The Chestertown Transcript.

VOL. XLIX—NO. 11. CHESTERTOWN, MARYLAND, SATURDAY, AUGUST 21, 1909. $1.00 PER ANNUM.

The Second National Bank

of Chestertown, Maryland,

SOLICITS THE BUSINESS AND ACCOUNTS OF FARMERS, BUSINESS MEN, IN FACT EVERYBODY.

Why Farmers Should Keep A Bank Account

Their bank deposit book affords them a complete record of their cash receipts, while the stubs of their check books are a perfect record of expenses and payments. Paying a laborer, a store account or any other bill with a bank check is much safer than with money; because you avoid the risk of handling the actual cash, and the endorsed check returned by the bank is the best kind of a receipt. Farmers, try the experiment for one year of keeping a Bank Account, and see if it does not pay you. A large number of the best farmers have accounts with us, now—we want EVERY FARMER TO HAVE ONE. We pay 3 per cent. on all Savings Accounts.

Very respectfully,

The Second National Bank,

CHESTERTOWN, MD.

CROSS STREET.

PLOW SHARES!

NOW is the time to look up all your old "SHARES" and bring them in and have ground. Our best farmers say they do as good work as new ones, and some say they even work better. We only charge 10c each for all sizes.

DEARBORN TALK!

The time is near at hand when you will begin to think of that NEW DEARBORN.

We are better prepared this year than ever before to supply your wants along this line. We have bought material in larger quantities and have spent more to finish our work than heretofore.

Ours is strictly a hand-made Dearborn, and is not to be compared with the factory-made work that is sold at the same prices. Come see our work and let us show you before you buy.

We solicit your patronage,

The Drinking Water.

The condition of the town's drinking water has materially improved during the past week, as has also the supply. The pool which was ordered closed by the State Health officers, has been thoroughly cleaned, all leaks have been stopped, and the health officers have taken and anlyzed samples of the water which has collected in the pool, and it is pronounced by them good. All the pools are now in use at the pump house, and though we would advise boiling the water longer, there is no danger of contracting fever from the water supply. The fever which has caused such a stir among the people, both in the town and in Baltimore city, has abated, and if any of our city cousins desire to visit Chestertown, they will not only receive a cordial welcome, we are sure, but may come without any fear of contracting a disease which they are just as likely to contract by remaining in the cities.
