides and Harry B. Rote, Chestertown's two popular jewelers, have entered into an agreement, whereby they are able to close their stores at 6.30 p. m. except Saturday. This is certainly a commendable thing on the part of these merchants, and it would be a fine thing if all the stores in the town would enter into an agreement to close their stores during July and August at 7 or 8 o'clock. Somebody try it.

NEWSY BRIEFS.

*Messrs. Skirven and Startt shipped 550 lambs to market last week.

*It is reported that the Centreville band will furnish the music at the Tolchester fair.

*Wheat was quoted in Baltimore yesterday from \$1.08 to \$1.15 per bushel, according to grade.

*The second colored excursion of the season visited Chestertown on Wednesday. It came from Annapolis.

*Sheppard and Chant, two colored fishermen, caught over 150 fine perch off Bowers' shore one day last week.

*Mr. A. Earle Nicholson has purchased of Mr. Thomas W. Eliason one of his fine driving horses.

*All those children who took part in the B-B entertainment will please come to Mrs. Hope H. Barroll's residence at 7 o'clock p. m. to-day, Saturday.

*Mr. Silas Weller has rented Mr. Philip G. Wilmer's farm near Sunday by Mr. Wm. Lee. Mr. Weller is now tenantry Mr. Joseph Everett's farm in Queen Annes.

*Mr. Wm. F. Fowler and force of workmen are painting the home of Cashier Wm. F. Russell in attractive colors. It will be a decided improvement to the Spring avenue home.

*It was the quietest Fourth Chestertown has experienced for some time. Nearly all the stores closed, while the banks and public offices took advantage of the holiday.

*The motor boat, Stump, was blown ashore at Tolchester Sunday afternoon. The party on board left the disabled boat at Tolchester and returned to Baltimore on the Louise Sunday night.

*At the town election held in Galena on Monday Messrs. Holt Woodall and Thos. Stradley were elected commissioners. Rev. A. P. Prettyman had been elected at the first election. Messrs. Woodall and Stradley were elected without opposition.

*Mr. Jacob Weller, who has been tenantry the George W. Smith farm in Queen Annes county, has rented of Mr. Thomas W. Eliason his farm in Quaker Neck, near Pomona, now occupied by Mr. Samuel Brown.

*Big perch and rock have been biting freely down the river during the past two weeks. Mr. Jacob Wilbur and others have made several fine catches. Crowds have been enjoying the night fishing off Chester bridge.

*The steamer B. S. Ford left Baltimore last Saturday afternoon with 400 passengers on board. 300 got off at Rock Hall, in and around which vicinity they spent the Fourth, while the other 100 were distributed at points along the Chester river.

*Mr. J. Jesse G. Graham's horse took fright at Mr. James G. Beck's automobile on Monday evening and ran away. The shafts of the carriage were broken, but fortunately the occupants, Mr. and Mrs. Graham and her brother, Mr. Burns, were not hurt.

*Mr. J. Kennard Aldridge, on the Joseph E. George farm, threshed 900 bushels of orchard grass seed on 35 acres. This is regarded as a record crop for this seed in this county. Mr. Aldridge has been offered \$1.50 per bushel for it, but will hold it for a better price.

*A colored excursion went from Chestertown to Centreville on Monday on Mr. John G. Roland's power boat, Capt. Percy Rawleigh. A base ball team went along and as usual Centreville was defeated. Centreville can't play ball with Chestertown, it makes no difference what the color.

*John D. Urie, Esq., will move his law office to the old Transcript building for the present. The directors of the Kent County Savings Bank, in which Mr. Urie's office was located, are preparing to tear down the old building for the erection of a modern structure. The bank will occupy the fire company's rooms in the Eliason building, and Messrs. Hughes & Newman, the well-known planing and sawing machine firm, are arranging for other quarters.

*Mr. Wm. M. Darrell purchased the property advertised in the TRANSCRIPT last Tuesday at public sale, by Senator Wm. M. Say, trustee, situated in the First District, on road from Cypress Branch to No. 10 School House, for \$450. The tract contains 1 acre of land with two-story framed dwelling and outbuildings.

The claim of Mr. Jesse R. Copper for the policy of \$75 on each of two colts killed by lightning last Thursday night, against the Liverpool, London & Globe Fire Insurance Company, of which Mr. Edgar P. Beck is the representative, was forwarded to the company on Monday, and on Wednesday Mr. Copper received a check for \$150 from the company in payment of the claim. That's the business of the up-to-date kind.

*A party of Chestertown gentlemen went fishing down the river one day recently and were having fine luck. They caught a fine rock and a number of big perch, which they put overboard in a live net. Another fishing party came along, and asked, "What luck?" "I'll show you," said one of the fishermen in the first boat. He pulled up his live net to show what had been done and not a fish could be seen! They had gotten out through a hole in the bottom of the live net.

*It has been reported a number of times that the Chestertown Strawboard Mill will soon be put in operation. We have from the most reliable authority that orders have been received for certain improvements, which will require at least two months to complete, at the expiration of which time there may be something doing. Nothing definite is known as to when the mill will begin operation, as no orders whatever have been received to that effect.

*Monday celebrated as the Fourth, was a big day at Tolchester and Betterton. 8000 people are said to have spent the day at Tolchester, and a big crowd visited Betterton, especially the country. There was no disorder of any kind, and the big crowd was handled in splendid style. Mr. J. S. Vandegrift stated that he sat in the merry-go-round lobby at Tolchester for an extended period. He counted 365 people who bought tickets for a ride. He counted for another hour and the number reached 435. All the amusements at both resorts were well patronized.

Wheat Notes.

This has been an unfavorable week for threshing wheat on account of dampness. But few farmers have threshed this week. The following yields have been reported:

Mr. James Price on his Morgnes farm got an average of 15 bushels per acre.

Col. W. J. Vannort, on his Hermitage farm, got 21 bushels per acre. He has sold to Mr. A. S. Turner at \$1.10.

John C. Randle, near Kennedyville, threshed 17 bushels per acre.

Mr. R. S. Elburn, near the mill, got 18 bushels per acre.

Several outfarmers sold their crop of wheat for \$1 per bushel some months ago. They no doubt regret their action, as the price now is ranging from \$1.09 to \$1.13 in Chestertown.

Wheat in Queen Annes is said to be yielding very poorly. The crop over there was injured by the drought in May.

Mr. Kennard Aldridge has sold his share of the crop of wheat on the Aldridge-George farm to Mr. Charles W. Kibler at \$1.13 per bushel to grade.

Rev. A. P. Prettyman, of Galena, was in town here, and he reports that wheat is turning out very well in his section. The bearded wheat he states is doing much better than Fultz, Mr. Prettyman is of the opinion that Currell's Prolific has about spent its strength in Kent, and he is of the opinion that our farmers should look for the popular variety.

Mr. Prettyman believes that our land should grow at least 30 bushels of wheat per acre, but just where to find the proper seed to grow that quantity is the present problem. Mr. Prettyman reported the following yields: John C. Quinn, 25 bushels per acre; Gove Everett, 20 bushels per acre; Elmer Jarman, 20 bushels per acre.

Mr. Robert Nicholson, one of Kent's most successful grain growers, got an average of 25 bushels from stalk ground and 21 from fallow. Mr. Nicholson's wheat was the bearded variety, and was hunk to corn extent. He has sold to Mr. A. S. Turner for \$1.13 per bushel.

Wheat in the vicinity of Kennedyville is not turning out well.

Fire in Town.

Fire on Monday morning destroyed the dwelling in Lynchburg on Prospect street, belonging to James Blake, colored, and damaged a dwelling adjoining belonging to Mary Ward, colored. No one seems to know how the fire originated. Blake stated to a TRANSCRIPT reporter that he had had no fire in the house for sometime, and there was no way for the fire to originate in the house. He lost all his belongings except one or two pieces of furniture. Blake lived alone in the house. The Volunteer Fire Company responded quickly to the alarm sounded by the Catholic church bell and the ice plant whistle, and by quick work saved the surrounding property. The Blake house was in flames before the alarm was sounded.

A Fine Statement.

The statement of the Second National Bank, which appeared on its issue last week is the finest at this time of the year made by the bank in its history. The total resources are given at \$791,924.06, and no doubt of having money in it yet. The individual deposits subject to check are \$607,587.05 and the amount due from approved reserve agents \$42,181.68. This is a "strong" statement for the popular institution and attests the confidence of the community in safe banking methods. It is the only National Bank in Kent County, and enjoys the protection of the United States Treasury.

Real Estate Sales.

The Walker farm, adjoining Chestertown, and containing 92 1/2 acres of land, was sold at public sale on Tuesday. Samuel L. Wright was the purchaser at \$71,100. This is a little better than \$77 per acre. The farm is nicely situated, and the land is especially adapted to trucking. Mr. Wright's son, Mr. Walter L. Wright, is the tenant.

Clean Sweep Sale at the Hab, Millington, next week. Watch the big advertisement for information.

RELIGIOUS MATTERS.

Chestertown M. E. Church, Rev. L. E. Barrett, D. D., pastor. Services next Sunday, July 11th, as follows: 10.30 a. m., preaching by Miss Cartee K. Swartz, a deaconess, connected with the W. H. M. S. Miss Swartz comes highly recommended as a spiritual worker and good talker. 2.15 p. m. Sunday school; 6 p. m., Junior League; 6.45 p. m., Vesper Service, one hour good, enthusiastic singing, short talk by the pastor. Mrs. Swartz will devote a week in speaking in Kent county, as follows:—Sunday afternoon, Pomona; Sunday evening, Rock Hall; Tuesday evening, Fairlee; Wednesday evening, Mill Pond; Thursday evening, Crumpton; Friday evening, Galena.

Rev. Joseph Heavey, of Sacred Heart Catholic Church, will say mass at Betterton during the summer months. Last Sunday was observed in Christ Church as "Veterans' Day," and a good sum of money was contributed towards the Superannuated Endowment Fund for the benefit of aged and retired ministers.

Christ M. P. Sunday School will picnic at Queenstown on Wednesday next, July 14th.

Rev. Frank K. Little, assistant to Rev. D. H. H. Eccleston, of Emmanuel P. E. Church, Baltimore, has been the guest of his parents, Rev. Dr. and Mrs. F. T. Little, during the week. He occupied the pulpit in Christ M. P. Church on Sunday evening and preached for his father.

Two handsome bronze tablets to perpetuate the memory of Rt. Rev. Thomas A. Becker, the first bishop of the Diocese of Wilmington, and Rt. Rev. Alfred A. Curtis, second bishop, were unveiled in St. Peter's Cathedral on Sunday. The tablets are the gift of Rt. Rev. John Monaghan, the third and present bishop, the clergy and laity. Both tablets bear fitting inscriptions.

Pentecostal meetings will begin in Masses Ferry on July 9th, in big water-proof tent on M. E. Church green. Revs. Vickers, Moore and others will assist in the work. Will last ten days.

The Wilmington Conference is again in possession of Wesley Methodist Episcopal Church, of Dover.

The trustees who are supporters of Dr. A. W. Lightbourne, the deposed preacher, decided Wednesday night to end the litigation in Court of Chancery and the contention generally by turning over the edifice to the conference. This was declared to be the easiest way out of the difficulty, especially as a large majority of the members of the church have become affiliated with the Independent People's Church, of which Dr. Lightbourne is the head. The litigation for possession will, therefore, cease.

To Prevent Hog Cholera.

Dr. G. Allen Jarman, accompanied by Stee Vespermann Mackie and Dr. H. J. Shore, of the Bureau of Animal Industry, Washington, D. C., went to the farm of Mr. W. Irving Walker, in Queen Annes, at five o'clock yesterday morning to make a test experiment on Mr. Walker's hogs with immunizing serum, which has been used with success in the western part of the country for the prevention of hog cholera. Mr. Walker has recently lost twenty or more hogs from cholera, and has about fourteen others affected. The doctors took a quantity of serum and blood infected with hog cholera. They selected twelve shoats which have shown no sign of the disease. Nine of the twelve were given a quantity of the serum and virulent blood, and the other three were given the blood so as to infect them with cholera.

If the nine shoats which were given the serum and blood do not contract the cholera, and the three that were given the serum in preventing the disease. All the shoats will be kept separate but under exposed conditions, and the experiment will be watched with interest. Col. Albert Story furnished six of the twelve shoats. Dr. Shore, who has made considerable study of the disease, states that the serum has been with great success in the west, not more than one per cent. of all hogs treated ever having contracted the disease. In view of the fact that no cure has ever been found for hog cholera, if there can be found a sure preventative of the disease, it will mean the saving of thousands of dollars annually to the farmers of this State. The experiment at Mr. Walker's will be watched with interest. If the experiment proves successful the State has in view the manufacture of the serum for distribution among the farmers through the State Live Stock Sanitary Board.

Bank Dividends.

The directors of the Chestertown Bank of Maryland at their meeting on Tuesday declared a semi-annual dividend of 4 per cent. clear of taxes payable on after July 8th, \$2,105.28 was carried to undivided profits, and the net earnings for the past six months ending June 30th, were \$3,105.28.

The Kent County Savings Bank on Tuesday declared a semi-annual dividend of 4 per cent. clear of taxes and carried \$3,578.75 to the undivided profit account.

The directors of the Second National Bank at their meeting last Wednesday, declared the usual semi-annual dividend of 3 per cent.—\$1500.00. This bank now has a surplus of \$41,000, and net undivided profits of \$7,450.64, and no bad debts.
