Come to the Store

When a man comes to the store to buy his paint, he needs impartial, intelligent and friendly advice. A wrong selection of material is often a serious mistake, and a mistake in paint lasts a good while. We make it our business to know as much as possible about the goods we sell, and our customers are welcome to the benefit of this information. Perhaps we can give you some useful hints about color and decoration, as well as some general knowledge on the subject of paint. Our staple stock includes

LEWIS PURE WHITE LEAD

guaranteed by the well-known

DUTCH BOY PAINTER TRADE MARK

It is worth your while to talk it over with us before you buy.

OBJECTS AND PRINCIPLES

OF THE

Jr. O. U. A. M.

FIRST—To maintain and promote the interests of Americans and shield them from the depressing effects of unrestricted immigration; to assist them in obtaining employment and to encourage them in business.

SECOND—To provide for the creation of a fund or funds for the payment of benefits in case of sickness, disability or death of its members, to members, their legal dependents or representatives, and to issue certificates of membership for the same.

THIRD—To uphold the American Public School System, to prevent interference therewith, and to encourage the reading of the Holy Bible in the schools thereof.

FOURTH—To promote and maintain a National Orphans' Home.

We recognize the landing upon our shores of the ignorant, the vicious and the lawless of the Old World as a constant menace to our institutions, and believe that it should be viewed with alarm by the loyal and patriotic citizens of the country.

We would place a flag upon and a Bible within every Public School-house of our land, that all might learn these to be a beacon light in every storm which may threaten our destruction.

FAIRFIELD FED

FOWLS FEEL FINE

If the Egg Sac of a Hen is not supplied with pure, rich blood, the Embryonic eggs it contains cannot develop properly. Fairfield's Blood Tonic and Egg Producer purifies the blood and furnishes it with the materials from which eggs are made.

Cows coming off pasture will fail off milk production unless they are fed Fairfield's Milk Producer regularly. It supplies them with the elements they have been getting from the juicy grasses all Summer, and puts them in trim for Fall and Winter milk production.

You have been experimenting with the old-fashioned "Cure-all" Conditioner powder long enough. It's time you were using the Modern, sensible and Scientific kind, Fairfield Blood Tonic. A separate, and Different, Conditioner for each kind of animal. (Ask for Fairfield's Free Book).

Your horses have worked hard this past Summer. Their blood is filled with worn-out Cells and waste material. Build them up; perfect their digestion and purify their blood by the regular use of Fairfield's Blood Tonic and Regulator for Horses Only.

The Egg Factory on your farm will work full time if you feed your hens Fairfield's Egg Producer regularly. It provides them with egg-making materials and makes egg production regular and exceedingly profitable. Costs but a trifle. (Ask for Fairfield's Free Book).

Hog Cholera, Catarrh and all diseases of Swine are prevented by the regular use of Fairfield's Blood Tonic for Hogs Only. It fills the Arteries with pure blood, increases the functional activity of every organ and keeps the bowels in perfect order.

Forced feeding for egg production either causes indigestion or produces too much fat. In either case egg production is hindered. Fairfield's Egg Producer increases egg production in Nature's way by providing the hen with the elements of which eggs are composed.

Dairymen in this section attribute their increased profits this year to their regular use of Fairfield's Blood Tonic and Milk Producer for Cattle Only. They have proven that it saves feed, increases and enriches the milk supply and keeps cattle healthy.
