SIGNS OF PAINTING
 Painter's scaffolds and all the other signs of painting-time are sometimes considered a nuisance, but afterwards—the spick-and-spanness, the feeling of new life and cleanliness—it's worth while after all.

Let us furnish the paint materials. You can rely on what we say. When we say our white lead is pure, we mean it. It's

(Dutch Boy Painter on the side of the keg.) Test it you wish. What more can you ask? We're always ready to talk paint. Come in.
