#### LOCAL MATTERS.

**Important.**—Look for C. J. Conner's large sale of personality to be in next week's issue. Sale to be Wednesday, August 11. It is one of the largest sales to be held in the county during the year. All fine stock and implements.

**Applies for Benefit of Bankrupt Laws.**—Mr. Frank A. McCauley, a prominent merchant of Galena, has applied for the benefit of the bankruptcy law, through Wm. W. Beck, attorney. His liabilities are \$2,983 and assets \$925.

**Farm Sold.**—Mr. J. Waters Russell, real estate broker, has sold to Mr. John Crossby, of Queen Anne's the Jos. S. Clarke farm in Quaker Neck, tenanted by Mr. Anthony for \$5,000. This farm adjoins the lands of Mr. C. J. Reiche and Rev. A. H. Covey, and contains 150 acres.

**Asked to Decorate.**—The merchants and business men generally are asked to decorate their stores and offices during the meeting of the State Camp of the Patriotic Order Sons of America, Aug. 9 to 11. The flags and bunting may be secured from the local camp at a very nominal sum, and Chestertown should give this worthy organization a rousing welcome. Let all the merchants decorate and help bring the people here.

**Miss Jones Hurt.**—Miss Sallie Jones, a well-known and prominent lady living near Millington, was quite painfully hurt last Saturday. Miss Jones was standing between the wheels of a carriage talking with her brother, Mr. William Jones, when the horse, becoming restless, started up, throwing Miss Jones under its feet. While no bones were broken, Miss Jones' was seriously bruised, and has since been confined to her bed.

**Prof. Kendall Resigns.**—Owing to the condition of his health, Prof. Thos. J. Kendall, principal of Rock Hall High School, has been compelled to resign. The necessity for this action is much regretted by the patrons of the school and the friends of Prof. Kendall generally, as he had proven himself to be a very efficient teacher and the right man in the right place. Prof. Kendall will spend the summer in the mountains, and it is sincerely hoped that he will shortly be restored to health.

**Little Boy Hurt.**—Lee, the interesting little son of Mr. and Mrs. H. Stockton Startt, near town, met with a serious and painful accident on Monday. The little fellow fell on his back, breaking the little fellow on the wrist, cutting a deep gash and severing several of the tendons. Dr. Frank Smith was summoned and was compelled to take ten stitches in the wound. The little boy was put under an anaesthetic and since has been suffering considerable pain, though the wound is healing.

\*There is an excellent prospect for a fine yield of corn in the county under favorable conditions. Messrs. George Hatcherson, Wm. T. Nicholson, Joe Watson and Frank Leaverton, on the Jump farm, have beautiful fields.

\*Dr. Jarman is watching the test with immunizing serum and virulent blood upon Mr. W. Irving Walker's hogs, an account of which appeared last week. Two of the shoats which were given only the virulent blood have died, while those given both serum and blood have shown no signs of cholera as yet.

\*Mr. Harry Brice, who is visiting his parents on Washington avenue, had a narrow escape from serious injury on Saturday morning. Mr. Brice was gathering cherries from the top of a tree in Morgneec. He missed his footing, causing him to fall some distance through the limbs. Fortunately he extended his arms and caught or he would have fallen to the ground with possible serious injury. He escaped with a badly scratched arm.

#### Wheat Notes.

The following additional wheat yields have been reported this week:

Mr. Frank Skirven, on the Leaverton farm, got 28 bushels from one ground and 22 from another, and it graded No. 2.

Mr. Harry C. Willis 1,925 bushels from 110 acres.

Mr. George Hatcherson 15 bushels per acre.

Mr. Joseph Everett 19 1/2 bushels per acre.

Mr. Walter U. Lusby, on Tolchester farm, 16 1/2 bushels per acre.

Mr. Andrew Vansant was in Chestertown on Tuesday, and he stated that the farmers in his section around Chestertown are getting a good yield of wheat, the average being between 17 and 20 bushels per acre.

Mr. Wm. H. Bonwell got an average of 22 bushels per acre.

Mr. Frank Mason, on Register of Wills Morris' farm, got an average of over 22 bushels per acre, 1600 bushels from 72 acres.

Mr. Walter T. Morris got 17 bushels per acre on his home farm, and it is said that his yield will be fine on his Churn Creek farm.

Mr. George Hudson got 1200 bushels from 50 acres. One of his fields averaged 28 bushels. This is a fine crop for this year. Mr. Hudson was offered \$1.20 for his wheat this week.

Mr. Linwood Sutton, on the R. F. Parks farm, was another lucky farmer, getting an average of 24 bushels per acre. His wheat is in good condition.

Mr. Frank Crow, on Mrs. C. L. Dodd's farm, got 1600 bushels from 100 acres.

Mr. Joseph Watson, on the Skirven farm near town, got an average of 16 1/2 bushels per acre.

Mr. Thomas G. Wroth, on his farm tenanted by Mr. Walter Kendall, got 17 1/2 bushels per acre.

Wheat in Talbot county is turning out very poorly. It is reported that twelve bushels per acre is a good yield, while in many instances many of the farmers are getting only 4 and 5 bushels per acre. And under normal conditions there is no better wheat land in the State than in Talbot county.

Mr. Wm. T. Nicholson threshed 2317 bushels of wheat from 120 acres, an average of more than 19 bushels per acre.

Wheat reached the high water mark, \$1.29 in Chicago on Thursday. Many are predicting \$1.50 in less than 90 days and many of our farmers are disposed to hold their crops owing to the expected rise in the price.

Mr. Joseph Guest, who sold the "Miracle" wheat to a number of farmers in the county at \$1.25 per pound is hearing reports as to its yield, but is anxious to hear from others who grew the wheat this season. The wheat has made a wonderful yield in this county according to the following reports:

Mrs. A. M. Bryan, in Morgneec, got a yield of 90 pounds from 2 pounds of seed sown.

C. W. Reinhart, Fairlee, got 2 bushels from 4 pounds sown and Mr. Thomas Bryan from two pounds of seed got 200 pounds of wheat, a yield of 50 pounds for 1 pound sown.

Let us hear from others who sowed this wheat.

Mr. Joseph Trew, on the Thos. G. Wroth farm recently purchased by Mr. Jas. A. Lee, got a fine yield. He got 1178 bushels from 49 acres of fallow, an average of 23 1/2 bushels per acre, and 1680 bushels from 95 acres of corn ground, an average of 18 bushels. This is an average yield of 23 1/2 bushels per acre.

#### A Fine Entertainment.

The entertainment given in Stam's Hall last Tuesday evening under the direction of Mrs. Hope H. Barroll and Mr. E. H. Smith, of Yale University, for the benefit of the Ladies' Town Improvement Association, was a most pleasing one, and the various sketches, dances and drills were splendidly rendered. Most of the participants in the entertainment took part in Bi-bi, so successfully rendered in Stam's Hall some months ago, and their performance was equally as good. The extremely warm weather prevented a large attendance in the hall, and the fact prompted a reputation upon the beautiful lawn at Mrs. Barroll's home on yesterday evening. Nature's beautiful setting added charm and beauty to the rendition of the plays, all of which were enjoyed by a good attendance.

The proceeds of the entertainments will be for the improvement of the children's play grounds which the Association has in course of improvement. It may be well to state in this connection that the improvement now being made is not a part of the contemplated improvement by the Ladies' Association. That is on Mr. Barroll's private property and the expense of the improvement is being met by him. So many people have gotten the idea that this is a part of the Town Improvement plan, that it is but justice to Mr. and Mrs. Barroll to say that it is their own private affair and they are meeting the expense of the improvement which will not only greatly enhance the value of Mr. Barroll's property, but will add greatly to the value of all surrounding property.

#### RELIGIOUS MATTERS.

Chestertown M. E. Church, Rev. L. E. Barrett, D. D., pastor. Services next Sunday, July 18th, as follows: 10.30 A. M., preaching by the pastor; 2.15 P. M., Sabbath School; 6 P. M., Junior League; 6.45 P. M., vesper service; union meeting of Senior League and congregation; spirited singing and short address by the pastor. The public is invited to attend these services.

It was announced last Sunday that preaching would be dispensed with at the Millington M. E. Church until the weather becomes cooler. The Epworth League service will be held instead.

The heirs of the late John W. E. Sudler, of Sudlersville, have offered to present the property now occupied by Richard Seward to the Methodist Episcopal Church. The property adjoins the church and will make a splendid addition to the already handsome church property. The official board has accepted the donation and prepared suitable resolutions thanking the heirs for their generous act. Early next year the dwelling will be razed and outbuildings removed and the lot sowed in grass seed. Among the heirs are the widow, Miss Virginia and Messrs. Carroll and Chas. H., of Chicago, Mrs. S. S. Goodhand, Dr. A. E. Sudler, of Sudlersville, and the heirs of the late Morling Sudler, of Baltimore.

Christ M. P. Sunday School went to Queenstown on Wednesday on its annual picnic. There were 200 in the crowd, and everyone reports having had a delightful day. No rain and plenty of breeze.

Repairs to the Church Hill M. E. Church are rapidly nearing completion, and the church will be reopened for worship with appropriate services the first Sunday in August.

We regret to state that Mr. David Clements, one of the oldest and most highly esteemed residents of this county is quite sick. Mr. Clements sustained a fall last week, and owing to his advanced age, his condition is regarded as critical.
