WESTON, Ocean-to-Ocean Walker.
 Said recently: "When you feel down and out, feel there is no use living, just take your bad thoughts with you and walk them off. Before you have walked a mile things will look rosy. Just try it." Have you noticed the increase in walking of late in every community? Many attribute it to the comforts which Allan's Foot-Ease, the anti-septic powder to be shaken in the shoes, gives to the millions now using it. As Weston has said, "It has real merit."

A STAGE VILLAIN.

His Reputation Clung to Him Outside the Theater.

An actor in a small company was unable one night to get accommodation at the only hotel in an English town, it is said, because its proprietor, a remarkably slow going person for such a place, recognized him as the villain in the melodrama who had stolen a cash box, set fire to a house killed a detective, damaged a race horse and betrayed the hero's sister.

But something like this really did happen to George Scott, manager of the Alhambra in London. In his younger days Mr. Scott was a stage villain in the melodrama, and one of his favorite parts was that of the wicked Levison in "East Lynne."

After playing the character a few nights in Blackpool he had occasion for wishing to change his lodgings and, knocking at the door of a house in the next street, was greeted by the good lady who opened it with a shriek and the subsequent exclamation: "What! It's Levison, the dirty villain. Ye can't ave rooms in my house! Get out or I'll call the police!"—London M. A. P.

Steel Pen Helps Forgers.

The crime of forgery has been facilitated and increased by the modern introduction of metallic pens, gold and steel, says a writer in the Indianapolis News. The old fashioned quill pen was smooth and pleasant to write with, though it sometimes balked and spluttered, but it did not lend itself to skillful imitations as easily as the metallic pen does. The crime of forgery doubtless has been promoted by the almost universal education of modern times. In an age when everybody writes and when many are skillful penmen forgeries are much more frequent than they were centuries ago, when the person who could handle a pen was an exception. Many modern criminals make a living by committing forgeries, victimizing hotels, banks, capitalists and business men generally.

Domestic Economy.

"Hey, mon," exclaimed the brawny north countryman, "thrift is a wunnerful thing!"
 "Yes," replied his English traveling companion. "You're right there. Now, I gave my wife a ten pound note to manage on last time I was away, and—would you believe it?—instead of exceeding it she saved nearly a sovereign out of it to buy herself a hat!"
 "That's nowt," replied the Scotsman. "My wife gives the kids ha'pennies apiece to go to bed supperless; when they're asleep she takes 'em away, and mines off on 'em again, and then she makes 'em do without any breakfasts for losin' 'em! Hey, mon, that's thrift!"—London Scraps.

The Mendicant.

There are those who ascribe the word "mendicant" to the silly appellation put forth as a conundrum, meaning a poor wretch beyond the power of mending. But something very close to the term was in use as long ago as when Chaucer wrote his "Canterbury Tales." In the "Somponoure's Tale" this occurs:
 Therefore we "mendicants," we self frenes, Ben wedded to povertie and continence, To charitee, humblesse and gubtnesce, etc.
 The "somponoure" of Chaucer was, of course, a summoner, or apparitor, and a person of low estate, and here we have, it is believed, the origin of the word, which came into common employment later.
