VOL. XLIX—NO. 8. CHESTERTOWN, MARYLAND, SATURDAY, JULY 31, 1909. $1.00 PER ANNUM.

The Second National Bank

of Chestertown, Maryland,

SOLICITS THE BUSINESS AND ACCOUNTS OF FARMERS, BUSINESS MEN, IN FACT EVERYBODY.

Why Farmers Should Keep A Bank Account

Their bank deposit book affords them a complete record of their cash receipts, while the stubs of their check books are a perfect record of expenses and payments. Paying a laborer, a store account or any other bill with a bank check is much safer than with money; because you avoid the risk of handling the actual cash, and the endorsed check returned by the bank is the best kind of a receipt. Farmers, try the experiment for one year of keeping a Bank Account, and see if it does not pay you. A large number of the best farmers have accounts with us, now—we want EVERY FARMER TO HAVE ONE. We pay 3 per cent. on all Savings Accounts.

Very respectfully,

The Second National Bank,

CHESTERTOWN, MD.

THE TIME HAS COME.

We've had many inquiries when our CLEARANCE SALE would begin. We want to tell you—the time has come. Our sales start to-day, and in it are included some of the greatest bargains you've ever had offered you. The smaller MERCHANT might do well to pick up some of the things which we bought in bulk, and are closing cheaper than he could get them wholesale in small quantities.

PLOW SHARES!

NOW is the time to look up all your old "SHARES" and bring them in and have ground. Our best farmers say they do as good work as new ones, and some say they even work better. We only charge 10c each for all sizes.

DEARBORN TALK!

The time is near at hand when you will begin to think of that NEW DEARBORN.

We are better prepared this year than ever before to supply your wants along this line. We have bought material in larger quantities and have spent more to finish our work than heretofore.

Ours is strictly a hand-made Dearborn, and is not to be compared with the factory-made work that is sold at the same prices. Come see our work and let us show you before you buy.

TO WATER TAKERS.

In order that the citizens of Chestertown may have nothing but pure water, upon the advice of the Health authorities the lower pool has been cut off. This action reduces the water supply over 30,000 gallons per day, and has caused the discontinuance of the sprinkler. It is therefore earnestly requested of all water takers not to allow hydrants or spigots to run any more than necessary and to be as economical as possible in the use of water. It is absolutely necessary that this notice be observed, otherwise there may be a dearth of water, and no one wishes such a condition. The analysis of the present supply was perfectly satisfactofy.

Very respectfully,
JEFFERSON D. BACCHUS, Pres't.
jy31-3t. Chestertown Water Department.
