Farmers and Users of Fertilizers

During 1907 we increased our sales and in 1908 we had quite an increase over 1907, and in January, 1909, we incorporated as the PEERLESS FERTILIZER COMPANY, and our spring sales this year show an increase of nearly 300 tons over last spring which not only included our old customers but many new ones. This we state not boastfully, but gladly.

In the new customers that came to us were through the recommendations of those who had used our fertilizers for years, and we also sold largely to those who began buying of us from 10 to 35 years ago when we began business and who are still our satisfied patrons and say they expect to continue to deal with us as long as we manufacture the class of goods we do.

Such conditions involve much more than price, mere reputation or salesmanship. Selling year after year to a man and through that man selling others is decidedly a different story than selling him once or possibly twice. Anyone can do the latter.

WE MAKE EACH TON OF FERTILIZER THE BEST WE KNOW HOW. We know how now better than we knew ten years ago and expect to know still better ten years hence, if careful study and testing bring improvement in the future as in the past, and at the lowest possible cost for such service is the way we expect to secure and hold your orders.

May we show you with the very next bill of fertilizers you buy.

Summer work and Summer weather deplete the vitality of your horses. The regular use of Fairfield's Blood Tonic for Horses Only restores lost vitality and imparts increased vigor by removing impurities from the blood and toning up the digestion.

Thousands of dollars worth of feed are wasted yearly by the imperfect digestion of foodstuffs by our domestic animals. Food that is not digested is a total loss and is a menace to the health of the animal. The animal's Blood Tonic perfects digestion and purifies the blood, thus saving feed and fortifying the animal against disease. A separate preparation is compounded for each kind of animal.

There's a Gold Mine in your poultry-yard, and the regular use of Fairfield's Blood Tonic and Egg Producer for Poultry Only will develop it for you. By acting on the digestive organs and purifying the blood, Fairfield's Egg Producer makes fowls healthy and productive.

Fairfield's Blood Tonic for Hogs Only is specially compounded for that animal and is a positive regulator of the digestion and purifier of the blood. It prevents Cholera and all diseases to which swine are subject.

Pure blood is the secret of perfect health. Fairfield's Blood Tonic and Milk Producer for Cattle Only acts directly upon the complicated digestive system of animals that chew the cud, purifying the blood by perfecting digestion.

When you use Fairfield's Blood Tonic and Regulator for Horses Only you use a Conditioner that produces results, because it is specially compounded for the horse and the horse alone. It is a personal prescription for that animal that acts directly upon the digestive organs, purifying the blood and increasing vitality and vigor.

Protect the greatest American industry by the regular use of Fairfield's Blood Tonic and Egg Producer for Poultry Only. They increase the value and productiveness by purifying the blood and protecting them from diseases common to fowl.

It takes strength and vitality to digest food. The harder your horse's food to digest, the less strength and vitality he will have for other work. Make his food easy to digest by the regular use of Fairfield's Blood Tonic for Horses Only.

Sold by Davis & Satterfield, Chestertown, Abe Cohen, Sandy Bottom, Hague & Hackett, Still Pond, J. W. Ivens, Worton, W. E. B. Faithful, Church Hill, Paul Comings, Millington, Adam F. Huey, Massey, Thos. Trew, Lankford, Joseph Downey, Rock Hall, T. B. Kilbourn, Fairlee.
