+ + TO THE + +
Farmers and Users of Fertilizers

During 1907 we increased our sales and in 1908 we had quite an increase over 1907, and in January, 1909, we incorporated as the **PEERLESS FERTILIZER COMPANY**, and our spring sales this year show an increase of nearly 300 tons over last spring which not only included our old customers but many new ones. This we state not boastfully, but gladly.

In the new customers that came to us were through the recommendations of those who had used our fertilizers for years, and we also sold largely to those who began buying of us from 10 to 35 years ago when we began business and who are still our satisfied patrons and say they expect to continue to deal with us as long as we manufacture the class of goods we do.

Such conditions involve much more than price, mere reputation or salesmanship. Selling year after year to a man and through that man selling others is decidedly a different story than selling him once or possibly twice. Anyone can do the latter.

WE MAKE EACH TON OF FERTILIZER THE BEST WE KNOW HOW. We know how now better than we knew ten years ago and expect to know still better ten years hence, if careful study and testing bring improvement in the future as in the past, and at the lowest possible cost for such service is the way we expect to secure and hold your orders.

May we show you with the very next bill of fertilizers you buy.

ABOUT YOUR FRIENDS.

Mr. Reese Little, of Baltimore, spent Sunday with his parents, Rev. Dr. and Mrs. F. T. Little at the M. P. parsonage. Hon. Joseph A. Wickes has been the guest of his daughter, Mrs. Dr. Wilkins, in Portsmouth, Va.

Miss Nellie McWhorter returned to the home of her brother, Mr. Robt. J. McWhorter, on Saturday evening from Baltimore where she went for special treatment to her foot. Miss McWhorter underwent a slight operation upon the injured foot, and she will soon be able to use it without pain. She reports her father, who was successfully operated upon last Friday, as doing well. It is sincerely hoped by his many friends here that Mr. McWhorter will be restored to good health.

Mr. William Maslin returned home from the mountains of Western Maryland on Friday last very much improved in health.

We regret to state that Mrs. Chester Bamberger is quite sick with typhoid fever. Mr. Bamberger's entire family has been afflicted with the disease, and Mrs. Bamberger's illness is especially pathetic as she is the mother of a two weeks' old babe.

Miss Josephine Hicks, who learned the millinery art in H. F. Jefferson's big store under Miss Kate Wheatley, has a lucrative position for the fall and winter in the south.

Mr. Charles B. Dodd, who is employed in a large printing establishment in Cincinnati, Ohio, is visiting his mother, Mrs. Mamie Dodd. It is Mr. Dodd's first visit East for three years and his many friends were glad to see him.

Mrs. William Faulkner, mother of Mrs. Washington Woodall was taken to Baltimore last week for special treatment and for a surgical operation.

Miss Marguerite Skipper has entered the Maryland Institute, Baltimore, for a course in art.

Miss Phebe Maul has been the guest of friends in Baltimore during the past week.

We are glad to state that Mr. Milbourne, the efficient clerk in Mr. C. C. Jones' big shoe store, who had been ill with fever, has resumed his duties at the store.

Mrs. Rolph Stevens and children, of Dover, are guests of Mr. Larry Reese and family, in Morgantown.

Mr. Walter Hill, of Balto., spent Sunday with his parents near Kennedyville. Messrs. Randolph Wadell and Edward Blackway visited their parents over Sunday.

Dr. H. Childs Hughes, dentist, has been quite sick during the week. He has been unable to attend to his large practice for several days.

Miss Della Chance, of near Church Hill, is visiting her aunt, Mrs. William Stafford, on Queen street. We are very glad to state that Mrs. Stafford, who has been ill with typhoid fever, is convalescing.

Miss Sadie Copes, of Baltimore, has been visiting Mr. and Mrs. J. B. McIntire.

Miss Mary Miller has resumed her studies at the Maryland Institute, Baltimore.

Miss Kate Crew, one of the efficient managers of the Hotel Rigbie, Betterton, has returned from a pleasant vacation of ten days spent in Baltimore, Washington and elsewhere.

Mrs. George Snitcher, niece, Miss Branning, and little granddaughter, were the guests of Sudlersville friends last week.

Mr. Houston Toulson will take a course in medicine and has resigned his position in a large bank in New York City.

Miss Dudley, of Baltimore, is visiting Mrs. Claude Parks, on Queen street.

Mrs. R. F. Parks has been visiting relatives and friends in Philadelphia, during the past week.

Miss Clara Ahern, of Millington, was the guest of her sister, Mrs. David B. Ford, a few days this week.

Dr. and Mrs. W. O. Selby entertained the St. Paul's Sewing Circle at their hospitable home, near Edesville, on Thursday evening, of last week.

Mr. Charles Nicholson, son of Mr. Robt. G. Nicholson, was operated upon for a slight growth on his chest at a Baltimore hospital, on Tuesday. He is doing very well and will be able to return home shortly.

Miss Eva Hurllock has been in Baltimore during the week for special treatment.

Miss Nellie Massey, of Philadelphia, is the guest of relatives and friends here.

Worton Items.

Miss Ida Wood, of near Still Pond, spent a few days the guest of her sister, Mrs. Geo. N. Cooper.

Mrs. Geo. Sutton, daughter and Mrs. Harry Williams, spent last Thursday with Mrs. Percy Hendrickson, on Tolchester farm.

We are glad to state Miss Eunice Cooper, who has been quite sick, is much improved at this writing.

Mrs. A. M. Startt spent Tuesday with friends in Chestertown.

Miss Pearl Dodson spent Monday with her sister, Miss Edith Dodson, near town.

Mr. and Mrs. Edw. Stouffer and children spent Sunday at the home of her mother, Mrs. James P. Sutton, in Betterton.

Mrs. Mattie Thomas and friend spent Friday with friends, near Still Pond.

Changes of season affect cattle because their digestive organs have to become accustomed to the change of diet. This causes milk production to decrease. Forced feeding makes matters worse. Fairfield's Milk Producer fed regularly will prevent all these troubles and keep up production.

Don't blame the hen when she doesn't lay. She can't manufacture eggs unless you supply her with the material. Get busy now and begin feeding her Fairfield's Egg Producer regularly and see how quickly she gets down to business.

The Four Stomachs of the Cow will surely not respond to the elements intended to act out upon the One Stomach of the Horse. That is why there is a Separate Fairfield's Blood Tonic for each of these animals. Also separate Tonics for Poultry and for Hogs. (Ask for Fairfield's Free Stock Book.)

"Lung Fever," the Veterinary said. A Post Mortem proved it to be Worms. This happens in thousands of cases every year, all over the country. But Horses that are regularly fed Fairfield's Blood Tonic for Horses Only, never have Worms and never get Lung Fever.

Thirty-five per cent. of an egg is composed of mineral elements. The hen's regular food seldom contains these in the proper proportions. Fairfield's Egg Producer contains every element in the right proportions and proper combinations, and in a form easily assimilated.

Hog raisers in many sections of the United States have completely driven Hog Cholera from the community by the regular use of Fairfield's Blood Tonic for Hogs Only. Fairfield's Hog Tonic makes the blood pure and drives disease from the system.

Feed will be high this Fall. All undigested food is wasted. Save money and increase your horse's health by the regular feeding of Fairfield's Blood Tonic for Horses Only. It perfects digestion, so that all the nutriment is secured from the food.

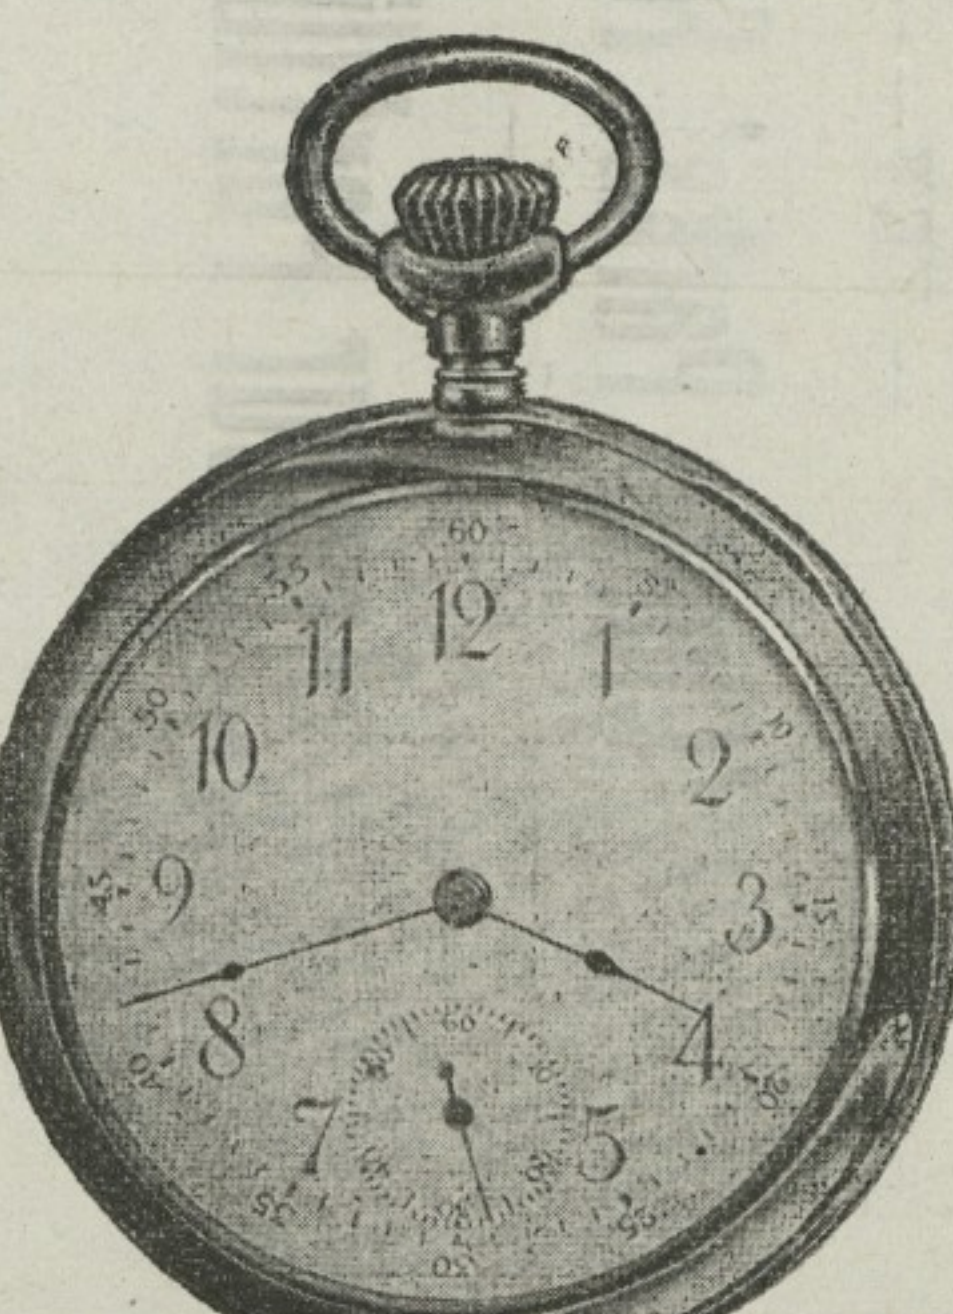

Make large profits now. The price of eggs is rising. Fairfield's Egg Producer is guaranteed to increase the egg output by perfecting the hen's digestion, keeping her in health, thus hastening the development of her eggs. (Ask for Fairfield's Free Book.)
